CATALOG REQUIREMENTS

The conditions and policies set forth in this catalog have binding effects upon the college and students for the academic year in which it is in force. The college reserves the right to make necessary changes and corrections. Where changes are made in graduation requirements the college accepts a moral obligation to provide students the conditions effective the year of their most recent continuous enrollment or an alternative which would not be punitive. Otherwise, all other requirements are effective and in force upon publication of changes. Appeals may be handled as described on page 9.

The world experienced a major historical event in 1990 and 1991, when military conflict broke out in the Persian Gulf. Once again, technology which resulted from a high level of educational training played a key role in deciding the outcome.

The concept of "lifelong learning" looms ever-present in our society. Adults must constantly upgrade their skills and knowledge base to meet the changing technological demands. The GOAL program was designed for this purpose and continues to serve the educational needs of nontraditional students in North Carolina.

We are pleased that you chose the Gardner-Webb College GOAL program as your avenue of educational endeavor. We stand ready to serve you in every possible way.

Best wishes for success.

INTRODUCTION TO GARDNER- WEBB COLLEGE

Gardner-Webb College is a coeducational, residential, church-related college on a beautiful campus just outside Shelby at Boiling Springs, North Carolina. The College derives its name from O. Max Gardner, distinguished governor of North Carolina in the 1930's, and his wife, Faye Webb Gardner. The beauty of the campus and the quality of the academic program owe much to their example and leadership.

Location. Gardner-Webb College is located in the Piedmont section of western North Carolina, one of the most desirable and rapidly developing areas of our nation. Boiling Springs is a small rural town. Nearby Shelby, a city of 18,000, is noted for its support of the arts and as the home of state and national leaders. Forty-five miles east of Gardner-Webb is the thriving city of Charlotte, the largest city in the Carolinas. Less than one hour away to the south is the city of Spartanburg, South Carolina. Gardner-Webb College is easily accessible, being located only three miles from U.S. 74 and thirteen miles from Interstate 85. Less than one hour from campus are the Smoky Mountains with many recreational opportunities.

Gardner-Webb College enjoys the lifestyle of a relatively small institution yet has the advantage of being centrally located to major urban resources in nearby areas.

Students. Gardner-Webb College, founded by Southern Baptists in 1905, has grown steadily to its current enrollment of over 2,000 students. The 1,800 undergraduates come from many states and several foreign countries. Slightly less than half of the students are men, and the student body includes several racial and socio-economic groups. Gardner-Webb College admits students of any race, color, sex, and national or ethnic origin without discrimination. This diversity enriches the life of the campus community and reflects the nature of American society.

Accreditation. Gardner-Webb College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools. In addition, the Davis School of Nursing is accredited by the National League of Nursing and the music department by the National Association of Schools of Music. The College is authorized by the immigration authorities of the United States for the training of foreign students.

Statement of Purpose

The purpose of Gardner-Webb College is to provide liberal and professional learning of distinction within a caring community based on Christian principles and values.

Preamble:

Gardner-Webb College embodies a central concept of the Judeo-Christian tradition, which emphasizes oneness in plurality. God is one, yet He is experienced as Father, Son, and Holy Spirit. Likewise, we are a community which is at once individual and corporate. Thus, as a family we recognize the distinctive importance of each member; as members, we recognize the unique importance of the family. We are one family with many members, one institution with many disciplines.

Ultimately, our purpose is rooted in Jesus Christ and is reflected in the words of the Hebrew injunction, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul,

and with all thy mind....Thou shalt love thy neighbor as thyself."*

Gardner-Webb College strives to:

Maintain its commitment to the Christian faith through the Baptist denomination, fostering the conviction that God exists and that He is revealed in Jesus Christ. This community recognizes that no truth can be separate from the ultimate truth of Jesus Christ. This truth, fearing nothing from investigation, is reflected in every discipline.

