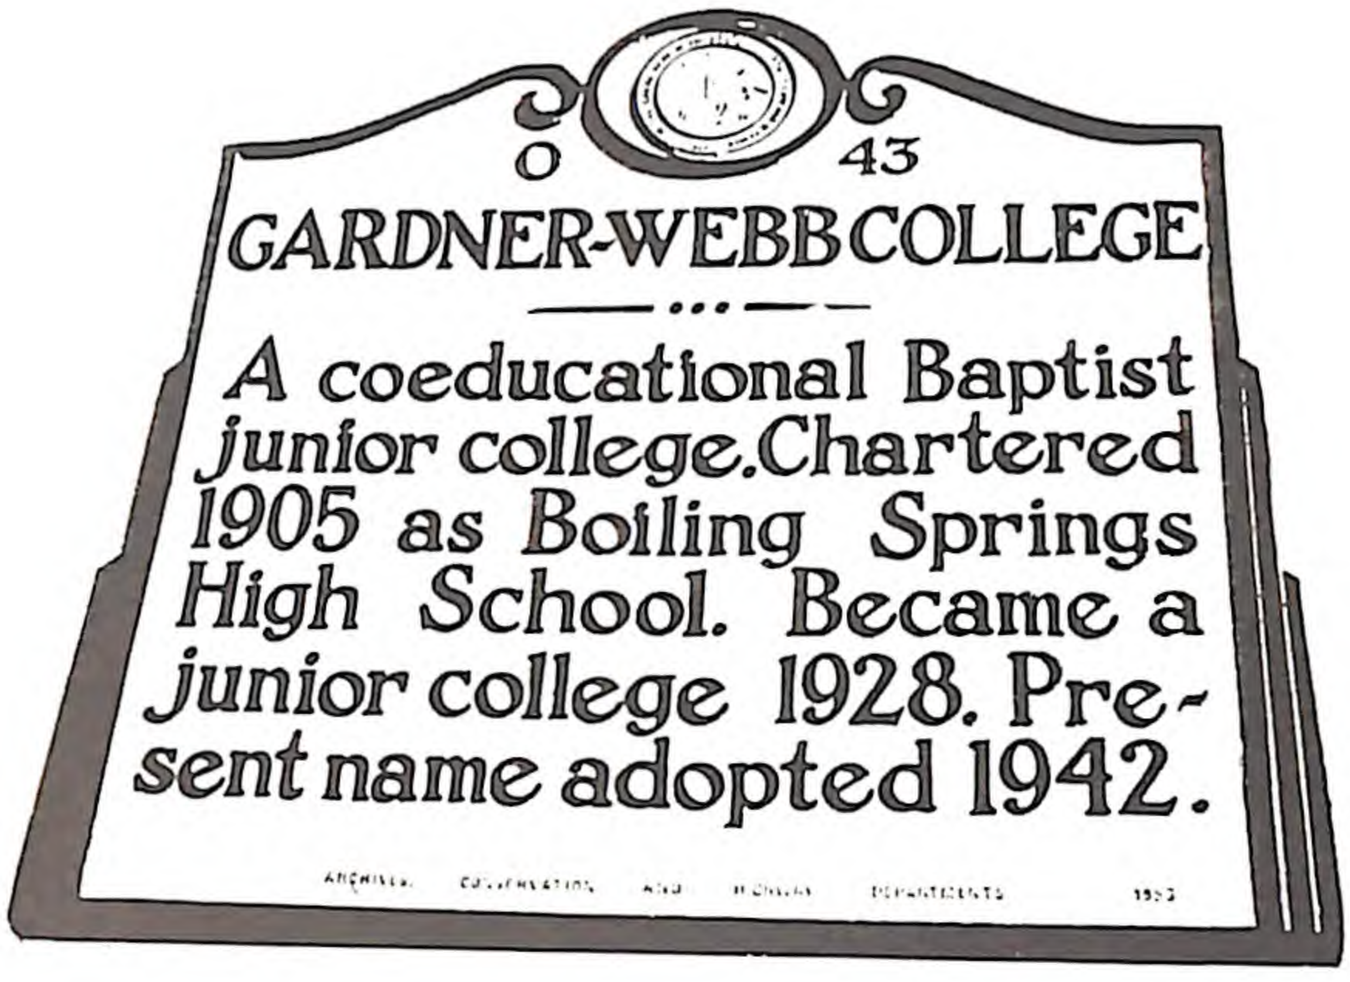
Meet Gardner-Webb

ACCREDITATION

The United States is divided educationally into convenient regions of accreditation. The individual college, when it meets minimum standards, is accredited by its regional association. Ordinarily accreditation by the regional association is, by courtesy, accreditation by all regional associations. That is, a person may transfer with ease from one accredited college in one part of the United States to another accredited college in any other part of the United States. In addition to regional accrediting agencies, each state has its own College Conference which follows fairly closely, sometimes more rigidly, the accrediting policies of the regional association.

Gardner-Webb College is in the region of the Southern Association of Colleges and Schools. Since 1948 it has been a member of that Association and fully accredited by it. It is also a member of, and fully accredited by, the North Carolina College Conference composed of sixty-two institutions in the State. Likewise it is accredited by the North Carolina Board of Education. It is authorized by the immigration authorities of the United States for the training of foreign students.



Dr. E. Eugene Poston, President

Decker Hall for Men

Men's New Dormitory Is Formally Opened

Although the following are not accrediting agencies as such, the College is an active member of:

The American Association of Junior Colleges
The Southern Association of Private Junior Colleges
The North Carolina Foundation of Church-Related Colleges
The National Junior College Athletic Association
The Western Carolinas Junior College Athletic Conference
Region 10 Junior College Athletic Conference
The College Entrance Examination Board

THE NATURE

1. Gardner-Webb College is a Christian College, owned and operated by the Baptist State Convention of North Carolina. We believe that a Christian college must be made up of Christian trustees, Christian administrators, Christian teachers and staff, and students who deliberately choose Gardner-Webb because of the distinct Christian atmosphere. The entire program is conceived as an adventure in quality values. To this end our Admissions Committee is motivated in the selection of students. Those who teach here are selected and retained on the basis of their unquestioned moral excellence, their proficiency in scholarship, their love for youth, and their desire to produce men and women of distinction and quality.

