

EXECUTIVE MANSION
RALEIGH, NORTH CAROLINA

Saturday
night

my dear Miss Kause & Madge, we
are all settled down to night,
and I am getting off a
few more letters.

We have been "busy bees"
this week, but we have a
lot to show for it.

As you know, I am occupying
Fay's old room, and it looks
so pretty and I have my
things spread out in all
the places. Some of the places
have very little in them
but the space is grand.

many of the things are placed
back as Fay had them,
and we think it looks
fine.

Fay's advice and help have
been invaluable. Every
now & then something comes
up to tell me about how
"Miss Fay" did.

The people have been lovely
and we have had many
callers notwithstanding
the rain.

We manage to get to the
legislature every now and
then, as well as the picture
show.

We are going to Washing-
ton Tuesday and will

see Max & Fay.

So many people ask about you both
wherever we go.

Write to me when you can madge,
I am always glad to hear from
you both,

Truly Yours,

Does -
Thank Anne Webb for The Life he
let Charles have.

My dear Mrs. Webb:

You cannot imagine how much Bess and I appreciate the telegram which you and Madge sent on Inauguration day. We were so pleased to have it and it was so gracious and thoughtful of both of you to send it. We are missing our Shelby friends much and hope to have the opportunity of seeing you all before a great while.

With good wishes always, I am,

Yours very truly,