Special Studies Program

Gardner-Webb College provides comprehensive special studies programs consisting primarily of the Greater Opportunities for Adult Learners (GOAL) program, to meet specialized educational needs of adult learners. The GOAL program provides opportunities for working adults who possess an Associate degree or equivalent (64 semester/96 quarter hours) to earn a Bachelor of Science degree during evening hours. The GOAL program is designed to serve students who are unable to pursue a day program because of work schedules, family responsibilities or geographic locations. Programs are available in: Accounting, Business Administration, Business Management, Health Management, Management Information Systems, Criminal Justice, Human Services, Nursing and Religion. In addition to the Gardner-Webb campus, GOAL programs are provided in the following regional locations: Charlotte, Dallas, Dobson, Hamlet, Newton, Statesville, Troy, Valdese, Wilkesboro, and Winston-Salem, North Carolina.

Classification as a "Special Student" enables an adult learner who possesses a degree or does not wish to pursue a degree, to enroll in a GOAL course or courses for credit. There is no maximum number of hours which may be accumulated as a special student; however, students who accumulate 15 semester hours should inform the Office of Special Studies of their intent. If a degree is desired, an advisor will be assigned at this point. Special students must submit an application for admission and a \$15 application fee. The tuition rate for special students will be the current GOAL tuition rate.

Continuing Education Unit (CEU) experiences are provided on the basis of need. The experiences take the form of conferences, workshops, special courses, seminars, and symposia. Many of these are provided in conjunction with the Broyhill Academy for the Study of Independent Concepts and the B.E. Morris Academy for Christian Studies.

Summer School

Gardner-Webb College provides summer classes at all GOAL centers. The institution is a member of the North Carolina Association of Summer Sessions and the North American Association of Summer Sessions. The Summer School is divided into two five-week terms offering courses during both day and evening hours. A student generally carries

a three or six-semester-hour load during each five-week term. Registration is conducted on campus at the beginning of each term for day. GOAL registration for both summer terms is conducted by mail. Application for admission/re-admission should precede registration by at least a month.

The Master of Arts in Education Program provides a variety of courses during Summer School. For specific information, see the Graduate Bulletin and/or contact the Director of Graduate Studies.

A variety of special programs and camps is also provided during the Summer.

Admissions Criteria

The admissions profile for full admission to GOAL is as follows (all programs except Nursing and Religion):

1. Associate degree or equivalent (64 semester/96 quarter hours) in a curricular area and from an institution approved by Gardner-Webb College for inclusion in the GOAL program.

2. Present 64 semester/96 quarter hours of transfer credit with a minimum grade point average of 2.0 (C).

3. Completion of specific prerequisite coursework as deemed necessary by the department of the chosen major.

GOAL Admissions Procedures

1. The prospective student completes the application and forwards it to the Office of Special Studies along with the application fee. At this time the student also requests official transcripts from all colleges previously attended (credit from two-year business colleges is not transferable). All students eligible for Veteran's Benefits must provide proof of high school graduation regardless of the number of hours or Quality Point Ratio transferred.

2. Upon receipt of all the above information, the folder is forwarded to the Transcript Evaluation Officer for analysis of transfer credits.

3. Upon completion of this analysis, the folder is returned to the Office of Special Studies, where determination of eligibility for the program is made based on admissions criteria. Students may be fully accepted or provisionally accepted (see statement on provisional acceptance below). A letter of full acceptance, provisional acceptance, or deferral, along with a copy of the transcript evaluation is sent to the applicant.

4. The academic advisor is forwarded a copy of all materials for proper advising of the student at a later date. Students may enter at the beginning of any semester or summer term. While there is no application deadline, typically three or four weeks are needed to process all applications.

Provisional Acceptance

Provisional acceptance may be granted on an individual basis to students who are unable to complete all admission requirements prior to registration. For example, if a student is unable to provide all transcripts prior to the registration date for his/her center, provisional acceptance may be granted for a period of one semester. The student must complete the processing before the beginning of the next semester in order to be eligible to register. Provisional acceptance may also be granted to a student who is qualified for a program in terms of credit hours and grade point average but may lack certain prerequisites for the chosen GOAL major. Advisors will monitor the progress of this type of provisionally accepted

student to determine when all prerequisites have been satisfied and when full acceptance can be given.