2. Gardner-Webb is a two-year coeducational college. We believe that there is a vital and indispensable place for such an institution in our educational system. Its closely knit social life, the vital touch between teacher and pupil, the freedom, the comradeship in study, the economy of its charges, and the vital interest in individual problems which emerge in the search for and discovery of human values are among its advantages.

3. Gardner-Webb is a small institution. It has been built deliberately for a student body of approximately 440 boarding students and 250 day students. However, because of the press of numbers for the decade 1962-1972 we are planning for an increase of approximately forty students per year.

THE PURPOSE

The purpose of Gardner-Webb College is to develop quality Christian students who think for themselves, and who will dedicate themselves to the Christian way of life in the vocation of their own choice. We propose to accomplish our purpose by:

1. Giving thorough training in the recognized disciplines to students who wish to go on to higher institutions of learning.

2. Giving the widest and richest training possible to those whose formal education will end here.

3. Giving a reasonable amount of vocational training, preferably on the background of a broad liberal education.

4. Discovering the needs of the larger community which we serve and striving to put into effect a program that will contribute to the spiritual, the cultural, and the economic development of the entire area.

LOCATION

Gardner-Webb College is located at Boiling Springs, in Cleveland County, North Carolina, near the foothills of the Blue Ridge Mountains, in the western Piedmont section of the state. It is on North Carolina Highway 150, nine miles west of Shelby.

Asheville is sixty-eight miles to the west, Charlotte fifty miles to the east, and Spartanburg, South Carolina, thirty-four miles to the south. Chimney Rock, and beautiful Lake Lure, Kings Mountain Battleground, and Blowing Rock are within easy reach for a day's outing. Trips to Mount Mitchell, Craggy Gardens, Grandfather Mountain, the Cherokee Indian Reservation, and the Great Smoky National Park make pleasant week-end travel experiences.

