Doctor Phil Elliott, President  
Gardner-Webb College  
Boiling Springs, North Carolina

Dear Phil:

To carry out my New Year's resolution of non-procrastination for 1958, I am starting out by enclosing some sketches for you.

In analyzing the proposed Administration, Class Room and Science Building, we found that it sort of naturally divided itself into three units. Then, too, we felt that it should be right prominent and this scheme gave us an opportunity to emphasize the Administration building with the two wings being more or less secondary.

We believe the building should be built for around \$250,000.00 which would not include any equipment.

Anyway, how about going over these sketches with your group, and giving us your reaction. After you have sort of digested them I will be delighted to come down and go over them with you.

With all good wishes for a very happy and successful 1958, we are

Cordially,