REQUIREMENTS FOR A SECOND BACCALAUREATE DEGREE/MAJOR THROUGH SPECIAL STUDIES

A second baccalaureate degree may be sought by a person who holds a bachelor's degree from another institution. A second major may be sought by a person who holds a baccalaureate degree from Gardner-Webb College. All applicants must have at least a 2.0 QPR (overall) on all college work attempted.

The following requirements must be met by the student who wishes to receive a second degree:

1. The student must complete a minimum of thirty (30) semester hours with Gardner-Webb College beyond the requirements for any previous degree.
2. At least one-half of the requirements for the major must be completed with Gardner-Webb College.
3. The student must maintain a quality point ratio of 2.0 or better with a grade of C or better in each course counted toward the major.
4. For the second degree, the student must meet all the curriculum requirements, including the core, of the current Bulletin. The student seeking a second degree must choose a major from those listed in the current Bulletin. Because individual course needs are different for each student, the number of semesters required to complete the second degree will vary (effective Spring Semester, 1987).

Transfer Policy

Students transferring from a two-year accredited college into the GOAL Program may be admitted to advanced standing on the basis of having acquired an Associate degree or the equivalent in a curricular area approved by Gardner-Webb. Gardner-Webb will apply a maximum of 64 semester hours from two-year colleges toward a baccalaureate degree.

Students transferring from an accredited four-year college may transfer up to 98 semester hours. The final 30 hours for graduation must be taken with Gardner-Webb.

If the transfer of all passing grades for previous work completed does not result in an overall average of at least 2.00, the student, with the assistance of the faculty advisor, must select courses to be eliminated to achieve an average of at least 2.00. Courses selected are transferred as credit only. Grades for the selected courses are recorded on a transfer evaluation form, but no grade point average is computed. The grade point average for graduation is computed on academic credit earned at Gardner-Webb. The grade point average for honors at graduation is computed on Gardner-Webb work and all other college level work.

The combined total of transfer credit from two-year and four-year colleges may not exceed 98 semester hours. Of the 98 semester hours, no more than 64 semester hours may be transferred from a two year college.

Transfer Credit

Evaluation of transfer courses which are determined to be Gardner-Webb College equivalents is coordinated by the Academic Dean. Transfer credit will be evaluated from institutions which have regional accreditation status. Normally

coursework from non-accredited institutions will not be accepted.

College-Level Examination Program: Gardner-Webb College grants credit to students submitting test scores from the College-Level Examination Program on the following basis:

1. Credit will be received on the same basis as transferred credit from accredited institutions of higher learning.
2. No credit will be granted in an area for which the examinee has college credit. Also, CLEP tests must be taken before the student enrolls in a comparable course. No course can be dropped to take a CLEP test, and no subject attempted in class may be repeated by CLEP.
3. Credit will be received as pass/fail, that is, no hours attempted or quality points will be computed in the examinee's quality point ratio.
4. Unsatisfactory scores will not become a part of the student's record.
5. A CLEP test on any subject may be taken only one time.
6. Concerning the General Examinations:
 - (a) The student must submit a score at or above 500 on each test.
 - (b) The number of semester hours granted will be that normally granted for the area covered by the test with the following restrictions:
 - (1) A maximum of three semester hours credit may be granted for each test.
 - (2) A maximum of three semester hours credit may be granted on the basis of a sub-score provided the area is appropriate.
 - (c) Credit thus granted may be applied to the student's course of study only as basic courses or free electives.
7. Concerning the Subject Examinations:
 - (a) The student must submit a score at or above the mean score for C students on the CLEP national norms, such scores being provided and recommended by the Council on College-Level Examinations.
 - (b) The number of semester hours granted will be determined by the scope of the material measured, as indicated by the Council on College-Level Examinations.
 - (c) Credit thus granted may be applied to the student's course of study without restriction.

Armed Service-Related Programs: Veterans who have successfully completed a course or courses under the Service School training program or through USAFI may submit a record of courses complete for review by the Academic Dean. Credit may be applied or subject waived, depending upon the discretion of the proper authority, and the appropriateness of the course in the student's educational objective and program.