HISTORICAL SKETCH OF GARDNER-WEBB COLLEGE

Since shortly after the Civil War, the Baptists of West-Central North Carolina have shown an unusual interest in education. Gardner-Webb College is the product of that interest. As early as 1903 the idea of establishing a high school "where the young . . . could have the best possible educational advantage under distinctive Christian influence" was firmly fixed in the minds of the people of the Kings Mountain Baptist Association. By 1905 Boiling Springs was selected as the location of such a school, and the Sandy Run Association had joined enthusiastically with the Kings Mountain group in the determination to build it. The trustees from the two associations held their first joint meeting at Boiling Springs on October 27, 1905. The school was chartered on December 2, 1905, as The Boiling Springs High School, Incorporated.

In 1907, construction work on the main building (Huggins-Curtis Hall), was started, and the cornerstones, one for the Kings Mountain Association, and one for the Sandy Run, were laid in June. In May of the same year Mr. J. D. Huggins was elected as the school's first principal. The Boiling Springs High School operated under the leadership of J. D. Huggins, F. A. Brown, J. M. Hamrick, and W. J. Francis until 1928. On the second day of May, 1928, Boiling Springs High School closed its twenty-first year of work and its last as a high school. Thousands of students had enrolled in the school; five hundred eighty-eight had graduated.

On the third day of September, 1928, Boiling Springs Junior College opened for its first session with the Reverend James Blaine Davis as its president. President Davis resigned early in 1930, his resignation to become effective on May 20. On the fifth of May, Dr. Zeno Wall, pastor of the First Baptist Church of Shelby, North Carolina, was elected temporary president, and on May 21, 1930, he assumed the presidency, a position he occupied without pay. On March 23, 1932, the press carried an announcement of the appointment of the Reverend J. L. Jenkins, pastor of Boiling Springs Baptist Church, to the presidency of the College, succeeding Dr. Wall—a position the Reverend Mr. Jenkins was to assume late in May or early June. On March 7, 1935, President Jenkins submitted his resignation, and A. C. Lovelace became president, only to resign in April of 1936. The college had no president through most of the summer of 1936, but late in August, George Jackson Burnett of Marshall, Texas, accepted the presidency. President Burnett served until March 1, 1939, with former President Jenkins serving out the remainder of the academic year. On May 5, 1939, the trustees elected the Reverend John R. Cantrell as president. Under his administration a campus beautification project was begun. The gymnasium was veneered with native stone, and by 1940 the E. B. Hamrick Building, which had been burned, was under construction. This building had been erected after the First World War as a memorial to the young men from this section of the state who had given their lives in the cause of freedom. But on April 16, 1943, President Cantrell resigned effective June 1.

Two significant things in the life of the College occurred in 1942—Governor O. Max Gardner began to devote his energies, time, and wealth to guiding and strengthening the College; and the name of the College was changed to Gardner-Webb College, in honor of the late O. Max Gardner, Sr., and his wife, Mrs. Fay Webb Gardner, and their families.

In July of the next year, 1943, another significant event in the history of the school occurred. Philip Lovin Elliott came to Gardner-Webb as its president, bringing with him a community-

service concept of education that has made Gardner-Webb distinctive among small liberal arts colleges. In 1946 the College was admitted to the Baptist family of colleges of North Carolina on the condition that by November, 1948, the friends of the institution raised, in addition to $750,000 for a plant, $250.000 for endowment. These conditions were satisfactorily and completely met. Also, in 1948 the College achieved the goal of attaining the highest accreditation within its reach — full and unqualified membership in the Southern Association of Colleges and Schools. President Elliott came to a school with a small enrollment; he left it with over 500 students. He came to a college with a few buildings; at the time of his announced retirement in November of 1960 the college property was valued at $3,000,000.

Between President Elliott's announced retirement and his death on April 14, 1961, the Trustees of Gardner-Webb elected E. Eugene Poston to succeed Dr. Elliott. On April 18, 1961, President-elect Poston assumed the presidential responsibilities. In 1961 Dr. Poston announced his Decade of Advance, 1961-1971, which is designed to make Gardner-Webb a fully equipped college with an enrollment of 1000 by 1971. On April 16, 1962, Dr. Poston was inaugurated eighth president of Gardner-Webb College. Under his leadership the College has gone through a thorough Self-Study and has been reaccredited fully by The Southern Association of Colleges and Schools.

