# INTRODUCTION TO GARDNER-WEBB

Gardner-Webb University is a confessional, residential, church-related university on a beautiful campus just outside Shelby in Boiling Springs, North Carolina. The University derives its name from O. Max Gardner, distinguished governor of North Carolina in the 1930s, and his wife, Fay Webb Gardner. The beauty of the campus and the quality of the academic program owe much to their example and leadership.

## LOCATION

Gardner-Webb University is located in the Piedmont section of western North Carolina, one of the most desirable and rapidly developing areas of our nation. Boiling Springs is a small rural town. Nearby Shelby, a city of 25,000, is noted for its support of the arts and as the home of state and national leaders. Forty-five miles east of Gardner-Webb is the thriving city of Charlotte, the largest city in the Carolinas. Less than one hour away to the south is the city of Spartanburg, South Carolina.

Gardner-Webb is easily accessible, being located only three miles from U.S. 74 and thirteen miles from Interstate 85. Less than one hour from campus are the Smoky Mountains with many recreational opportunities. Gardner-Webb University enjoys the lifestyle of a relatively small institution yet has the advantage of being centrally located to major urban centers in nearby areas.

## STUDENTS

Gardner-Webb University, founded by Baptists in 1905, has grown steadily to its current enrollment of over 3,500 students. The 2,500 undergraduates come from more than 50 foreign countries. Slightly less than half of the students are men, and the student body includes several racial and socioeconomic groups. The first graduate schools enroll over 1,000 students. Gardner-Webb University admits students of any race, color, sex, and national or ethnic origin without discrimination. This diversity enriches the life of the campus community and reflects the nature of American society.

## PROGRAMS

Gardner-Webb University is committed to the liberal arts as the best preparation students can have for rewarding, meaningful lives. In addition, the University offers programs in career-oriented fields to prepare students for specialized work. All of the programs at Gardner-Webb are evaluated periodically by accrediting agencies to insure that standards of quality are maintained.

Gardner-Webb provides three distinct academic programs: the on-campus program, the Greater Opportunities for the Adult Learner Program (evening classes taught in a number of locations for graduates of two-year colleges), and Graduate Programs.

Gardner-Webb University has a Graduate School (offering M.A., M.S., Ed.S., and Ed.D. degrees in a variety of areas), a graduate School of Divinity (offering the M.Div. and D.Min. degrees), and a graduate School of Business (offering the M.B.A., I.M.B.A. and M.Acc. degrees). For additional information on the on-campus undergraduate and CCAL programs, see the bulletin for each program.

Complementing the academic program at Gardner-Webb University is a broad range of student life programs and activities designed to enable students to develop their personal identities, and to create lifetime friendships.

## FACULTY

Gardner-Webb University is blessed with a dedicated staff and an excellent faculty, seventy-five percent of whom hold doctorates. The primary concern of the faculty is teaching. The faculty have been chosen because of their academic preparation, their Christian commitment, and their desire for excellence in teaching. Many of Gardner-Webb's faculty have blessed the University with long years of service. The faculty is large enough to provide well-rounded academic programs. Yet a major strength of Gardner-Webb is that the University has remained small enough so that the relationship between faculty and students is friendly, informal and lasting. The faculty/student ratio is 1:14.

## ACADEMIC CALENDAR

The University's academic year is divided into two semesters and a summer school. The fall semester is a four-month term, ending prior to Christmas holidays. Following the four-month spring semester is a comprehensive summer school of two terms of five weeks each for the Graduate School and Graduate School of Business. The School of Divinity has three sessions: one six-week session, one three-week session, and one ten-week session. Evening classes both on-campus and at various off-campus locations are offered throughout the year.

The calendar is designed to meet the needs of full-time students with day and evening schedules, part-time students, and members of the communities in which classes are taught who desire further educational work.

The University offers workshops and seminars on a variety of topics and for a variety of groups throughout the year.

## HISTORY

Gardner-Webb University has experienced remarkable growth, perseverance, and maturity. The institution began as a boarding high school and later became a junior college. Today Gardner-Webb is a thriving regional university with growing master's and doctor's programs.

From a movement initiated by the Kings Mountain Baptist Association in 1903, and later joined by the Sandy Run Baptist Association, the Bowling Springs High School was chartered on December 2, 1905, as an institution "where the young...could have the best possible educational advantages under distinctive Christian influence." This close relationship of the institution to the area churches continues today.

In response to the changing educational needs of the area the institution was transformed into the Bowling Springs Junior College in 1928. The Great Depression created many problems for the College, but its survival was secured by the sacrifices of many loyal supporters.

In 1942, Governor C. Max Gardner began devoting his energy, time, and wealth to strengthening and guiding the College. So important was his influence that the name of the institution was changed to Gardner-Webb College in honor of the governor, his wife Fay Webb Gardner, and their families.

The decades following World War II were years of physical growth and academic development. New buildings were up as enrollments increased. A major step in the institution's development was its full accreditation as a senior college in 1971. In

1980 the institution began offering a master of arts degree in education.

The institution officially became known as Gardner-Webb University in January 1993, celebrating years of preparation. Today Gardner-Webb is a thriving regional university which offers eight distinct degree programs, has a highly qualified faculty and a beautiful campus of over 200 acres.

Historically the University has played significant roles in teacher education and ministerial preparation for church-related vocations. Programs of instruction and experiences designed to prepare teachers and ministers continue to be major objectives of the University.

Although there have been many changes over the years, Gardner-Webb University remains closely related to the Baptist State Convention of North Carolina. The University holds in high esteem its commitment to Christian principles and values as the best foundation for the development of human personality and social order.

# ACADEMIC INFORMATION

The general Academic Information in this section applies to each of the graduate schools of the University: the Graduate School, the Graduate School of Business, and the M. Christopher Whittle School of Divinity. See the section on each school for academic information specific to that program.

## COURSE REGISTRATION

Registration includes academic advising, selection of courses, and payment of fees. During preregistration, students should consult with their academic advisors on course selection and other degree requirements. However, it is the responsibility of the student, not the academic adviser, to ensure that all University graduation requirements are met.

Students will not receive credit for any course for which registration has not been completed. Unless students and their advisors consider it essential, they should not change the schedule after registration.

## LATE REGISTRATION

Students must register according to the information given at preregistration. Continuing students who register after the published wait-in deadline must pay a \$50 late registration fee. Students may register for a course after the first class meeting only with the prior approval of the professor and the dean or program director.

## DROPPING, ADDING, AND CHANGING COURSES

Changes in a student's schedule may be made by telephoning the Registrar's Office. The Dean or Director, the Financial Planning Office, the Business Office, and the adviser are notified of the change. A fee will be charged unless the change is requested by the administration.

When a student officially withdraws from a course, a grade of "W" (withdraw) is recorded during the first four weeks of the fall and spring semesters, or during the first week of a summer term. After this period a "WF" (withdraw failing) or "WP" (withdraw passing) is assigned by the professor based upon an assessment of the student's work to date in the course. No hours attempted are recorded for "W" and "WP" grades.

The last day for dropping an individual course is four weeks after midterms or a date not to exceed 75% of the course. The specific date is established each semester by the Registrar and published in registration materials mailed out by each graduate school. After this time the only courses which will be dropped are those which a student drops when withdrawing from school.

## ACADEMIC ADVISING

Each student admitted to graduate study is assigned a faculty adviser who assists the student in developing a program of study. Advisement sessions are scheduled each semester for all graduate students. It is the student's responsibility to meet with the adviser at the scheduled session or to make arrangements for an alternative meeting time. An appropriate schedule of courses leading to uninterrupted study and completion of all requirements is ensured fully accepted students who remain continuously enrolled. Course scheduling, however, may prevent acceleration of the completion of degree requirements. Other schedule options are available.

## COURSE AND SCHEDULE CHANGES

The University reserves the right to cancel or discontinue any course because of small enrollment or for other reasons deemed necessary. In order to assure quality instruction, the University reserves the right to close registration when the maximum enrollment has been reached and to make changes in schedule and/or faculty when necessary.

## ACADEMIC LOAD

### GRADUATE SCHOOL

In the Graduate School, a full load is six semester hours during the summer term and three to six semester hours during each regular semester, depending on the student's program.

### GRADUATE SCHOOL OF BUSINESS

A full course load is six semester hours during fall semester, spring semester, and three semester hours each summer semester. Most students take six hours during fall and spring and three hours each summer semester. The maximum course load for students is nine hours during fall and spring semesters and three hours each summer semester. It is recommended that students who are employed full-time register for no more than six hours during fall and spring semesters.

Most students begin the program in August, but entry during spring and summer is an option. Students who begin in August and successfully complete two courses each fall, spring, and summer will graduate at the end of their second summer of study. It exceeds after beginning the program. Students taking less than two courses in a semester will most likely graduate in three or four years. Six calendar years are allowed for completion of the degree.

### SCHOOL OF DIVINITY

A minimum full-time course load for M.Div. degree students is nine hours per semester. The maximum course load for M.Div. degree students is seventeen hours per semester. This definition of a full-time load is made for those students requiring certification of full-time status for participation in insurance programs, college loan deferral programs, the receipt of veteran's benefits, or the regulations of U.S. Immigration. A class load of more than fourteen hours per semester must be approved by the student's faculty mentor. It is suggested that new students restrict their class loads to nine to twelve hours in the initial semester.