Servicemen's Opportunity College: Gardner-Webb College actively seeks students from among America's past and present service men and women. As a participating Servicemen's Opportunity College, this institution offers a variety of educational opportunities to enable service personnel and veterans to learn skills necessary to their performance of duty, advancement, and future vocational growth.

Compliance Statement For The Drug-Free Schools And Communities Act Amendments

Gardner-Webb College supports and is fully committed to the concept of a drug- and alcohol-free campus and community. In order to comply with the Drug-Free Schools and Communities Act Amendments of 1989, Gardner-Webb publishes the following and makes it available:

(1) The unlawful manufacture, distribution, dispensing, possession or use of controlled substances such as, but not limited to, the following:

- Narcotics (heroin, morphine, etc.)
- Cannabis (marijuana, hashish, etc.)
- Stimulants (cocaine, diet pills, etc.)
- Depressants (tranquilizers, etc.)
- Hallucinogens (PCP, LSD, "designer drugs", etc.)
- Designer (MDA, MDA-known as "ecstasy", ice, etc.)
- Alcohol

is prohibited by students on Gardner-Webb College's property or as any part of the college's activities. As a condition of enrollment, Gardner-Webb College students will abide by these terms.

(2) Gardner-Webb will impose disciplinary sanctions on students who violate the terms of paragraph 1, above. Upon conviction, the appropriate disciplinary action, up to and including expulsion from the College and/or satisfactory participation in a drug and alcohol abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency, will be taken. More specific penalties are outlined in the following publications: Gardner-Webb College student handbook, Gardner-Webb College Special Studies Bulletin, Gardner-Webb College Graduate catalog. Violations may also be referred to the appropriate civil authorities for prosecution under local, state, and federal law.

(3) Local, state, and federal laws prohibit the unlawful possession, and distribution of illicit drugs and alcohol. The applicable legal sanctions for various offenses are listed in the North Carolina Criminal Law and Procedure book, a reference copy of which is maintained by the Department of Safety and Security.

(4) A booklet describing the health risks associated with the illicit drugs and abuse of alcohol is made available to all students. Additional information and individual counseling is available through the College's Counseling Center, if necessary, and at the student's expense, referral can be made to an outside agency.

Academic Information

Academic Counseling

Each student who is admitted to the GOAL Program is assigned an academic advisor who assists in the development of a written program of studies. Advising is provided for new students at first registration, and for continuing students at mid-term of fall and spring and in mid-summer. Time does not permit adequate advising for continuing students at registration. They are therefore strongly urged to attend scheduled advising sessions.

Academic Load

The normal full load is 12 semester hours each fall and spring semester and 6-9 semester hours during the ten-week Summer School.

Registration

On-site registration is conducted prior to Fall and Spring semesters. However, mail-in registration procedures have been developed for the mutual benefit of the College and students and are more convenient. Students should meet with their advisors during the scheduled advising sessions to complete all necessary forms and then mail these forms, with payment, to the Business Office, on or before the published deadline. Those not completing the process before the deadline must attend on-site registration. Continuing students must adhere to the mail-in deadline or be subject to a late registration fee.

On-site registration is not conducted during the summer term. The process is completed entirely by telephone and mail. It is imperative that the student attend the scheduled advising sessions to assure efficient functioning of the system.

The registration process also includes payment for textbooks which will be delivered by professors on the first night of class.

A student must be officially admitted to the college prior to Registration. An Admission Form must be filed with the Office of Special Studies. A \$15 application fee is required of all applicants. A student is not officially enrolled for a course until officially accepted for admission and cleared with the Business Office. Each Course Request Form must be signed by the faculty advisor prior to Registration. A student may register at any one of the centers for courses offered in all centers.

Note: There is a charge of \$40 for late registration.

Readmission

Any student who does not register for two consecutive fall and spring terms must apply for readmission. An application for readmission should be filed with the Office of Special Studies at least two weeks prior to the opening of the term in which a student wishes to resume studies at Gardner-Webb College. There is no fee for application for readmission.