President Poston presented the following Vision For The Future to the Trustees and Advisors during their meeting in November, 1963 that we endeavor to accomplish the following things by the end of 1971.

1. Enroll a student body of 1000 students
2. Build a faculty of 75 members
3. Reach an endowment of $3,000,000.
4. Build the following buildings:
   (a) Cafeteria-Recreation.
   (b) Fine Arts-Chapel
   (c) Two classroom buildings
   (d) Four dormitories
   (e) Athletic stadium
5. Reach the rank of senior college

Gardner-Webb College began the year 1964-65 with an enrollment of 837 students in the regular college program, 12 music specials, 4 special students, 90 students in the evening college, and 23 students in the graduate program conducted by Appalachian State Teachers College each Saturday. There were 373 nonduplicating students enrolled in the two terms of summer school. In the summer of 1964 a Data Processing School was added, and in December, 1964, the trustees approved the initiation of an Associate in Arts Program in Nursing in conjunction with the Rutherford and Cleveland Memorial Hospitals.

BUILDINGS AND GROUNDS

Approximately 1,100 acres of land and thirty-one buildings comprise the physical equipment of the College. The campus proper, an eighty-five-acre tract of rolling land dotted with a variety of lovely trees, furnishes the location for the various buildings. All buildings are heated from a central heating plant.

RESIDENTIAL BUILDINGS

The James Webb Gardner Memorial Dormitory: This three-story structure completed in the fall of 1948 at a cost of $230,000 is fireproof and furnishes attractive accommodations for 134 men. In the attic is sufficient space to entertain visiting teams as well as space for a play room. This building is named in honor of the son of the late O. Max Gardner, Sr., and Mrs. Gardner.

The New Men's Dormitory: This new three and one-half story solid masonry building is designed to house 100 men. Each room is equipped with individual thermostats to control heat supplied by electricity. This building, completed in 1963, is impressive as it occupies a prominent position on a sloping hill adjacent to the physical education facilities and across the road from the Withrow Science Building.

There is an additional men's dormitory under construction at the time.

The Hoey-Anthony-Padgett-Young Dormitory: The central section of this dormitory was constructed in 1946. The east and west wings were added in 1948 to form an open quadrangle. The buildings were named by the trustees as follows: The Suttle Dormitory is the east wing of the quadrangle, the McMurry is the west wing, the Hoey-Anthony is the first floor of the central building and the Padgett-Young is the second floor. This building has been remodeled to accommodate girls.

The Stroup Dormitory: First used during the year 1956-57, the Stroup Dormitory provides living space for one hundred girls. It is a three-story, fireproof, brick structure, with adequate parlors, reading rooms, recreation areas, kitchenette, and laundry room. It is named in honor of Mrs. Mae Cline Stroup, a benefactor of the college, and her late husband, Rush Stroup.

Apartments: The College owns five duplex apartments and four trailers which may be used as needed by faculty or students.

An apartment building containing six apartments has been completely remodeled and is now occupied by married students. The college also owns ten residences occupied by faculty and student families.

The Washburn Memorial Building: A brick structure erected in 1941 by Mr. Seaton A. Washburn in memory of the Washburn families. It was first used as a library, but is now being used as a residence.

ADMINISTRATIVE AND CLASSROOM BUILDINGS

The E. B. Hamrick Building: Dedicated in 1943, contains music studios and practice rooms, foreign language laboratory and classrooms, auditorium ,a broadcasting booth, and a two-manual Pilcher pipe organ. The auditorium was lighted for dramatics in the summer of 1962. It is named in honor of the late Mr. E. B. Hamrick, who stood by the college when the future looked dark.

The John R. Dover Memorial Library: Completed during the year 1951, is one of the loveliest buildings on the campus. The library has on the first floor a large reading and reference area, stacks, librarian's office, receiving and processing room, and two special rooms for Cleveland County Archives and North Carolina History. The basement floor is currently being used for classrooms, and to house the Business Education Department, including data processing machines. This building, completely furnished and equipped, is undoubtedly one of the finest libraries in the state. It was completely air-conditioned during the summer of 1962. A new lighting system was installed during the fall of 1962.