The definition of a full course load is made for those students requiring certification of full-time status for participation in insurance programs, the receipt of veteran's benefits, or the regulations of US Immigration. Students enrolled full time are eligible to apply for various financial aid packages. The students should consult with the Financial Planning office regarding the availability of financial aid.

## AUDITING COURSES

Any Graduate-With students may audit a course for a \$100 fee. The auditor is expected to complete the special auditor registration form and to complete all course requirements, with the exception of tests and examinations. Approval of the professor and the Dean or Director is required.

## COMPUTER FACILITIES

In several locations on campus, the Graduate-With University student has ready access to a wide variety of computer facilities, including five minicomputer systems and numerous microcomputers. In addition to the use of computers in the Computer Science and Management Information Systems programs, computers are an integral

part of programs such as English, Education, Psychology, and Business.

Access to Internet is provided through computer labs on campus and other locations.

## **LIBRARY**

The Dover Memorial Library is an active and integral part of the University's academic program. The Library's collections, available on open stacks, support all areas of the curriculum with a total item count of approximately 800,000, including 100,000 volumes, 500,000 microforms, and many other materials such as videos, compact discs, and computer files. The library has print and/or online full-text access to more than 9,000 periodicals and is a selective depository for federal government documents.

In addition to its collections, the library provides numerous services to students and enhances the instructional process for both on and off-campus students. Professional librarians are available for individual and group instruction. Interlibrary loan, individual, and production (lamination, transparencies, etc.) services are available. The Library's home page at [www.library.gadner-webb.edu](http://www.library.gadner-webb.edu) provides information about the Library, a library handbook for students, access to our automated catalog MAX, a virtual reference page linking to recommended Web sites, and lists of recently added materials. Patrons may use the Library computers to conduct both research in the NCLIVE databases and general Internet research as well as to access the University's own collections.

## **LIBRARY PRIVILEGES**

Student identification cards are prepared at the time of registration. These cards are necessary in order to use the Dover Memorial Library and other facilities where identification is required. Currently enrolled students may check out materials, use interlibrary loan, etc. Library privileges require compliance with stated policies affecting return of materials. Failure to comply may result in fines and suspension of check-out privileges.

## **CLASS ATTENDANCE POLICY**

Regular class attendance is an important student obligation. Students are responsible for all course work conducted in class meetings. Students are required by university policy to attend a minimum of 75% of the scheduled class meetings. Furthermore, it is the prerogative of the professor to set a more stringent class attendance policy. During the first week of the semester, the professor will clearly state, in writing, the attendance policies which will govern the class. Students are responsible for knowing the number of absences that they accumulate.

Absence from class does not excuse the student from responsibility for class work. Excused class absences for official business or foreseeable personal circumstances must be registered with the professor before the absence and plans made for completing course work missed.

## **EXAMINATIONS AND REPORTS**

Comprehensive final examinations are required in every course at the end of the semester. The only exceptions are courses which require major research papers as the primary activity of the course. A student who does not take the examination at the scheduled time will receive a failing grade in that subject unless excused by the professor. If the student is excused, the grade will be recorded as incomplete.

Grades will not be recorded if the student's account is in arrears unless satisfactory arrangements have been made with the Business Office.

## GRADES AND REPORTS

### GRADING SYSTEMS AND QUALITY POINTS

Graduation is dependent upon quality as well as upon quantity of work done. Letter grades are used. They are interpreted in the table below, with the quality points for each hour of credit shown at the right.

Grades	Hours Attempted Per Credit Hour	Quality Points Per Credit Hour
A - Superior	1	4
B - Satisfactory	1	3
C - Passing	1	2
D - Marginal (Divinity only)	1	1
F - Failing	1	0
I - Incomplete	1	0
IN - Incomplete in Internship or Practicum	0	0
W - Withdraw without penalty	0	0
WT - Withdraw passing	0	0
WF - Withdraw failing	1	0

An I is assigned when course work is not complete because of circumstances beyond the control of the student. The student has until midweek of the following semester to complete the course work and remove the I; otherwise, the professor will assign an F grade.

A W will be assigned when a student withdraws from a course during the first four weeks of the semester or the first week of a summer term. After the first four weeks of the semester, a WT or WF is assigned by the professor based upon the professor's assessment of the student's work to date in the course.

## ACADEMIC PROBATION AND SUSPENSION

### GRADUATE SCHOOL, GRADUATE SCHOOL OF BUSINESS

#### F GRADE

Any admitted student receiving a grade of F in a graduate course will be suspended. The student may reapply after one year. The department graduate faculty makes the decision on whether to readmit, and, if readmitted, the stipulations that will apply. If readmitted, the student must repeat at Gardner-Webb the course in which he or she received the F, making at least a B. Only the higher grade will be counted in computing the Gardner-Webb grade point average, although the lower grade will remain on the official transcript. No more than one F may be repeated.

#### C GRADE

A student who receives nine hours of C grades will be suspended. The student may reapply after one year. The graduate faculty makes the decision on whether to readmit and, if readmitted, the stipulations that will apply.

#### REPEATING COURSES

Courses may be taken only once with the exception given under the F grade policy above.

**SCHOOL OF DIVINITY**

A student must have at least a 2.0 overall Grade Point Average to be awarded a degree in the School of Divinity. When the GPA falls below 2.0, the student is placed on academic probation and is so notified. In order to be removed from academic probation, the student may enroll for a maximum of nine semester hours in the following semester and attain a cumulative GPA of 2.0. If at the completion of this semester the student has not attained a 2.0 GPA, the student may be placed on academic suspension. Students placed on academic suspension will be required to withdraw for at least one semester (not including summer sessions). After that time, students wishing to resume studies may seek readmission to the degree program. Students who are readmitted after having been placed on academic suspension will be allowed to take no more than six hours and must earn a semester grade point average of 2.50. Students failing to meet this stipulation may be subject to academic dismissal.

**REPEATING COURSES**

Only courses with a grade of "D," "F," or "WF" may be repeated and then only once. When a course is repeated at the School of Divinity, only the higher grade is counted in computing the student's overall grade point average, although the lower grade remains on the official transcript.

## **TRANSFER COURSES WHILE ON SUSPENSION OR PROBATION**

A student may not take courses for transfer credit from another institution while on suspension or probation.

**RETENTION POLICY****GRADUATE SCHOOL, GRADUATE SCHOOL OF BUSINESS**

A student must have an average of 3.0 overall to be awarded the M.A., M.S., M.B.A., 1M.B.A., or M. Acc. degree. When the GPA falls below 3.0, the student is placed on probation. If, after six hours of additional work, the student does not attain a 3.0 overall, the student will be suspended. The student may apply after one year. The department graduate faculty makes the decision on whether to readmit and, if readmitted, the stipulations that will apply.

**SCHOOL OF DIVINITY ACADEMIC DISMISSAL POLICY**

Students who fail to satisfy the requirements for removal of academic suspension after having been readmitted will be required to withdraw from enrollment in the degree program. Students who are dismissed under these conditions are not eligible for readmission.

**TRANSCRIPTS**

The Registrar will furnish transcripts of credit upon written request. Official copies are \$5 each, and this fee should accompany the request.

No transcripts will be issued until all the student's accounts have been settled satisfactorily.

**STUDENT ACCESS TO EDUCATIONAL RECORDS**

Quadrant-Wald University complies with the Family Educational Rights and Privacy Act of 1974. This Act is designed to protect the privacy of educational records, to establish the right of students to inspect and review their educational records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file com-

plaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

Institutional policy explains in detail the procedures to be used by the institution for compliance with the provisions of the Act. Copies of the policy can be found in the Office of the Registrar. That office also maintains a Directory of Records, which lists all student educational records maintained by the institution. Information known as Directory Information will be published unless the student specifically requests that the Registrar's Office withhold this information. Directory Information is defined as the following: student name, local and permanent addresses, telephone numbers, date of birth, major(s), dates of attendance, previous educational institutions attended, and degree and awards received.

Questions concerning the Family Educational Rights and Privacy Act may be referred to the Office of the Registrar.

## FAIR PROCESS

A student who experiences a problem concerning a grade or any other aspect of a course should first discuss the matter with the professor. If the problem is not resolved, he or she should go next to the chair of the department or the coordinator/instructor of the particular graduate program, whichever is appropriate. If not satisfactorily resolved, the matter should be taken to the Dean or Director, who will hear only those parties involved and make a decision in the case.

## ACADEMIC APPEALS

### GRADUATE SCHOOL, GRADUATE SCHOOL OF BUSINESS

If the student is not satisfied with the decision in his or her case, that student has a right to appeal. He or she should address a letter to the Chair of the Graduate Council, stating the reason for the appeal and explaining the circumstances. If the student is asked to appear before the Council, he or she at that time may bring a representative from within the University to act as counsel. Deadline for an academic dishonesty appeal is seven days after the date of the decision being appealed. Deadline for other types of academic appeals (except for grade appeals) is eighteen months after the date of the decision being appealed. Grade appeals must be completed on or before the last day of the following semester.

### SCHOOL OF DIVINITY

A student who experiences a problem concerning a grade or any other aspect of a course, including issues relating to but not limited to academic dishonesty, should first discuss the matter with the professor. If the problem is not resolved, the student should go next to the Associate Dean of the School of Divinity. If the student or the professor is not satisfied with the decision of the Associate Dean, either party may take the matter to the Appeals Committee whose decision is final. The Appeals Committee consists of the Dean of the School of Divinity, who serves as chair, and two School of Divinity faculty members.

