Dear Mr. Blair:

Your letter to Mrs. Plybon has been referred to me for reply. The Dixon Manuscript is no longer among the Dixon books and papers which the Dixon family placed in our library for safe and permanent keeping. Mrs. Dixon requested that it be returned to her and we have obliged. This manuscript was the first writing and was a carbon copy for the most part. So far as we know much of the material has probably been used in his published books. However, the autobiography as such has not been published.

Sincerely yours,

W. Lawson Allen
Acting President
