Doctor Phil Elliott, President
Gardner-Webb College
Boiling Springs, North Carolina

Dear Phil:

Mr. Carpenter came up yesterday and we finally have all of the information as to the equipment. I believe it will be at least the 29th before we could possibly put the information on the drawings. This would mean that we can print them on November 30 and get them into the hands of the contractors around December 1 or 2 which means that the contractors could start working on them on Monday, December 5. In order to receive good proposals the contractors should have a minimum of two weeks. So we wonder how much it would inconvenience you if we set the date for receiving proposals up to December 20 in place of December 13?

Please let me hasten to say that I am in no way criticizing Mr. Carpenter for he has done an excellent job.

I tried to call you today but found that you were out of town so please call me when you have had time to read this letter.

With kind personal regards, we are

Cordially,

SIX ASSOCIATES, INC.