To initiate an appeal, the dissatisfied party should address a letter to the Dean of the School of Divinity, stating the reason for the appeal and explaining the circumstances. The Dean will convene the Appeals Committee. If the student or the professor is asked to appear before the committee, he or she at that time may bring a representative from within the University to act as counsel. The deadline for an academic dishonesty appeal is seven days after the date of the decision being appealed. The deadline for other types of academic appeals (except for grade appeals) is eighteen months after the date of the decision being appealed. Grade appeals must be

completed prior to the last day of the following semester. Grade appeals relating to courses taken during the summer must be made prior to the last day of the following fall semester.

## ACADEMIC HONESTY

### GRADUATE PROGRAMS

#### CODE OF ACADEMIC INTEGRITY

##### Preamble

As students willingly accept the benefits of membership in the Gardner-Webb academic community, which was founded on the ideals of Christianity, they acquire obligations to observe and uphold honesty, integrity, and truthfulness.

Gardner-Webb University expects its graduate students and faculty to display academic integrity. As in any community, this institution must be governed by regulations, which function best when they are fully understood, accepted and cherished by every member of the academic community. Therefore, all graduate students and faculty members are expected to be familiar with, and to base their actions upon, the following statements regarding academic integrity.

##### Code of Graduate Student Academic Integrity

The Code of Academic Integrity governs the responsibility of students in the various graduate programs of Gardner-Webb University to maintain integrity in academic work, defines violations of the standards, describes procedures for handling alleged violations of the standards, and lists applicable penalties.

##### Student Responsibilities

1. Students should recognize that the regulations governing academic integrity exist for the protection of the honest and that dishonesty in an academic setting must not be tolerated, much less condoned.
2. Students are responsible for their own work. Any assignment turned in by a student is assumed to be the work of the student whose name appears on the assignment.
3. Students are ultimately responsible for understanding faculty members' instructions for assignments. If instructions are not clear, students must seek clarification from professors.
4. Students must understand the definitions of cheating, plagiarism, and other forms of academic dishonesty.
5. Students should familiarize themselves with the proper use of citations and quotations in order to avoid submitting other people's work as their own.
6. Students are expected to report incidents of academic dishonesty to their professors.
7. Students who threaten or coerce other students or faculty members for reporting a violation of the Code of Academic Integrity will face disciplinary action, with dismissal from graduate study at Gardner-Webb University being the recommended punishment.

Infractions of the Code of Academic Integrity include, but are not limited to, the following:

**Cheating** – Intentionally using or attempting to use unapproved materials, information, notes, or other devices including unauthorized communication during an academic exercise.

**Fabrication and Falsification** – Intentional and unauthorized alteration or manipu-

fabricating of any information in an academic exercise. Fabrication is a matter of inventing information for academic purposes, whereas falsification is a matter of altering information.

**Multiple Submission** – The submission of substantial portions of the same academic work (including oral reports) for credit more than once without authorization.

**Plagiarism** – Intentionally or knowingly presenting the work of another as one's own (i.e., without proper acknowledgment of the source). The sole exception to the requirement of acknowledging sources is when the ideas, information, etc., are common knowledge.

**Abuse of Academic Materials** – Intentionally or knowingly destroying, stealing or making inaccessible library and other academic resource material.

**Complicity in Academic Dishonesty** – Intentionally helping or attempting to help another to commit any act of academic dishonesty.

### Faculty Responsibilities

1. Faculty must explain all assignments as thoroughly as is reasonable and should address any extraordinary limitations on outside assistance.

2. Faculty members should take reasonable precautions to giving tests to reduce the likelihood that violations occur. The fact that a faculty member did not take a specific precaution does not, however, constitute an excuse for any form of academic dishonesty.

3. Faculty must be willing to investigate and, if circumstances warrant, press charges against students suspected of academic dishonesty.

4. Faculty members must file an Academic Dishonesty Report any time they charge a student with an infraction.

5. Faculty members must seek to be fair in their dealings with students, particularly regarding cases of academic dishonesty, and must realize that no student can be convicted on suspicion alone.

### Procedures

A student is accused of, and charged with, violating the Code of Academic Integrity by the professor in the course. A Report of Academic Dishonesty form describing the alleged violation in full is initiated by the professor and completed either in person, by registered mail, by email, or by fax between the graduate student and the professor. The student is required to enter on the report a plea of either **Responsible** or **Not Responsible** within two business days. No response is considered as **Responsible**.

#### Responsible

A plea of **Responsible** means that the student is not contesting the allegation and accepts the penalty to be imposed by the professor. The professor then sends the completed Report of Academic Dishonesty to the Chair of the Graduate Council, who sends a copy to either the Dean of the Graduate School or Dean of the Graduate School of Business.

#### Not Responsible

A plea of **Not Responsible** means that the student is going to appeal the allegation and the recommended penalty. This plea requires that a written explanation be filed with the Chair of the Graduate Council **within seven days** of the date of the plea. The written explanation should include all of the circumstances and the grounds for contesting the charges. The professor sends the Report of Academic Dishonesty, and the student sends his/her written explanation, to the Chair of the

Graduate Council, who sends a copy to either the Dean of the Graduate School or Dean of the Graduate School of Business. When the Chair of the Graduate Council receives the completed Report of Academic Dishonesty and the student's written explanation, the chair, in consultation with either the Dean of the Graduate School or Dean of the Graduate School of Business, appoints an Appeals Committee composed of the Chair and two other members of the Graduate Council. The Appeals Committee examines the Report of Academic Dishonesty and the student's written response. The committee may hear from the professor and the student, if they wish to appear before the committee. The committee decides whether to uphold or overturn the faculty member's allegation and the proposed punishment. It reports its findings to the Graduate Council, the faculty member, and the student.

Once the Appeals Committee makes its report, either the faculty member or the student may appeal the findings to the Provost *within seven days*, only on the basis of additional evidence, improper procedure, or a punishment inconsistent with the offense. The Provost may decide to hear the appeal or deny a further hearing. The Provost's decision is final.

### **Penalties**

A student convicted of academic dishonesty may receive an F in the course, a situation which brings automatic suspension from graduate studies.

## **STUDENT GRIEVANCE POLICY (NON-ACADEMIC)**

Any Student who believes he/she has been discriminated against by a member of the faculty, an employee of the University, or by a fellow student is encouraged to file a complaint. If a student believes he/she has been discriminated against in accordance with policies and practices based under Title VI of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, or section 504 of the Vocational Rehabilitation Act of 1973, he or she may make a claim that his or her rights have been denied. Claims or grievances should be filed with the appropriate University official.

Complaints and grievances related to academic matters should be made in accordance with policies and procedures stated in the current Catalog of Graduate Programs.

Complaints and grievances related to non-academic employees of the University should be made to the supervisor of the employee or to the vice president of that area.

Complaints and grievances related to student life, student activities, residence life, counseling, safety and security, or campus ministry should be made to the Vice President and Dean of Student Development.

Complaints and grievances related to admissions practices, recruitment, and financial aid should be made to the Vice President for Enrollment Management.

Complaints and grievances related to accounts payable and business office related functions should be made to the Vice President of Business Affairs.

Complaints and grievances related to athletics should be made to the Vice President for Athletics.

Complaints and grievances related to public relations, publications, and donations to the University should be made to the Vice President for University Relations.

ed to educational support services may be made to the Director of the Noel Program for the Disabled.] Complaints and grievances unresolved at this level may be addressed to the Human Relations Committee. The Director of Human Resources will assist with the forwarding of unresolved complaints and grievances to the Human Relations Committee. Decisions by the Human Relations Committee are subject to review by the Provost. The Provost may take whatever action he deems necessary and appropriate. The Provost's conclusions and actions are final.

If a student believes he/she has been harassed or otherwise discriminated against because of race, gender, religion, color, national or ethnic origin, age, disability, or military service, the student should report the matter immediately to the Vice President and Dean of Student Development. In the case of sexual harassment, the complaint should be made in accordance with the University's sexual harassment policy as stated in the current student handbook. If a student is not sure how to file a complaint, the Vice President and Dean of Student Development will assist the student.

Complaints should be presented orally to the appropriate University officials described above. If an informal discussion of the matter is not satisfactory, a written statement of the complaint will be requested. A written statement should contain the following:

- a. The exact nature and details of the grievance.
- b. The date, time, and place of the grievance.
- c. The names of witnesses or persons who have knowledge of the grievance.
- d. Any available written documentation or evidence that is relevant to the grievance.

The University official who receives the written complaint will investigate the complaint and take whatever action is deemed necessary and appropriate and will respond to the student in a timely manner. If a student has followed the grievance policy process and remains dissatisfied with the response to the complaint, the student may appeal to the Graduate Council or to the School of Divinity Appeals Committee, whichever is appropriate, for academic matters and to the University Appeal Board for non-academic matters. Decisions by the University Appeal Board are subject to review by the Provost. The Provost may take whatever action he deems necessary and appropriate. The Provost's conclusions and actions regarding the complaint are final.

## PROGRESS REVIEW

When the M.A., M.S.N., M.Acc., M.B.A., or LMBA student has earned between 15 and 21 hours credit, the student and the adviser review progress to date and determine additional work to be completed for the degree. At this time the adviser and the student fill out and sign a **milepoint checklist**.