Tuition

Tuition for the 1991-1992 academic year is \$115 per semester hour. The College reserves the right to change cost per semester hour when the change is deemed necessary. Tuition increases, when necessary, are implemented during the summer term. Students enrolled in 12 or more semester hours who are legal North Carolina residents and are pursuing their first baccalaureate degree may be eligible for the North Carolina Legislative Tuition Grant. During the 1990-91 academic year the grant was \$361 per semester. The grant is not available during the summer term.

GOAL students pay the GOAL tuition rate per semester hour, as specified in the applicable Special Studies Bulletin, for classes designated as GOAL classes, regardless of the number of hours taken. When a class taught on the GWC campus is designated as a GOAL class, (it may be designated as both GOAL and regular), the GOAL student pays the GOAL tuition rate. GOAL students may enroll for day classes, but will pay day tuition rates.

Any student holding an undergraduate baccalaureate degree, except BSN-Statesville Nursing students, will pay the graduate tuition rate per semester hour as specified in the applicable graduate catalog, for any class taken from Gardner-Webb College, regardless of location, number of hours taken, or classification of course.

Deferred Payment Plan

Tuition, fees, and book charges are payable in full at registration; however, the College makes available a deferred payment plan to those GOAL students who prefer to make monthly payments rather than a lump sum payment at registration.

Terms of the Deferred Payment Plan:

I. The payment schedule will be shared during advising sessions.

II. A Deferred Payment Charge will be assessed at a rate of \$2 per credit hour.

III. The Business Office reserves the right to accept or reject any request.

IV. The student is responsible for making payment on the three dates set for each semester.

NOTICES WILL NOT BE SENT

Refund Policy for Graduate and GOAL Programs

Registration in the College is considered a contract binding the student for charges for the entire semester. However, it is the policy of Gardner-Webb College to give limited refunds in the event a student OFFICIALLY WITHDRAWS from classes in the GOAL or Graduate Program. In order to make a course adjustment (withdraw), the student must contact the Registrar's Office by phone or in person. The student will receive a copy of the completed course adjustment form. Withdrawal must be completed prior to the end of the semester in order to officially withdraw.

The college's limited refund policy is as follows:

1. A full refund will be given provided the student officially withdraws prior to the first official class meeting.

2. A full refund less \$50 will be given to a student who does not attend classes but waits until after classes begin to officially withdraw. Attendance will be based on the instructor's records.

3. In the event a student attends class(es) and finds it necessary to officially withdraw, the following pro rata refund policy will be in effect:

75% refund for official withdrawal within 7 calendar days of the date all classes began

50% refund for official withdrawal within 14 calendar days of the date all classes began

25% refund for official withdrawal within 21 calendar days of the date all classes began.

4. No refund of any type will be granted in the event of failure to officially withdraw, suspension or expulsion. Note: The word refund in the policy above actually denotes a reduction in assessed charges. Actual refunds are available only to those having paid accounts. Refunds for students receiving Federal, State, or Institutional Financial Aid will be made in accordance with the regulations governing the respective programs.

Financial Assistance

All requests for financial aid assistance should be directed to the Financial Planning Office of the College. Financial aid awards are made following a determination of the applicant's admission and eligibility. The Family Financial Statement (FFS) is required, in most cases, for determination of eligibility.

Identification Card

Each student will receive an ID card that serves primarily for use of the John R. Dover Library on the Gardner-Webb campus. All other College activities, such as athletic events and concerts require an admission fee. A GOAL student may purchase a yearbook for \$18. Class rings may be ordered at the College Bookstore at any time.

Change of Name or Address

Students are asked to notify the Office of Special Studies of any change of name or address.

Adding or Changing Courses

The student's schedule of classes may be adjusted by adding or changing courses with the approval of the Registrar within one week from the beginning of the fall or spring semester. Call the Registrar's Office directly, (704) 434-2361, Extension 222. A \$5 fee will be charged for any change following the student's initial registration unless it is required by the administration of the college.