The three special book collections we now have are as follows: the North Carolina Collection; the Thomas Dixon Collection; and the R. C. Campbell Collection. The library contains over 18,000 volumes chosen to meet the needs and interest of the students, with special reference to the topics offered. Newspapers and a selected group of general and special magazines indexed in "The Reader's Guide to Periodical Literature" supplement the resources of the book collection. About 1,500 volumes are added annually through purchase and gift. The gifts of books have been especially well chosen, and have been worthwhile additions to the library. Valuable, too, have been the gifts of money, whereby needed books might be purchased.

The O. Max Gardner Memorial Student Center: Completed in the autumn of 1948, the building was constructed and furnished

by the family of the late Ambassador O. Max Gardner and is a worthy memorial to a great man, who gave new life to the college and who believed in his native county. On the first floor the building contains kitchen, dining hall, refrigeration, storage, and offices. On the second floor are a lovely student lounge with approximately 3,000 feet of floor space, offices for student organizations, guidance clinic, and two society halls.

The Bost Physical Education Building: Named in honor of Mr. L. C. Bost of Shelby and in memory of Mrs. Jean Bost Gardner, is located between Decker Hall and the athletic field. It is modern in every respect for the development of strong healthy bodies. It contains one classroom, a band room, first aid room, lockers, rest rooms, showers, team rooms, and swimming pool. The band room is in the form of a stage, which gives opportunity to accommodate increasing numbers at banquets, commencement, and other programs. A commodious kitchen multiplies the usefulness of the building. As Gardner-Webb is a Community College in the highest sense, this building gives excellent opportunity for our community recreation program and for encampments and various other group programs of the denomination. Four tennis courts join the swimming pool.

The Webb Administration Building: Completed in the fall of 1960, it houses the administrative offices including president, dean, registrar, business manager, and public relations. It also contains offices for Church-Community, student procurement, development, and alumni, and has a conference room, a mimeograph and storage room. The building is a memorial to Mrs. O. Max Gardner (Fay Webb), her parents, grandparents and great-grandparents. It was given by the O. Max Gardner Foundation and is fully air-conditioned. Mrs. Gardner has continued the work that her late husband loved—the promotion of Gardner-Webb College.

The Tom Withrow Science Building: Named in honor of Mr. A. T. Withrow of Charlotte, a benefactor of the college, and occupied in the autumn of 1961, it has facilities for two years of biology, two years of chemistry, physics, mathematics, psychology, mechanical drawing, a lecture room seating 150, seven offices, and a photographic laboratory. This building is fully equipped and is second to no other junior college science building. It has been built in such a way that it can be enlarged to meet the needs of a four-year college program, should such a program be needed in the area.

The Charles I. Dover Campus Center: Will be built during 1965. The building is to be named in honor of Mr. Charles I Dover of Shelby, a benefactor of the college. The building will contain a new cafeteria, a private dining room, a recreation area, post office, bookstore, snack shop, publications center, student government offices, faculty offices, and day student lounge.

Student Life, Activities, Services

Gardner-Webb is a small and friendly community, much like the communities from which most of her students come. A student should soon feel at home as he is greeted by a warm "hello" from fellow students, faculty, and staff. The College encourages this community spirit as a distinct feature of the education program.

To aid the student during his stay at Gardner-Webb and in the hope that his growth and development needs are met more adequately, the College provides the following services and activities:

PERSONAL SERVICES

The College furnishes all rooms in the dormitories with single beds, dressers, chairs, and desks. Students are permitted the use of a radio, and other electrical appliances as indicated in **The Porthole.** Each student is expected to provide his own pillows, blankets, linens, and for each room wastebasket, broom, dust mop, and dust pan. Any student who wishes to provide them is allowed to have curtains, floor or desk lamps, and other

personal articles. Irons may be used only at designated places. Television sets are provided in the parlors for each of the dormitories.

LAUNDRY AND DRY CLEANING

Two modern dry cleaning plants are near the campus and serve the needs of the students. Trucks from near-by laundries make regular trips to the College. Special laundry rooms are provided in the dormitories.

BOOK STORE

The College operates a snack bar, post office, and bookstore for the convenience of the students.

Here the students may get their textbooks and other classroom supplies, which must be paid for at the time of purchase. There is a charge of 50 cents per student for post office boxes each semester.