## APPLICATION FOR DEGREE

A student must apply for the graduate degree during the semester preceding the final term of study. An appointment should be made with the adviser who will provide appropriate forms to be filled out to obtain the degree. The adviser will validate the information on the application. It is the student's responsibility to turn in the signed form to the Registrar. An \$80.00 application for graduation fee is required; this includes the academic regalia, diploma, and administrative costs. Students submitting applications after the published deadline must pay a \$50 late fee.

## COMMENCEMENT EXERCISES

*Carthage-Webb conducts commencement exercises at the conclusion of the spring semester and at the conclusion of summer school. Each candidate for a degree must be present for rehearsal and for the conferring of degrees. Residence halls open the day before registration each semester and close after classes at the end of the fall, spring and summer semesters. Residence halls close during Christmas break except for international students or those participating in

University sponsored events. Students must sign-up to stay during other breaks.

## STUDENT GUIDELINES, EXPECTATIONS AND RIGHTS

Gardner-Webb University is a community of students, faculty and staff who are dedicated to learning and personal development in an environment of Christian concern. As in any community, certain standards of conduct are necessary to protect the safety, rights, health and general well-being of all members of the community. The University strives to promote concern for the good of the entire group as opposed to selfish individualism.

Each person whether student, faculty or staff voluntarily joins the University community and thus is expected to abide by rules and regulations that have been adopted to insure reasonable standards of conduct. The prohibited behavior code describes conduct which the University does not tolerate. By enrolling in the University, each student agrees to abide by University rules, regulations and expectations. The Board of Trustees has approved minimum penalties for certain of the prohibited behavior. The University insists fundamental fairness to any student accused of involvement in prohibited behavior.

The Student Handbook describes the prohibited behavior code and the judicial process used in the event that a student becomes involved in prohibited behavior. The Handbook is distributed during orientation, at which time student rights, responsibilities and expectations are explained in greater detail. The Handbook is also available at the offices of Student Development.

Gardner-Webb University supports and is fully committed to the concept of a drug and alcohol free campus community. In order to comply with the Drug-Free Schools and Communities Act Amendments of 1989, Gardner-Webb publishes the following and makes it available to each student.

- (1) The unlawful manufacture, distribution, dispensing, possession or use of controlled substances such as but not limited to the following:

Narcotics (heroin, morphine, etc.)  
Cannabinis (marijuana, hashish, etc.)  
Stimulants (cocaine, diet pills, etc.)  
Depressants (tranquilizers, etc.)  
Hallucinogens (PCP, LSD, designer drugs, etc.)  
Designer (MDA, MDA-unknown as ecstasy, etc., etc.)  
Alcohol

is prohibited by students on Gardner-Webb University's property or as any part of the university's activities. As a condition of enrollment, Gardner-Webb University students will abide by these terms.

(2) Gardner-Webb will impose disciplinary sanctions on students who violate the terms of paragraph 1, above. Upon conviction, the appropriate disciplinary action, up to and including expulsion from the University and/or satisfactory participation in a drug and alcohol abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency, will be taken. More specific penalties are outlined in the Gardner-Webb University Student Handbook. Violations may also be referred to the appropriate civil authorities for prosecution under local, state, and federal law.

(3) Local, state, and federal law prohibits the possession, and distribution of illicit drugs, alcohol and weapons. ## SCHOOL OF DIVINITY DEPOSIT

**Advanced Deposit:** Upon notification of admission to the School of Divinity, an applicant should submit a non-refundable deposit of \$150 to confirm his/her intention to attend the School of Divinity.

**Balance of Account:** The balance of the charges for that semester is due prior to enrolling for class. Those who cannot pay their accounts in full must make satisfactory financial arrangements with the University Business Office to obtain clearance to register.

## CHARGE REDUCTION POLICY FOR CLASS WITHDRAWAL

Registration in any graduate program is considered a contract binding the student for charges for the entire semester. However, it is the policy of Gardner-Webb University to give pro-rata charge reductions through 60% of the enrollment period in the event a student **OFFICIALLY WITHDRAWS** from class(es). In order to withdraw officially, the student must contact the Registrar in person, or by phone at 704-406-9466. Withdrawal must be completed prior to the end of the semester in order to be official.

Reductions will be computed on total charges for tuition, room and board but not on fees and textbooks. Students leaving for disciplinary reasons will not be eligible for any reduction and will be liable for the entire semester's charges. For purposes of interpreting this policy the pro-rata charge reduction percentage is equal to the number of calendar days (includes weekends) remaining in the semester divided by the number of calendar days in the semester. No charge reductions will be given after the 60% period of enrollment for the semester.

When a student's charges are reduced, Federal, State, Institutional and Non-institutional Aid will be adjusted in accordance with the regulations governing the respective programs. Please contact the University Business Office for current regulations concerning these programs. Leaving the University without officially withdrawing may result in a student's forfeiting all financial aid and, thus, becoming responsible for the entire balance.

## DELINQUENT STUDENT ACCOUNTS

A student with outstanding financial obligations may be prevented from registering for the following semester. A student will not be allowed to participate in commencement exercises or receive a diploma, nor will transcripts be released, until all financial obligations are satisfied. Delinquent accounts may be referred to collection agencies and/or credit bureaus. Financial obligations include, but are not limited to, student account balances, parking, disciplinary and library fines, and returned checks.

# THE GRADUATE SCHOOL

## THE PURPOSE OF THE GRADUATE SCHOOL

The purpose of the Graduate School is to provide high quality graduate programs to students who hold bachelor's degrees from regionally accredited institutions and who are, for the most part, full-time professionals (teachers, counselors, administrators) working in their fields. The curricula emphasize independent, critical thinking; effective communication; and the importance of the education/counselor/teacher as theorist and practitioner.

The Graduate School is administered through the Graduate School Office, under the supervision of the Dean of the Graduate School. This office is responsible for the overall coordination of graduate programs leading to master's degrees in Mental Health Counseling, Elementary Education, English, English Education, Middle Grades Education, Nursing, School Administration, School Counseling, Sport Science and Pedagogy and a doctoral program in Educational Leadership. The Dean of the Graduate School also administers the graduate assistantship program.

## GOALS

In order to fulfill its purpose, the Graduate School has the following goals:

1. To ensure that students receive high quality instruction from graduate faculty who encourage independent thinking, who integrate current trends and research into the classroom, and who model the professional as theorist and practitioner.
2. To ensure that the curricula for the various graduate programs provide students with both depth and breadth of content.
3. To ensure that students receive accurate, timely, and helpful advising information.
4. To ensure that graduate assistants are being used in a way that will increase skills and knowledge in their respective fields.

## ADMISSION PROCEDURES (Ed.D. applicants see pg. 75)

Application materials are available from the Graduate School Office. Students may enter at the beginning of any semester or summer term. To apply for initial admission to graduate study, the applicant should:

1. Submit an application to the Graduate School Office, Gardner-Webb University with a \$25 non-refundable processing fee.
2. Arrange for an *official transcript* of all previous academic work beyond the high school to be sent directly from each institution attended. The Privacy Act requires that each student request in writing that transcripts be released to the Graduate School Office. (Use form provided with application.)
3. Arrange for submission of scores on either the Graduate Record Examination, PRAXIS II Subject Assessments, or Miller Analogies Test.
4. Submit three professional references on graduate reference forms.
5. For appropriate programs provide evidence of A level North Carolina Teacher's license or equivalent.

When all documents have been received, they will be evaluated by the Dean of the Graduate School and the chair or coordinator of the program area. The applicant will be notified of the decision. Prospective counseling majors must schedule an interview with the appropriate faculty members before formal admission. (See

descriptions of those programs for additional admissions requirements.) Students are notified of their admission status as soon as possible after completing the admissions process. Because of the confidential nature of some items of information required for admissions, the University reserves the right to reject any applicant without stating a reason.

International Students follow the usual procedure for admissions with these exceptions:

1. Transcripts must first be submitted to World Education Services for evaluation, before being mailed to the Graduate School Office. Application for WES evaluations may be found in the Graduate School office or online at [www.WES.org](http://www.WES.org).
2. A satisfactory TOEFL score must be submitted unless English is the native tongue.
3. A Graduate Webb form, Statement of Financial Responsibility, must be filled out, signed, and accompanied by a letter from student's or sponsor's bank showing amount to cover one year of graduate study.
4. Once the student's file is completed and an admissions decision has been made, the Graduate School Office will send the student an I-20 Form, enabling the student to apply for a visa.

## TYPES OF ADMISSION STATUS

Admission for graduate study at Gardner-Webb University is granted in the following categories.

### FULL ADMISSION

An applicant who meets all criteria for admission to the Master of Arts degree program is granted full admission. These requirements include the following: a bachelor's degree from a regionally accredited institution of higher learning with a minimum 2.50 grade point average; an A level teaching license or equivalent for those who are pursuing a graduate degree leading to graduate level licensure; satisfactory scores on either the Graduate Record Examination, PRAXIS, or the Miller Analogies Test; and three positive letters of evaluation (see the Counseling and Nursing Programs for additional requirements).

