My Dear Friends:

As I come to the last week of my regular service with you as Director of Education and Music, from the depths of our hearts, my family and I wish to express our appreciation and deep gratitude to Dr. Wall, pastor, and to our Church and congregation for the innumerable kindnesses, fine fellowship, loyalty, cooperation, many considerations and love which you have shown to us during these many years together. I say regular service, because we will still live here, keep our memberships here and serve just as much as we possibly can. We have never known a finer friend and pastor than Dr. Wall or a lovelier people or a nicer town in our lives.

The primary and principal passion and purpose of my heart has been to do the will of God. That is why I have accepted work in this other field. These have been glad, glorious, golden years, years of beauty and blessing. To God be all honor and majesty through Jesus Christ our Lord.

What the future holds for any of us, none can tell, except that the same loving divine hand which has held the past, also holds our coming days. And in that confident faith and trust we will put our little human hands into His great divine hand and walk with Him wherever He leads.

Horace Eason.