MESSAGES AND MAIL

Gardner-Webb has an excellent telephone service with a private exchange. Telegraph messages intended for persons at the College, if sent to Shelby, will be telephoned to Gardner-Webb.

Mail arrives over star route four times daily. The College maintains mail delivery service on the campus.

HEALTH

A sound body is a valuable asset and requisite to effective study. The College does everything in its power to insure the best possible development of each student and to maintain his general health.

Meals are served in the cafeteria by the Slater Company, nationally known caterers of Philadelphia. These services have received complete approval by the students.

Please refer to the Student Handbook for the list of medical services to which each student is entitled.

ORIENTATION

The orientation period is a varied phase of the college guidance program. Small groups of approximately twenty-five freshmen students are invited to the campus each Friday or Saturday beginning in the early spring and throughout the summer weeks for pretesting and pre-registration. This permits college officials to assist each student through individual counseling to plan out a curriculum suitable to that student in relation to transfer to a senior college. During the first week of school students will follow a carefully planned program of orientation and registration. First year students are expected to come to the campus on the day suggested by the college authorities. During orientation week each student is expected to meet the various requirements set forth by the Department of Counseling and take placement or other tests deemed advisable by the other departments of the college.

No student has completed his registration until he has met the requirements outlined in the orientation and testing schedule.

COUNSELING

The ideal of college life is that of a well-ordered Christian home, where each individual may have as much freedom as is consistent with the well-being of the group. The small college is well suited to achieve this ideal, and to this end students are granted many privileges here which could not be allowed at a larger school. Since it is our belief that growth in character comes only through the development of self-direction and self-control, rules and regulations are reduced to a minimum and are made or amended as may seem necessary for the good of the individual and the group. The responsibility for making and enforcing these rules and regulations rests jointly on faculty and students. For several years the College has had a system of student-faculty government, and all problems of conduct are passed upon by the student judicial board. Serious cases are reviewed by the executive committee of the faculty.

One of the basic principles upon which Gardner-Webb operates is that discipline in its highest form is accomplished by a con-

structive counseling program. In keeping with this philosophy, the College maintains a Department of Counseling for the purpose of assisting the student to make the best possible adjustment to his college life, and to prepare himself in the best possible way for the responsibility of Christian leadership. The Department of Counseling seeks to provide individual guidance for every student enrolled in the College. This is effectively handled by placing each student in close contact with at least one member of the faculty. Every student is assigned to a counselor at the beginning of the year. The assignments are made on the basis of academic and vocational interest, and personal compatibility. Each counselor meets with his counselees in a general group meeting at least once each month and as many times in personal interviews as is necessary for the needs of the student. In this role the counselor is more than a teacher. He is also in a position to be the student's confidant and friend with whom the student may share his problems in every realm of life in a confidential way so that a solution of these problems may be reached for the highest possible good of the student.

The Department of Counseling maintains an office with student personnel files for the benefit of both counselors and students. The Director of Counseling works in close cooperation with the College Government, Faculty, and College Administration in handling student problems as they may arise. Students are encouraged to take advantage of all facilities made possible by the Department of Counseling for their college training and vocational choices.

The Department of Counseling has an expanding testing program with a library of tests including aptitude, achievement, vocational emphasis, and personality inventories. **These tests supplement the Scholastic Aptitude Test (usually administered in high schools under the auspices of the College Entrance Examination Board),** which is required of each entering student. At the beginning of school each year the Department of Counseling is responsible for the testing program for all incoming students during orientation week. Through this program the faculty and administration obtain an accurate picture of the student's previous academic achievement, his non-academic background, and his outstanding areas of need. This material enables the guidance and counseling program to function more successfully. All test results are treated in a confidential manner.

Proper guidance in curriculum is an essential in college training. Officers in administration and the faculty assist in this important phase of college life.

The complexity of today's business world demands modern and up-to-date office machines to train and produce competent personnel.

The heart of any college should be centered in its library where students may ever be in the quest for truth. Further research is extended into the classrooms and laboratories.

The cooperation of parents is earnestly requested in carrying out all the regulations of the school, especially in regard to week-end trips home and other absences from the campus. It is vitally important to the education of the students that they take an active part in the morning and evening worship services in the local churches. The church work at the College is planned as a part of the student's education as really as their class work or any other college activity. For them to miss that is to miss a central factor in their college life. Parents are urged to encourage their children to participate in the church of their choice.