### PROVISIONAL

An applicant who does not meet the formal requirements for full admission to a degree program may be granted provisional admission. A student admitted with provisional status must meet any conditions attached to his/her admission before being granted full admission. Deficiencies may include lack of undergraduate course prerequisites, low test scores, low undergraduate grade point average, or the need to complete student teaching or teacher licensure. No student may be admitted to a degree program who has a grade point average lower than 2.25 on all college work attempted or the last 64 hours of undergraduate work attempted.

### SPECIAL

A student entering a graduate program to take courses for professional or career enhancement as a non-degree seeker is granted special admission. A maximum of six semester hours may be taken as a special student and applied toward a master of arts degree at Gardner-Webb.

**Initial "A" Level Licensure** Applicants who hold a baccalaureate degree but who do not hold a North Carolina "A" level Teacher's License or its equivalent may

apply for admission as *Special Students* to the approved Program for Teacher Licensure. The School of Education and the appropriate department offering the specialty studies will evaluate all undergraduate work.

**Graduate Level Licensure:** In some programs, students may pursue graduate level licensure without pursuing a graduate degree. Applicants who have earned a master's degree and who wish to earn a graduate level license in an additional area of specialization may apply for admission as *Special Students*. An evaluation of undergraduate and graduate work is required to determine courses necessary for graduate level licensure. Students must successfully complete the appropriate specialty area portion of the PRAXIS.

**Public School Personnel:** Public school teachers applying for the first time for courses solely for "A" level license renewal credit may be admitted as *Special Students* by completing the Graduate School application form and by presenting an official transcript showing completion of the bachelor's degree. If, however, credit is to be applied to a graduate degree, the student must make specific application for this credit before the completion of six hours, as well as meet all requirements for admission as a graduate degree student. Public school teachers and administrators applying for the first time for courses solely for graduate level license renewal credit may be admitted as *Special Students* by completing the Graduate School application and by filing an official transcript showing completion of the master's degree.

## TRANSIENT

*Transient* status is assigned to an applicant from another recognized graduate institution who desires enrollment at Clatsop-Wallis to take courses for transfer to the institution in which he or she is enrolled as a degree candidate. A *transient* student must submit an application for admission and a letter from the dean or director of the program in which he or she is regularly enrolled indicating good standing.

## APPLICANT

An applicant to a graduate program may be granted permission to register for one semester of course work prior to the completion of the admission procedure. Credits earned will be considered graduate level work but may not be counted toward a Master of Arts degree at Clatsop-Wallis until the student meets admissions criteria when all credentials are assessed. The student must be admitted to the Graduate School in order for him or her to register for a second term of course work.

## AUDITOR (SEE PAGE 14)

## TRANSFER OF COURSES FOR GRADUATE CREDIT

The primary purpose of the transfer of credits policy is to grant incoming students credit for work previously completed. Students are expected to take the appropriate courses offered by Clatsop-Wallis once they enter the program. However, permission may be granted to take courses offered by other institutions when the appropriate course is not offered by Clatsop-Wallis or when it is more convenient for the University to approve a course for transfer than to offer the course by special arrangement. Students must satisfy licensure competencies as well as perform satisfactorily on program comprehensive exams. In addition, the Registrar's Office must have an original transcript on file showing the transfer course(s) before commencement or the student's graduation may be delayed.

With the approval of the coordinator/director of the graduate area and the Dean,

of the Graduate School, a maximum of six semester hours may be accepted from another accredited graduate school toward the fulfillment of requirements for a graduate degree at Gardner-Webb. A maximum of nine semester hours may be accepted into counseling programs. Credit will not be given for courses taken more than six (6) calendar years before applying for admission to graduate study. Students currently enrolled in a graduate degree program at Gardner-Webb must have prior written approval to take courses from another institution for transfer credit.

Transfer credit will not be accepted for any course in which students earned below a grade of B. A student may not take courses for transfer credit from another institution while on suspension or on probation.

## GRADUATE CREDIT FOR UNDERGRADUATE STUDENTS

Undergraduate students who want to take graduate courses for graduate credit are limited to six semester hours and must obtain permission of the faculty member teaching the course and the appropriate graduate coordinator or department chair before registering for a graduate course.

Students who earned a bachelor's degree at Gardner-Webb University may not transfer for graduate credit any 300- or 600-level course taken as an undergraduate if that course contributed in any way to the requirements for the bachelor's degree. Graduate level courses that did not contribute toward the bachelor's degree may, at the discretion of the department chair, count toward the master's degree or graduate level license.

## READMISSION OF FORMER STUDENTS

Any student who does not register for three consecutive terms (the two summer sessions count as one term) must apply for readmission before resuming graduate work. No application fee is charged for readmission.

## TIME LIMITS

Students have a time limit of six (6)-calendar years to complete their degree from the beginning of the term in which they are initially accepted.

## ACADEMIC INFORMATION

Gardner-Webb offers the Master of Arts (M.A.) degree in the following areas: Mental Health Counseling, Elementary Education (K-6), English, English Education (9-12), Middle Grades Education (6-9), School Administration (K-12), School Counseling (K-12), and Sport Science and Pedagogy. Graduate students are not required to meet a residency requirement.

For students who have met all prerequisites, the programs consist of from 30 to 63 semester hours, depending upon the degree area.

### LIBRARY SERVICE POLICY FOR GRADUATE STUDENTS AT OFF-CAMPUS CENTERS

The following agreement has been reached with the C.G. O'Kelly Library at Winston-Salem State University to assist Gardner-Webb graduate students attending the Forreth and Satty centers.

1. Area students who are Non University of North Carolina affiliated may utilize the circulation, reference and periodical collections at Winston-Salem State University by becoming city patrons. The annual fee is ten (\$10.00) per person. This fee does not include remote access to NC LIVE.
2. Valid identification verifying current enrollment at Gardner-Webb University must be presented at the time of application. A card with an identifying bar code and the patron's address will be maintained at the Circulation Desk. An identification card such as a driver's license should be presented for all subsequent circulation transactions.
3. Books from the main collection are checked out for three weeks or until the end of the academic term for Winston-Salem State University, whichever is less. Books in the reserve collection may be used within the library only.
4. Fines accrue at twenty-five cents per day, abuse of overdue and fine regulations will result in loss of check-out privileges.
5. Patrons are notified of overdue items. Unpaid fines and lost book charges will be forwarded to Gardner-Webb University for collection. Books may not be checked out by persons having \$25 or more in outstanding fines and/or overdue materials.
6. Check-out of heavily used materials may be restricted at the discretion of the library staff.
7. Lost book charges include book replacement cost plus a five-dollar handling fee.
8. Changes in address must be reported to the C.G. O'Kelly Circulation staff.

10. Web/Internet connections to University of North Carolina system online catalogs are available at all online terminals.

Students may also use the facilities of the E. Smith Reynolds Library at Wake Forest University; there is a fee for check-out privileges.

Students attending off-campus classes may call Denver Memorial Library on campus at 800-251-6330 to request books and materials or access the library via internet at [www.gardner-webb.edu](http://www.gardner-webb.edu).

## CHALLENGE EXAMINATION POLICY

When, in the opinion of the appropriate graduate faculty, a student has experience and/or training comparable to that taught within a particular graduate course, the student may request the option of taking a challenge examination to demonstrate mastery of the course content. This challenge examination will be an in-depth and comprehensive assessment of the student's ability to answer questions on course content. An acceptable grade on the examination will permit the student to apply for waiver of that course requirement. However, the student will be held responsible for all course material on the comprehensive examination.

To request the opportunity to take a challenge examination, the student must present, in writing, justification for such an examination. The graduate faculty for the student's specialty area will review the request and, if they deem appropriate, refer it to the course professor. Either the adviser or the professor may deny the request. If it is accepted, the challenge examination will be administered at the discretion of the course professor. If the examination results are acceptable, the program coordinator will notify the Dean of the Graduate School, who will send written confirmation of the approval to the student, his or her adviser, and the Registrar's Office. Upon payment of the \$150 per course challenge fee, the student will be credited with the appropriate number of hours for the approved course. No grade will be assigned or averaged into the quality point average.

The number of total hours challenged or transferred may not exceed student's graduate program guidelines.

## COMPREHENSIVE EXAMINATIONS

The successful completion of a comprehensive examination is required for some graduate programs. The following policies govern the administration of this examination.

1. The comprehensive examination includes questions related to the student's entire program, and the entire examination is read and approved by the student's comprehensive examination committee.
2. Only written comprehensive examinations are administered.
3. Students may take the comprehensive examination either during their last semester of course work or the following semester.
4. Successful completion of the comprehensive examination is not a part of any existing course structure.
5. Comprehensive examinations are evaluated by a Graduate Faculty Examination Committee, composed of at least three persons selected by the chair or coordinator of the appropriate department. A Comprehensive Examination Form, signed by the committee, is submitted to the Graduate School Office and becomes a part of the student's records. Successful completion of the comprehensive examination is defined as approval by a majority of the examining committee.
6. Students who fail the comprehensive examination may be retaken on the failed portion(s) of the examination after a minimum of two weeks from the date of the first examination. Students who fail the comprehensive examination a second time must make written appeal to the Graduate Council in order to be considered for a third examination. Comprehensive examinations may be taken only three times.
7. The Graduate School Office mails out guidelines every semester in registration packets.

