Dear friend,

Your Planning and Building Committee instructed me to send to each of you a copy of the floor plans and the artist's concept of the interior of our sanctuary in order that you may be thoroughly familiar with these plans prior to the meeting on this Sunday morning at ten-fifteen. (Attend your Sunday School class at nine-forty, then come to the sanctuary.) Much time and thought has gone into this design and your committee feels that this is the maximum possible usage of the space available. Of course, lines on paper do not really tell the whole story, so a more full explanation will be given Sunday as to the size of the spaces indicated and their possible usages.

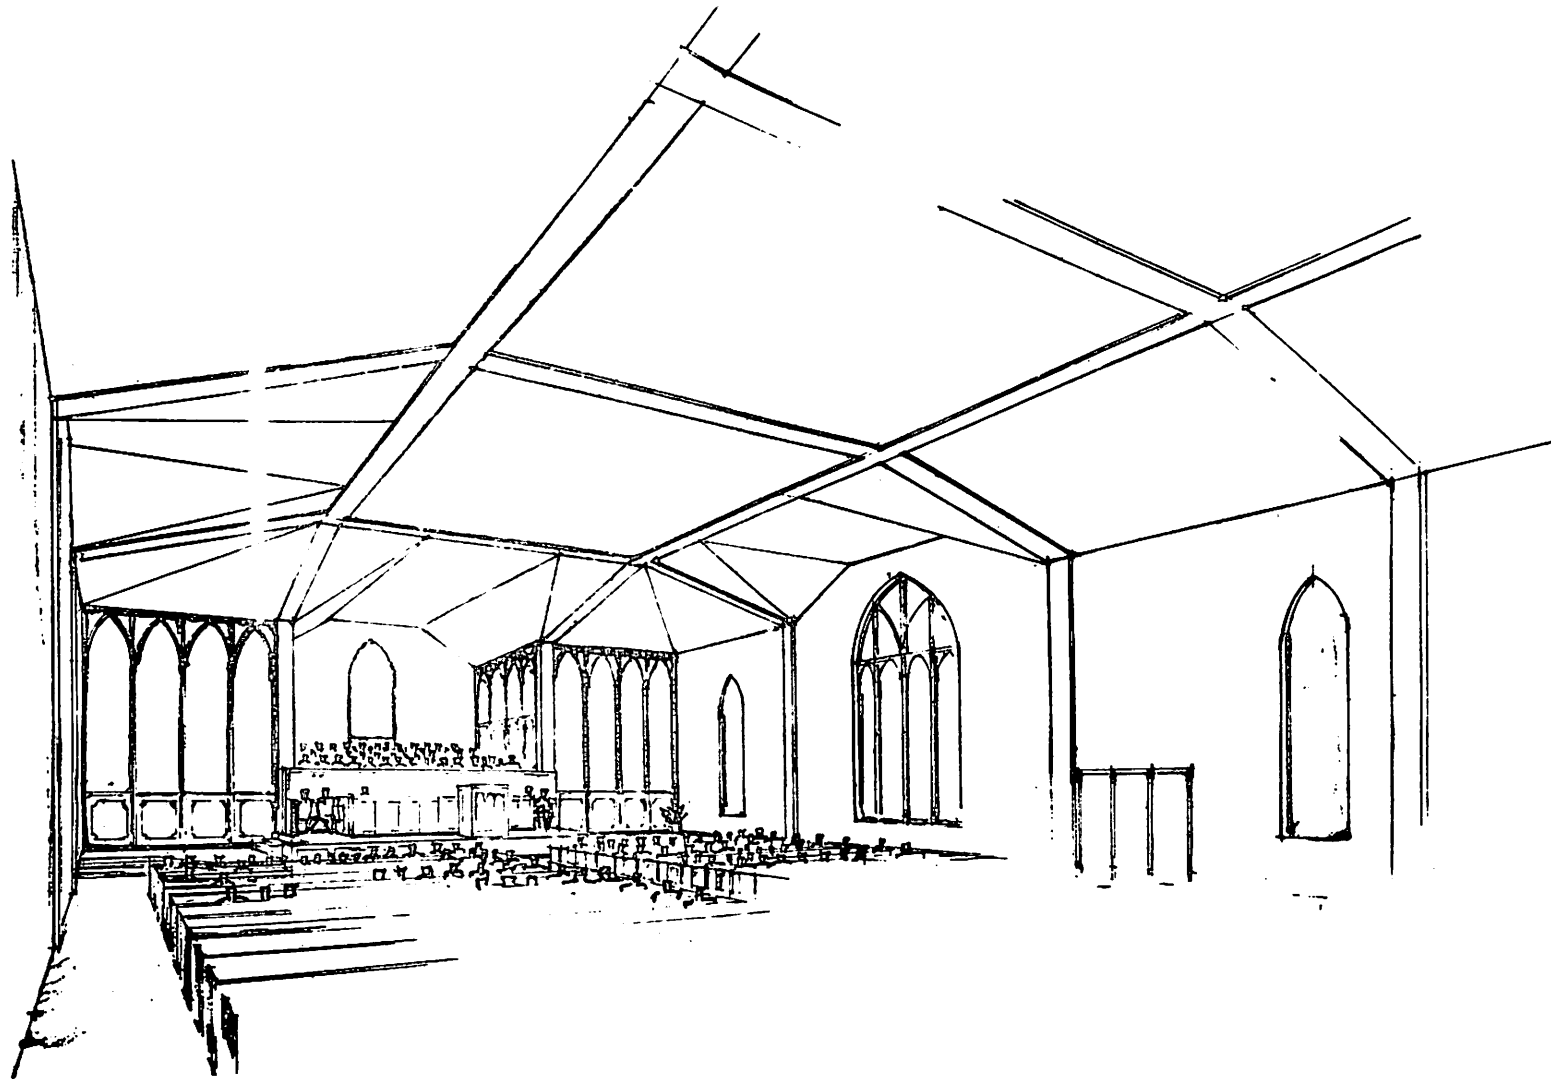

It is exciting to be a part of the First Baptist Church in these days as we endeavor to enlarge our facilities that in turn our ministries to the youth and community may be enlarged. These things are possible because of your dedication and will be achieved in a relatively short period through your prayers and generosity.

Consider the enclosed information carefully and prayerfully and then be present on Sunday morning both to receive the more full explanation and to cast your vote.

Sincerely yours,

Gene L. Watterson