Withdrawing From Courses

A student may officially withdraw from a class at any time during the first 75% of a semester or summer term. The Registrar's Office provides the necessary forms upon request and a fee is required. A grade of W (withdrew) is recorded for the course during the first four weeks of the semester. After the first four weeks of the semester a WP (withdrew passing) or WF (withdrew failing) is assigned by the professor based upon the professor's assessment of the student's work to date in the course. Registration is a contractual agreement. Students who withdraw from courses resulting in less than a 12 hour enrollment will lose the North Carolina Legislative Grant and/or financial aid and are liable for payment of tuition for all registration unless deemed providential by the Office of Business and Finance.

Auditing Courses

Any student may audit a class with the permission of the instructor of the course. All auditors must file an application with the Office of Special Studies. Auditors not enrolled in other Gardner-Webb classes will be charged \$50 per course plus any special fees.

Auditors are subject to the attendance regulations of the College. Additional requirements, if any, are the responsibility of the instructor. Credit will not be allowed for any course for which a student registers as an auditor.

Taking Courses at Other Institutions

Permission for any Gardner-Webb student to enroll at another institution must be obtained beforehand from the Registrar and requires the consent of the chairman of the department in which the student is majoring and his/her academic adviser. The College is not obligated to accept credit for any course when prior permission has not been granted. Study at another institution cannot be used to improve one's academic standing.

Withdrawal, Suspension, Expulsion

Voluntary termination of enrollment during the course of a semester or summer term is defined as withdrawal. Dismissal from school for a specified period of time is suspension, and

expulsion is dismissal for an unspecified period of time. Any evening student leaving school before the end of a term is required to secure a withdrawal form from the Registrar, complete it in full, and return it. Honorable dismissal is granted only if these procedures are followed, and failure to comply will result in the recording of the F grade on all work taken that term.

Code of Conduct

The Code of Conduct is an official part of Gardner-Webb College and gives life on our campus and in our regional centers a special personality. We believe it represents values necessary for an open educational community. Students who enroll at Gardner-Webb agree to abide by this Code. The code is outlined in the student handbook.

Due Process

The Student Government Association of Gardner-Webb College includes in its membership all students of the college. A student charged for violation of campus code regulations is afforded due process as outlined in Article XI, Section C, paragraph 3, of the SGA Constitution and Bylaws.

Classification of Students

Juniors--students fully qualified academically for credit who have earned 60 or more hours of credit, but less than 90 semester hours.

Seniors--fully qualified academically for credit who have earned 90 or more hours of credit.

Class Attendance Policy

Regular class attendance is an important student obligation, and each student is responsible for all work conducted in class meetings. Class attendance policy is the prerogative of the professor. Within the first week of each semester, the professor will clearly state, in writing, the attendance policies which will govern the class. Although some professors permit no absences, the general College rule is that absences cannot exceed 25% of the classtime in order for credit to be awarded.

Absence from class does not excuse the student from responsibility for class work. Planned class absences for official College business or foreseeable personal circumstances must be discussed with the professor prior to the absence and plans made for the submission of course work missed.

If weather prevents class meetings, cancellation will be announced on local radio stations for each center. Professors and students may agree upon a mutually acceptable time for make-up of cancellations. A course generally consists of sixteen meetings including the final examination. However, an exception may be made for those courses that are affected by official College holidays.

Grades and Reports

Academic Appeals

A student who has a question about an academic decision should consult the college official responsible for the decision. If the matter is not resolved to the student's satisfaction, the student may appeal to the Dean of Special Studies and the Educational Policies and Standards Committee, in that order.

Once a grade has been submitted to the Registrar, it will not be changed except in the event of a clerical error or an error in calculation or as a result of the appeal process described below.

A student who has a question about a grade should consult the instructor as soon as possible. A student who believes a grade to be unfair may appeal to the instructor, the department chair, and the Educational Policies and Standards Committee, in that order.

Under no circumstances will a grade be changed, after having been reported to the Registrar, without the approval of the Vice President for Academic and Student Affairs.