## APPLICATION FOR GRADUATE LICENSURE

An application for the North Carolina graduate level license must be filed with the Licensing Agent, currently the Dean of the School of Education, who may assist students in planning their program of study so that North Carolina licensure requirements may be met. With the exception of the school counseling program, one must

hold, or be eligible to hold, an "A" level license before applying for graduate level license. Gardner-Webb will not recommend students for a graduate level license unless they have completed an approved program and scored satisfactorily on the appropriate area exam of the PRAXIS or, for school administration students, the state standards board exam. Students pursuing graduate and undergraduate level licenses must meet the requirements for both levels, including successful completion of the appropriate specialty area portion of the PRAXIS. Students applying for "license only" must meet the same requirements as those students applying for the complete degree. An application fee is required.

Certified checks in payment for state licenses must be made payable to the North Carolina Department of Public Instruction. Official transcripts of any transfer credits applied toward the Master of Arts degree at Gardner-Webb must be submitted both to the School of Education and the Graduate School Office. One of these transcripts will be sent to the State Department of Public Instruction with the application for Graduate Licensure.

# GRADUATE PROGRAMS AND COURSES OF INSTRUCTION

## MASTER OF ARTS IN EDUCATION

The Master of Arts in Education builds upon the instructional expertise, leadership-qualities, and skills of experienced educators. The programs are aligned with the INTASC Principles and the NCDEP competencies required for licensure. The programs include rigorous academic preparation in and implementation of the latest research on human development and learning. Consequently, reflective practice becomes an integral component which supports the Gude-Wells conceptual framework. Active participation in a program allows students to develop further those competencies essential to professional education and continued self-improvement, thus exemplifying the model of the Educator as Theorist and Practitioner.

Upon successful completion of a graduate program in education, students will be recommended for the North Carolina graduate license in the appropriate licensure area.

# MASTER OF ARTS

## SCHOOL COUNSELING (K-12)

## PURPOSE

Within a caring and challenging environment, the 48-semester-hour school counseling program strives to facilitate the acquisition and application of knowledge and skills which will help prepare graduate students to make appropriate contributions within the school setting as school counselors who are both theorists and practitioners. To do this, the program emphasizes acquisition and application of knowledge and skills, critical thinking and decision making, and the importance of the social context of both the student and the school. The examination of personal values and

experiences and their potential influence in a variety of counseling situations is encouraged. We strive to develop counselors who have a strong theoretical base and who can apply this in field-based school counseling practicum and internship settings.

## GOALS

1. In accordance with CACREP standards, curricular experiences and demonstrated knowledge in each of the following eight common core areas are required of all students in the school counseling program: professional identity, social and cultural diversity, human growth and development, career development, helping relationships, group work, assessment, and research and program evaluation. Demonstrated mastery of these core areas as they apply to the school setting is required.
2. In accordance with CACREP standards, curricular experiences and demonstrated knowledge and skills in each of the following areas of school counseling will be required: foundations; contextual dimensions; program development, implementation, and evaluation; individual, group, guidance and consultation services.
3. Graduate students will develop skills appropriate to beginning counselors in each of the areas specified above as required by the North Carolina Department of Public Instruction, by state and national professional associations, and by credentialing bodies.
4. Graduate students will demonstrate the acquisition of this knowledge and skill as well as an understanding of ethical, legal, and professional practice issues in appropriate school-based practicum and internship experiences.

The school program stresses developmental, preventative, and remedial services to students, parents, and staff and places strong emphasis on the acquisition of knowledge and the development of skills and competencies needed to fulfill the diverse roles played by school counselors in a multicultural society. Successful graduates will be recommended by the School of Education for graduate level licensure in school counseling.

The school counseling program accepts applicants without teacher licensure. Opportunities will be provided to strengthen students' knowledge of the school setting throughout the program as well as during the practicum and internship experiences.

## ADMISSION REQUIREMENTS

The requirements for the role of a school counselor are both personal and intellectual. For this reason, in addition to general Graduate School entrance requirements, a successful interview with at least two program faculty members is an absolute requirement for admission to the program. During this interview the faculty members will assess the academic background, personal qualities, and goals of applicants. Applicants will be admitted who meet the personal and academic requirements of the program.

Admission requirements include an undergraduate grade point average of 2.7 or better, an acceptable Graduate Record Exam or Miller Analogies Test score, and three positive letters of recommendation. An undergraduate course in Abnormal Psychology/psychopathology is required and may be taken concurrently with graduate courses but must be completed before taking PSYC 615, Advanced Psychopathology. A learning experience in classroom management is required of applicants without teacher licensure and may be taken concurrently with graduate courses but must be completed before practicum and internship placement.

## MASTER OF ARTS/ED. SPECIALIST

### MENTAL HEALTH COUNSELING

COORDINATOR: DR. FRIEDA F. BROWN

Mental health counseling is a professional counseling specialty which involves the application of principles of psychotherapy, human development, learning theories, group dynamics and the assessment of mental illness and dysfunctional behavior. Mental health counseling includes the practice of prevention, early intervention, and treatment of mental and emotional disorders for individuals, families, and/or groups and consultation and education for community groups interested in promoting healthy lifestyles in the community.

The mental health counseling program is designed to provide graduate level preparation for students who seek advanced educational experiences and clinical training leading to certification and/or licensure for professional positions in the mental health counseling field. This environment of personal attention and dedication to teaching distinguishes the programs from other universities.

## GARDNER-WEBB UNIVERSITY AND FREE ENTERPRISE

The University has been supported greatly over the years by Baptist churches, the Baptist State Convention of North Carolina, and men and women who give their time and resources to provide students with an excellent Christian learning environment. 1. Graduate from a regionally accredited institution of higher education with a bachelor's degree.

2. Complete undergraduate course prerequisites or equivalents with a "C" or better.

Persons who have not completed requirement number 2 may be given applicant admission, and after satisfactorily completing the foundation studies at Gardner-Webb University or elsewhere will be granted full admission (see Undergraduate Foundation Studies, page 94).

For students admitted provisionally due to undergraduate course prerequisite deficiencies, Gardner-Webb University generally offers undergraduate foundation courses in Accounting, Microeconomics, and Statistics at various times throughout the year. An individual having foundation deficiencies may not enroll in any of the programs' courses until all deficiencies have been removed.

A student with low test scores or a low undergraduate grade point average may be asked to take two core courses over the next two semesters following application. The student's progress will be monitored and the student will be granted full admis-

No student may be admitted to any of the programs who has a grade point average lower than a 2.25 on all college work attempted or the last sixty-four hours of undergraduate work accepted.

### APPLICANT

An applicant to any of the programs may be granted permission to register for one semester of course work prior to the completion of the admission procedure. Credit earned will be considered graduate level work but may not be counted toward any of the degree programs at Gardner-Webb University until the student meets admissions criteria when all credentials are assessed. All supporting documentation must be submitted and assessed in order for the student to register for a second term of course work.

### SPECIAL STUDENT

A student entering any of the programs to take courses for professional or career enhancement as a non-degree seeking student is granted special admission. A maximum of six semester hours of credit may be earned as a Special Student and applied toward any of the degree programs at Gardner-Webb University.

Transient status is assigned to an applicant from another recognized graduate institution who desires enrollment at Gardner-Webb University to take courses for transfer to the institution to which he or she is enrolled as a degree candidate. A transient student must submit an application for admission and a letter from the director or dean of the MBA or MAcc program to which he or she is regularly enrolled indicating good standing.

## TRANSFER OF COURSES FOR GRADUATE CREDIT

With the approval of the major coordinator, a maximum of six semester hours may be accepted from a regionally accredited MBA, IMBA or MAcc program toward the fulfillment of requirements for the MBA, IMBA or MAcc degree at Gardner-Webb University. Credit will not be given for courses taken more than six calendar years before applying for admission to graduate study. Only courses with a grade of "B" or "A" will be considered for transfer and must be substantially parallel to Gardner-Webb University courses. Students currently enrolled in the any of the programs at Gardner-Webb University must have prior written approval to take courses from another institution for transfer credit.

Courses accepted in transfer admission are recorded as credit only grades are recorded on a transfer evaluation form, but no grade points or grade point averages are computed. The grade point average used for administrative policy and for graduation is computed on academic credit earned at Gardner-Webb University. The Registrar interprets the transfer policy and certifies students for graduation.

The primary purpose of the transfer credits policy is to permit incoming students credit for work previously completed. Students are expected to take the appropriate courses offered by Gardner-Webb University once they enter the program. Permission is granted to take courses offered by other institutions when the appropriate course is not offered by Gardner-Webb University or when it is more convenient for the University to approve a course for transfer than to offer the course by special arrangement.

Strong undergraduate students at Gardner-Webb University may be permitted,

under special circumstances, to register for graduate courses with the permission of the Dean of the Graduate School of Business. Graduate level courses may not be counted toward both the bachelor's and master's degree.

## READMISSION OF FORMER STUDENTS

Any student who does not register for three consecutive terms (the two summer sessions count as one term) must apply for readmission before resuming graduate work. The Graduate Business office keeps inactive files for a year after which students applying for readmission must submit all new application materials including transcripts and letters of recommendation, GMAT score and interview. The student will be notified by the Graduate Business office of their new status. No application fee is charged for readmission.

## TIME LIMITS

Students have a time limit of six (6) calendar years to complete their degree from the beginning of the term in which they are initially accepted.