Parents are invited to visit the College and to talk to or write freely about their children. The College officials are always glad to know the parents' point of view and to do anything in their power to correct any wrong, real or imaginary. They reserve the right of dealing with each problem on its own merit.

COLLEGE GOVERNMENT ASSOCIATION

By enrolling in Gardner-Webb College, one automatically becomes a member of the College Government Association. The purpose of this organization is defined in its constitution: "to afford students an opportunity to learn and observe the rules of community living, to promote responsibility, self-control, and loyalty, to keep all social life on the campus on a high plane and to have it always in harmony with Christian living."

The students' handbook, ""The Porthole," containing the regulations of the Association, is distributed annually. During Orientation Week members of the Student Legislature assist the new students in understanding the regulations as set forth in the handbook. Dormitory House meetings are held periodically to review the regulations.

Any serious disciplinary measure involving probation, suspension, or expulsion is first tried by the Judicial Board of the College Government Association. Afterward it is reviewed by the Executive Committee of the faculty, which has the power to approve or veto the student decision, or to impose any other penalty.

STUDENT PUBLICATIONS

The **Quarterly** is published in November, February, April, May, and August for alumni and friends of the College. The April issue serves as the College catalogue. This issue serves as the students' legal contract with the College. Prospective students may read it to discover their opportunities in the College, former students to see what the College is doing, and the general public to evaluate the educational program of the College.

The **Anchor** is the College yearbook, edited by the students under the supervision of a faculty advisor.

The **Porthole** is the student handbook, and guides the new student in making his adjustment to college life.

The **Pilot** is the College newspaper, published monthly by the students under faculty supervision.

STUDENT ORGANIZATIONS AND ACTIVITIES

No secret societies are allowed among the students, and no organization is permitted unless approved by the administration.

Religious Organizations and Activities

Conduct at Gardner-Webb is based upon the practical expression of the Christ-life. The positive aspect of the Christian experience is stressed above the negative "thou shalt not." It is assumed that each student will find his place in the religious life of the campus and community without coercion except the inner urge of his own soul. A spiritual atmosphere is created by the friendly association of students and faculty. The student religious organizations are similar to those in an average church and community. It is the opinion of the administration that the religious opportunities are as valuable a part of the curriculum of the College as English or biology.

The Local Baptist Church. Each Baptist student is urged to transfer his church letter to a local Baptist church. Students of other denominations are invited to become identified with the fellowship and training of the local Baptist church if the church

of their choice is not accessible. This tie with the local church opens many avenues for social and spiritual fellowship.

The Methodist Church. A Methodist church was organized in Boiling Springs in 1957, and a new building has been constructed. Methodist students are invited to become members and attend services of this church. A very active Sunday School program is provided.

Sunday School. The local Baptist church provides a well-organized Sunday School into which the college students fit as members of the community. Membership in a class is urged upon all students, but they are not required to join the Sunday School or any other religious organization or group on the campus.

Baptist Training Union. The Training Union, also an integral part of the local Baptist church, has for its aim "training in church membership." It attempts to enlist all students.

The Young Woman's Auxiliary of W.M.U. The Young Woman's Auxiliary, commonly referred to as the Y. W. A. and a part of the Woman's Missionary Union, enlists the young women of the College in mission study and actual service in local missions. The members are led to see the meaning of missions and to have a compassion for a world without Christ. All the girls who reside in the residences are invited to join the Y. W. A. by joining a circle, usually composed of those who live on the same hall.

The Christian Volunteer Band. The Christian Volunteer Band is composed of men and women who are volunteers for full-time Christian service. They are wide-awake, eager Christians, interested in becoming better workmen for God in their chosen field. The bi-weekly programs cover various topics of interest to vocational Christian workers. Service teams visit churches in the surrounding area nearly every week to conduct special youth services.

The Ministerial Conference. Those students who are pastors or are planning to follow this vocation are eligible for membership in this conference. Programs directed to the needs of the pastor and his work are held bi-weekly. Members participate in a daily devotional program on a local radio station. Other service and training is derived through surveys conducted for churches in the local area.