Grading System

Grades and quality points represent the instructor's final estimate of the student's performance in a course. The following grades are used by Gardner-Webb College:

	Hours Attempted Per Credit Hour	Quality Points Per Credit Hour
Grading System		
A--Exceptional	1	4
B--Outstanding	1	3
C--Satisfactory	1	2
D--Marginal	1	1
F--Failing	1	0
P--Passing		
(Nursing 206 only)	0	0
I--Incomplete	1	0
W--Withdraw

WF--Withdrew		
failing	1	0

An "I" is assigned where course work is not complete because of circumstances beyond the control of the student. The student has until mid-term grade report of the next semester to complete the course work and remove the "I"; otherwise an "F" will be automatically assigned by the Registrar's Office.

A "W" will be assigned when a student withdraws from a course during the first four weeks of the semester. After the first four weeks of the semester, a WF or WP is assigned by the professor based upon the professor's assessment of the student's work to date in the course.

The last date for withdrawing from an individual course will be four weeks after midterm grade report period or a date not to exceed 75% of the course. After this time the only courses which will be dropped are those which a student drops when withdrawing from school.

Quality Point Ratio

The student's general academic performance is indicated by a Quality Point Ratio, abbreviated QPR. This figure is determined by dividing attempted semester hours into earned quality points. Three Quality Ratios are significant for each student: the semester QPR; the QPR for work taken at Gardner-Webb; and the overall QPR which includes any work taken at other institutions and the student's work at Gardner-Webb.

Repeating Courses

Only a course with a grade of D, F, or WF may be repeated. When a course is repeated, only the higher grade is counted in computing the Gardner-Webb and overall QPRs.

Honors

Semester Honors

Two lists of honor students are posted each semester:

1. Dean's List-- Students enrolled for a minimum of 12 hours and fewer than 15 must have a 4.0 Quality Point Ratio, and one taking 15 hours or more must have a 3.7 or better with no grade below C.
2. Honor Roll-- Students enrolled for a minimum of 12 hours and fewer than 15 must have a 3.5 Quality Point Ratio with no grade below C, and one taking 15 or more hours must have a 3.2 but less than a 3.7 with no grade below C.

Graduation Honors

All students are eligible for graduation honors. A student with transfer credit is considered if the work at Gardner-Webb merits honor, but the overall Quality Point Ratio is used to determine the level of honor.

Baccalaureate degree candidates with Quality Point Ratios of 3.4 or more are graduated **Cum Laude**; those with a 3.6 or more are graduated **Magna Cum Laude**; those with 3.8 or more are graduated **Summa Cum Laude**.

Retention Standards

Standards for acceptable academic progress at Gardner-Webb College are set to assist students in assessing the quality of their performance. Academic probation and suspension are used to alert students to potentially serious academic difficulty in their progress toward degrees.

Students are placed on academic probation as a warning that their level of academic achievement is falling below the level expected of students in their class. If their academic achievement should not improve, they are in danger of being suspended from the College.

Students will be placed on probation whose cumulative grade point average falls below the minimum standards.

Freshmen 0 to 20 hours 1.5

Sophomores 30 to 59 hours 1.7

Juniors 60 to 89 hours 1.9

Seniors 90 hours and above 2.0

A student placed on academic probation remains on probation for the entire semester. The student will register for no more than 12 credit hours during any semester on probation.

In order to be removed from academic probation, the student must bring the cumulative average up to that required of the class. If the student fails to bring the cumulative average up to a satisfactory level during the probation semester, but the semester's average is at or above the minimum required, probation will be continued for another semester.

If at any time while on academic probation the student's semester and cumulative average fall below the requirement, the student will be placed on academic suspension. The student will be suspended from the college for the next fall or spring semester. At the end of a one semester suspension the student must submit a formal application for readmission. If granted, the student may register for classes and will be automatically

placed on academic probation. Should a second academic suspension occur, it will be for at least two semesters. After a two semester suspension from the College, the student must submit a formal application for readmission. If granted, the student may register for classes and will be automatically placed on academic probation. If placed on suspension a third time, the student will be suspended for two semesters. Readmission requires the approval of the Admissions and Financial Aid Committee. Students suspended from College are not automatically reinstated upon reapplication. A student who wishes to appeal the denial of reinstatement may do so through the Admissions and Financial Aid Committee. A student who wishes to appeal being placed on academic probation or suspension may do so through the office of the Vice President for Academic and Student Affairs.