# THE M. CHRISTOPHER WHITE SCHOOL OF DIVINITY

*Stretching the Mind, Stirring the Heart, Serving the Church*

## INTRODUCTION TO THE SCHOOL OF DIVINITY

On October 22, 1992, the Board of Trustees unanimously approved the establishment of the Gardner-Webb University Divinity School, believing that such an action was an appropriate response for Gardner-Webb University given the needs of the denomination, the changes in theological education, the heritage of the University, and the strength of the University's support. On October 23, 1998, the University's Board of Trustees named the School the M. Christopher White School of Divinity in honor of the University's president.

The School of Divinity, one of four schools offering graduate degrees within the academic program of Gardner-Webb University, has close ties to the Baptist State Convention of North Carolina and the Cooperative Baptist Fellowship.

### SCHOOL OF DIVINITY PURPOSE

The School of Divinity as an academic unit of Gardner-Webb University is Baptist in origin and commitment, evangelical in outlook, and has as its purpose the preparation of persons for Christian ministries. To achieve this end, the School of Divinity offers courses of study in which, under the leadership of dedicated and competent teachers, students engage in the study of and reflection upon the data, meaning, and implications of the Christian faith, beginning at its biblical base, enter into thoughtful and critical assessments of church history and theology, become involved in the process of spiritual formation personally, socially, and vocationally, and participate in the study and practice of various expressions of Christian mission and ministry.

### DOCTRINAL STATEMENT

The M. Christopher White School of Divinity at Gardner-Webb University is founded upon the affirmation of ultimate commitment and loyalty to the God disclosed most fully and completely in the person and work of Jesus Christ. The School of Divinity stands in the mainstream of the Baptist tradition within Christian heritage. The hallmark of Baptist faith commitment is the centrality and authority of the Bible in matters of faith.

The faculty of the M. Christopher White School of Divinity affirms the centrality of the Bible to the mission of the School by the symbolic placement of a commemorative copy of the sacred Scriptures in the School with the names of all faculty inscribed therein. In so doing, the faculty bears witness to their commitment that the Scriptures constitute the final authority in matters of faith.

## GLOBAL MISSIONS RESOURCE CENTER

The Global Missions Resource Center stands ready to assist students and local churches in the areas of mission education and mission opportunities. The Resource Center works in conjunction with the M. Christopher White School of Divinity to encourage a sense of Global Awareness as students begin to serve as Christ's ambassadors locally and abroad.

## CENTER FOR CONGREGATIONAL ENRICHMENT

In 1999 the University launched the Center for Congregational Enrichment as an auxiliary of the School of Divinity. The Center's purpose is to address the need for competent leadership in the local church by providing quality religious educational opportunities for lay and continuing education for clergy who are not enrolled in degree-seeking students in the School of Divinity. The Center offers classes, seminars, and conferences on the Quadran-Webb University campus and at various off-campus sites. For more information contact Danny West of the School of Divinity.

## THE C.O. AND ELIZA GREENE LECTURESHIP

The C.O. and Eliza Greene Endowed Lectureship was established in 1993 in honor of the Reverend and Mrs. C.O. Greene of Lenoirville, North Carolina. The Reverend Greene served for approximately fourteen years as Director of Missions for the Kings Mountain Baptist Association. Prior to that ministry, he served as pastor of four churches in Cleveland County and of two other churches in North Carolina. The lectureship, administered by the School's Center for Congregational Enrichment and funded by family members, friends, and members of churches where the Reverend Greene served as pastor, was established to preserve the legacy of excellence in pastoral ministry which characterized his ministry. The lectureship addresses various dimensions of pastoral ministry.

## CHAPEL AND FORMATIONS

Chapel is provided by faculty, students, and staff working together to plan regular worship experiences. Formations is a small group member experience led by each student's faculty mentor in conjunction with spiritual formation (DSMF) classes. As the name Formations suggests, relevant issues of ministerial formation are addressed.

## BIBLELAND STUDY

Believing that travel and study in the lands of Israel, Greece and Turkey greatly enhances the study and future ministry of School of Divinity students, the University provides substantial financial support for qualified students to participate. For details contact the Dean of the School of Divinity.

## FOREIGN MISSIONS OPPORTUNITY

A goal of the School of Divinity is to assist each student with an opportunity to participate in an international mission/study experience under the leadership of qualified supervisors. In order to facilitate these experiences the School of Divinity is establishing formal relationships with Baptist ministries around the world. An example is the Theological Seminary (Union of Evangelical Christian and Baptist Churches of Ecuador), Tarma, Ecuador.

## THE SCHOOL OF DIVINITY SETTING

Students in the School of Divinity will find that the University setting affords them many advantages such as NCAA Division I athletic events, concerts and dramatic productions. In addition, the University sponsors the Concert of Prayer and the Stanley Lecture Series.

Recreational facilities including the Scott Wellness Center, weight room, indoor and outdoor jogging tracks, basketball courts, tennis courts, racquetball courts, and swimming pool are open to all School of Divinity students. Admission to University athletic and cultural events is provided through student identification cards.

## STUDENT ASSOCIATION

All students who are enrolled in graduate studies in the School of Divinity at Gardner-Webb University are members of the Students Association. The mission of the Students Association is to work in cooperation with the faculty and administration of the School of Divinity of Gardner-Webb University to develop and promote excellence in ministry education, innovation, and peer serving leadership in the Christian community in which all these students serve.

# DEGREE PROGRAMS AND ACADEMIC INFORMATION

## MASTER OF DIVINITY, PROGRAM DESCRIPTION

The Master of Divinity, a three-year course of study, is recognized by The Association of Theological Schools in the United States and Canada (ATS) as the basic professional degree. The theological education associated with this degree has service to the church as its central focus. Predicated on the assumption that ministers in the church should share a common theological substructure irrespective of their particular calling, the School of Divinity offers the Master of Divinity degree (M.Div.) in five concentrations, each sharing a common 60-hour core comprised of biblical studies, historical/theological studies, spiritual formation, and ministry studies. Beyond the core, students may choose, by means of a 30-hour concentration, to earn the M.Div. degree with a concentration in Pastoral Studies, Christian Education, Pastoral Care and Counseling, or Missiology.

Emphasizing theological reflection and ministerial formation, this course of study is designed to provide men and women with a comprehensive, in-depth knowledge of the body of divinity and to help ministers develop the skills necessary for effective ministry. "Real world" ministry situations, surfaced by the students themselves, serve as catalysts for theological reflection in interdisciplinary courses, team-taught seminars, and spiritual formation experiences.

Moreover, not only does the curriculum seek to bridge the gap between "theory" and "practice" in ministry, but also to help the students to synthesize and integrate the theological contents of the various disciplines of the body of divinity.

The School of Divinity's "Be, Know and Do Statement," encapsulated in the M. Div. "Program Objectives" (see page 91), is the guiding document around which the curriculum is built.

## CORE CURRICULUM

The M.Div. core curriculum is designed to be integrative, inductive, and interactive. Seeking to move beyond the artificial dichotomy between "theory" and "practice" that has often characterized theological education, the curriculum requires students to reflect theologically on the practice of ministry while they are actually engaged in ministry. The common core of divinity means that every student, irrespective of his/her ultimate vocational ministry, will share the same biblical/theological infrastructure for ministry, thus raising "shared ministry" and "pastoral teaching" less an ideal and more a reality. Moreover, such an approach fosters a genuine appreciation for ministerial diversity and the rich variety of the ministries of the church.

A guiding principle behind the core curriculum is that effective ministry is not simply a function of what the minister knows, or even what the minister does, but must also include what the minister is, both personally and vocationally.

Assessment of who students "are," what students "know," and what students can "do" is informed by pre- and post-tests, specific assignments and assessment interviews/conferences associated with the following core courses:

- Introduction to Theological Education for Ministry (to be taken during first year of study)
- Spiritual Formation: The Christian Journey
- Old Testament
- New Testament
- Christian History
- Christian Theology
- Administration and Leadership in the Church
- Ethics
- Introduction to Preaching
- Introduction to Worship in the Church
- Missions and Evangelization
- Introduction to Pastoral Care and Counseling
- Theological Integration Seminar

## CONCENTRATIONS

The M.Div. with a concentration in Pastoral Studies is the foundational degree both for those aiming toward the pastorate and the Ph.D. (the degree typically required for service in academia). The M.Div. with a concentration in any of the courses of study may also be followed with a Doctor of Ministry degree (D.Min.), an advanced professional degree designed for the person in local church or denominational ministry.

Beyond the 60-hour core, students may choose one of five concentrations each requiring a further 30 hours: Pastoral Studies, Christian Education, Pastoral Care and Counseling, or Missiology; or in place of a concentration the student may pursue one of two dual degree programs – the M.Div./M.B.A. program and the M.Div./M.A. in English.

## MINISTERIAL FORMATION

Recognizing the importance of ministerial formation, each student's progress is tracked throughout his or her doctoral school experience. Evidence of movement toward maturity in spiritual and ministerial formation is gathered into a student portfolio. Such vehicles as the Profiles of Ministry Instrument Stage I, Annual Spring Mentor Conference, Formations small group experiences, Assessment

Interviews and a Senior Mentor Conference each emphasize that genuine spiritual formation involves healthy relationships toward self, others, the material world, and God.

Chapel and Formations are required of all students in four core spiritual formation classes: Introduction to Theological Education for Ministry (DESP100), Spiritual Formation: The Christian Journey (DESP101), Theological Integration Seminar I (DESP102) and Theological Integration Seminar II (DESP103). Faculty, students, and staff work together, plan, lead and participate in Chapel worship experiences concurrently with their respective spiritual formation classes.

A small group formation experience is led by each student's faculty mentor (and by the instructor of the DESP100 night class in conjunction with all spiritual formation classes). As the name Formations suggests, relative issues of ministerial formation are addressed. The five topics addressed in Formations include:

- What it means to bear the name Christian
- What is the primary focus of worship
- What is personal and ministerial integrity
- What are the sustaining spiritual disciplines
- What are appropriate outlets for managing ministerial stress

In consultation with the faculty mentor the student selects for inclusion in the Student Portfolio three to five examples of his/her best work done at various junctures during the course of study. Anecdotal items such as journal entries or faculty comments may also be included in the portfolio. A Ministry Formation Narrative, should one be given, may likewise be placed in the Student Portfolio any time a matter of ministerial formation should be noted by a faculty member. These items become discussion points at Spring Mentor Conferences, the Assessment Interview and the Senior Mentor Conference. The portfolio becomes the property of the School of Divinity for a period not to exceed ten years, with a copy provided to the student at the student's request.

## SUPERVISED MINISTRY EXPERIENCE

Students will also participate in an approved Supervised Ministry Experience (SME). During two consecutive semesters of his/her M.Div. degree program, each student will serve in a ministry position, either volunteer or paid, which will involve the student in significant leadership opportunities requiring responsibility in planning, administering, leading, and evaluating.

These two semesters of SME will be taken in conjunction with the two-semester course Theological Integration Seminar I & II (TIS I & II) in which each student will serve a minimum of 10 hours weekly in the ministry placement. Proposed SME placement must be approved by the Associate Dean of the School of Divinity who administers the program and oversees student progress in a ministry setting.

## PROGRAM OBJECTIVES

The program objectives for the Master of Divinity degree are to help students know at a rudimentary level the basic body of divinity including:

- a knowledge of the facts, histories, principles, philosophies, and current discussions in each of the following disciplines: biblical studies, biblical languages, Christian and Baptist history, hermeneutics, homiletics, ethics, philosophy of religion, missiology, evangelism, worship, pastoral ministry, pedagogy, church adminis-

## ACADEMIC APPEALS

A student who experiences a problem concerning a grade or any other aspect of a course, including issues relating to but not limited to academic dishonesty, should first discuss the matter with the professor. If the problem is not resolved, the student should go next to the Associate Dean of the School of Divinity. If the student or the professor is not satisfied with the decision of the Associate Dean, either party may take the matter to the Appeals Committee whose decision is final.

The Appeals Committee consists of the Dean of the School of Divinity, who serves as chair, and two School of Divinity faculty members.

To initiate an appeal, the dissatisfied party should address a letter to the Dean of the School of Divinity, stating the reason for the appeal and explaining the circumstances. The Dean will convene the Appeals Committee. If the student or the professor is asked to appear before the committee, he or she at that time may bring a

representative from within the University to act as counsel. The deadline for an academic dishonesty appeal is seven days after the date of the decision being appealed. The deadline for other types of academic appeals (except for grade appeals) is eight months after the date of the decision being appealed. Grade appeals must be completed prior to the last day of the following semester. Grade appeals relating to courses taken during the summer must be made prior to the last day of the following fall semester.

## ACADEMIC HONESTY AND PERSONAL INTEGRITY

It is presupposed that all persons enrolling in the School of Divinity, at whatever level of admission, will exemplify a high level of Christian commitment as well as a high degree of academic and personal integrity. It is expected that this commitment will be reflected in personal relationships, academic performance, and conduct inside and outside of the classroom. A student's continuing enrollment may become the subject of a formal review if any of the above expectations are not being fulfilled. A member of the administrative staff, faculty member, or student may request a formal review and action by the Associate Dean of the School of Divinity. Upon the conclusion of the formal review, the Associate Dean may take action which may include but is not limited to probation, suspension, counseling, etc. If any party to the review, student, faculty, or administrator, is not satisfied with the decision of the Associate Dean, he or she may request a hearing by the Appeals Committee, whose decision is final.

## GRADUATION REQUIREMENTS

Students must meet the above requirements and have maintained a grade point average 1.00 or better on a 4.00 scale.

## TIME LIMITS

The maximum time for completion of the M.Div. degree is three years. The maximum time allowed for completion is six years from the date of first enrollment. Beyond the six-year time limit, students may petition the faculty for an extension of time.

### MASTER OF DIVINITY/MASTER OF ARTS IN ENGLISH\*

The M.Div./M.A. degree is designed to enhance divinity students' literary skills by permitting them to earn a second degree, the M.A., instead of the usual M.Div. concentration. This degree provides students with a broad and rich literary context from which to do ministry and provides them with a common frame of reference with which to connect with persons of diverse cultures and background. Moreover, it provides students with enhanced critical and analytical skills with which to reflect on life and the world while providing them with additional literary models with which to understand and interpret the Scriptures.

The degree has two potential student populations in view: (1) the minister who desires greater background in the literary arts as a context for ministry, and (2) the minister who serves in a small church situation and who feels it necessary to up-

pleasant church-derived income through secular employment. In the latter case an advanced degree in a non-ministerial discipline will be of significant value.

The M.Div./M.A. is housed in the School of Divinity and requires completion of the 60 hour core, 6 hours biblical studies electives, 6 hours historical/theological electives, 3 hours practical ministry electives of the M.Div. degree and the 30 hour M.A. in English degree.

# DOCTOR OF MINISTRY

## PROGRAM DESCRIPTION

The D.Min. degree is an advanced professional degree designed to equip persons who are committed to Christian ministry to fulfill their calling at the highest level of excellence in the practice of ministry. The program of study requires a Master of Divinity degree from an accredited theological institution and sufficient experiences in ministry to insure a level of maturity appropriate to engage the intensity of the program design. The degree program identifies reflective thinking, or, more specifically, the ability to think theologically, as the primary skill essential to effective ministry. All aspects of the program build from that assumption. The degree program attempts to address ministry issues developing naturally from the global community which is the context for the twenty-first century church. Both by academic design and supervision elements, the degree intends to reflect the interactive, laity-involved, team-oriented nature of ministry required to address the needs of the twenty-first century church.

The D.Min. degree program models holistic ministry. Worship, the encounter with God and offering of self to God, provides the foundation on which all else is based. The care of the self and care for the community of faith is the natural extension of the experience of God's love and care. Effective administration of resources enables ministry to achieve its purpose and effective Christian education evaluation fuels development. Committed ministry engages the world, living out the Christian gospel in both the near and distant world community. Committed ministry includes dedication to life-long learning which prepares the minister to address the world with the ever-relevant word of God.

## ADMINISTRATION OF THE PROGRAM

The D.Min. program operates under the guidance and administration of the Dean of the School of Divinity. Enforcement of all academic policies is at the discretion of the Dean in consultation with the Associate Dean and the Director of the D.Min. program. Instructional personnel, both adjunctive and residential, are appointed by the Dean to whom they are directly responsible.

## DIRECTOR OF THE PROGRAM

The Director of the D.Min. program is responsible for the day to day administration of the program, and the D.Min. office is the primary communication portal for current candidates and prospective candidates.

## COMPONENTS OF THE PROGRAM

The D.Min. degree is a thirty-hour degree program comprised of three major components: seminars, supervision, and a ministry project.

### SEMINARS

Five seminars are required of each candidate for which eighteen credit hours will be earned. DRUMSKN (The Ministry as Life-long Learning) is required of all students and is prerequisite to all subsequent seminars. All seminars have some aspect of ministry as their primary focal point.

## SUPERVISION

Each D.Min. candidate will complete a minimum of two semesters of Peer Learning Supervision (8 hrs.) under the direction of a School of Divinity appointed Field Supervisor. In lieu of one semester of Peer Learning Supervision, a candidate may substitute one hour unit of Clinical Pastoral Education (CPE), with prior approval of the D. Min. Director. Candidates will participate in structured supervised peer-learning experiences related to their ministry.

## MINISTRY PROJECT

Candidates will design, implement, and reflect upon a self-directed, original project of ministry conducted in the minister's own ministry setting (8 hrs.).

# PROGRAM OBJECTIVES

The D.Min. degree seeks to enhance the capacity of the minister to engage in theological reflection in the real world in the service of the church. To achieve this end, the D.Min. degree will seek to lead the minister to:

- develop an appropriate biblical theology of worship and, in light of that theology, a capacity to lead effectively the community of faith in corporate worship;
- develop an appropriate pastoral theology, a level of personal, interpersonal, and spiritual awareness commensurate with mature ministry, and the requisite skills to practice pastoral care in a ministry setting;
- develop an understanding of the processes of faith development and to administer within a ministry setting effective structures and systems for the nurturing of the same;
- develop an understanding of the church, and higher role in it, within a global context, and the capacity to reflect theologically on the implications of that global context for the nature and mission of the church;
- understand the ministry as a commitment to life-long learning, and to develop appropriate educational strategies within the ministry setting to realize that commitment;
- demonstrate the ability to reflect upon the nature of one's ministry by conceptualizing and executing an original project in ministry, reflecting theologically on that project, and defending the project to a committee of faculty and other ministry professionals.