Students on either academic or disciplinary suspension are not allowed to participate in dramatic, musical, athletic, or other practice sessions since they are not to represent the college or participate in the public performance of such events. Summer study at Gardner-Webb College may be used to improve one's academic standing. For purposes of assessing the student's academic standing, the summer study would be treated as an extension of the spring semester. A student who is on academic probation or suspension may not use study at another institution to improve his/her Gardner-Webb academic standing.

Graduation Requirements

A minimum of 128 semester hours is required to complete requirements for the baccalaureate degree. All candidates for graduation are expected to take their final 30 hours with Gardner-Webb College. Students transferring from junior colleges are required to complete a minimum of 64 semester hours of subsequent study in senior colleges or universities, with at least the final 30 semester hours with this institution.

A student must have a minimum grade of C on each course counted toward the Major. A transfer student is required to complete at least one-half of the Major at Gardner-Webb (15 semester hours).

A minimum Quality Point Ratio of 2.0 on a 4.0 scale based on the college grading system is required for graduation, both on all work attempted and on that work attempted at Gardner-Webb College.

Application For Graduation

Each student is responsible for fulfilling all requirements for the chosen degree program. In cooperation with his/her adviser, the student is also responsible for filing an Application for Graduation with the Registrar and ordering cap and gown from the Bookstore no later than the end of preregistration during the semester prior to the final semester of study. All candidates are expected to be present at Commencement. The college is not obligated to grant a degree to any candidate for graduation who does not attend the exercises. Contact the Dean of Special Studies, in writing, to be excused from Commencement exercises.

Career Planning and Placement

The Placement Office, located in Charles I. Dover Campus Center, seeks to assist students in obtaining positions in their chosen fields. The Family Educational Rights and Privacy Act of 1974 provides that students may have access to their placement records under certain conditions and that

files may be released only with the written permission of the student. Therefore, all students registering with the Placement Office must sign a Placement Authorization Form. All graduates are advised to keep their placement files current.

Campus Shop (Hours: 9:00-5:00 Monday-Friday)

The Campus Shop, located on the ground floor of the Charles I. Dover Campus Center, provides all books and materials needed by students for their courses of study. Textbooks will be delivered by GOAL professors at their first class meetings. Book buy-back is conducted near the Campus Shop by book companies during the week of final examinations each fall and spring semester.

Class rings and graduation announcements must be ordered in writing. Class ring brochures are available upon request at the regular College telephone number (704) 434-2361, Extension 214. Order forms for the College yearbook are distributed each spring semester in GOAL classes. December graduates and others not present in classes may write to: Yearbook Advisor, Gardner-Webb College, Boiling Springs, N.C. 28017.

Parking

On-street parking on the periphery of the Gardner-Webb Campus is available. If on-campus parking is desired, a decal is required, which may be purchased at the Security Office. The annual parking decal costs \$25, and one for the summer costs \$5. A decal is issued for each automobile.

Parking at off-campus centers is adjacent to the classroom buildings.

GOAL Core Curriculum (all programs except Health Management, Nursing and Religion)

Before graduation from the Gardner-Webb College GOAL Program with a Bachelor's Degree, the student will have completed a liberal arts core which consists of the following areas of coursework taken at a community/junior/technical college, another senior institution, and/or Gardner-Webb College. It is anticipated that Gardner-Webb will offer the courses in the specified areas over a two-year period. Advisors will work with students (using the transcript evaluation) to determine the extent to which requirements have been met before coming to Gardner-Webb and will assist the student in selection of courses.

A. Communication

1. MATHEMATICS

One course: College Algebra (Mathematics 307), Probability and Statistics (Mathematics 316), or a comparable college-level course. A course in high school advanced algebra or a beginning algebra course in a community college is recommended prior to taking Math 307 or 316.