The Baptist Student Union. The student who aligns himself with the local church or with any of its organizations automatically becomes a member of the Baptist Student Union. The activities of these organizations are directed by the Executive Council of the Baptist Student Union (known as the B.S.U.). The Council is composed of the general officers of the B.S.U. and the representatives of the unit organizations, such as Sunday School, Training Unions, Y.W.A. groups, Volunteer Band, and Ministerial group. The Greater Council is composed of the Executive Council plus the roster of officers of the unit organizations. The Director, local pastor and a faculty advisor serve as Counselors for the B.S.U. The B.S.U. Executive Council meets each Monday evening to plan the various activities for which it is responsible. The fellowship within this group is of the highest order and should set a standard of Christian character for the campus.

Many activities are sponsored by the Baptist Student Union. Council members select prayer mates and the other members of the Union are urged to do so. Morning watch is conducted each morning. The B.S.U. provides music for chapel, devotions, and group meetings. These spiritual leaders on the campus operate as a unifying force among the religious organizations of the campus. If Gardner-Webb is friendly, and has the name of being spiritual, it is partly because these earnest-hearted young people are giving their best in the service of Christ in the activities of each day.

Vespers. Vespers, sponsored by the B.S.U., are held at 6:30 p. m. in the auditorium of the E. B. Hamrick Building. All are urged to avail themselves of this opportunity for worship and meditation. This short period of worship is a spiritual powerhouse of the religious life of the campus.

Chapel. The faculty and students meet twice each week for chapel: Monday and Wednesday. This is a distinctly religious service. Speakers do not always deal directly with the subject of religion; rather, the Christian frame of reference is brought to bear on a variety of subjects such as social, civic, and moral problems. This is in keeping with the purpose of the College to develop students morally and socially as well as academically.

Attendance is required on the same basis as a three-hour course.

CHURCH-COMMUNITY DEVELOPMENT

The Church-Community Development Department works in three particular areas: (1) the area of practical service for the training of church leaders, directing ministerial students and special church and missions volunteers in services in the churches, radio, and jail; (2) upon request aids churches in surveys, revival meetings, supply preaching, church leadership training, etc.; (3) conducts extension classes for Bible and other studies in groups of churches as desired. In addition, the department represents the College in annual association meetings and is set to promote special and memorial gifts to the College.

LITERARY ORGANIZATIONS AND ACTIVITIES

Phi Theta Kappa. The Phi Theta Kappa is the honor society at Gardner-Webb. Membership in this organization is the highest honor attainable by students. The Phi Theta Kappa is a scholarly fellowship which embraces junior colleges not only of our own state but of the nation. The purpose of the society is to promote scholarship, to develop character, and to cultivate fellowship among the students of both sexes of the junior colleges of the United States of America. Members are chosen on the basis of high scholastic standing, character, leadership, and service on the campus, and are inducted at an impressive "tapping" ceremony in chapel. They serve as ushers at public functions and marshals at graduation.

The Science Club represents the natural sciences and mathematics. Its aim is to stimulate an intelligent interest in science. Students who intend to major or minor in the natural sciences and who have outstanding scholastic records are eligible for membership. Programs of scientific interest are held at regular monthly meetings.

The Sigma Phi Alpha Honorary Modern Language Fraternity of Gardner-Webb College is composed of students taking modern foreign languages. To become a member one must have an unusual interest in languages and a high scholastic average.

The purpose of the fraternity is to stimulate interest; to ac-

quire a more intimate knowledge of the people, life, customs, geography, history, industries, and cultures of foreign countries; and to contribute to a better understanding between these countries and ours.

Delta Psi Omega. A local chapter of this national dramatics fraternity is maintained on the campus. Students participating in the presentation of dramatic programs are eligible for membership. There will be at least four presentations each year.

Classical Language. This membership comes from students in Latin and Greek classes. High scholastic ideals motivate the group.

The International Relations Club is composed chiefly of those students majoring or minoring in the Social Sciences. It devotes itself to a study of national and international affairs, and its main object is the promotion of peace.

The Future Teachers Club. To be a member of the Future Teachers Club one must be in training for the teaching profession. The group meets periodically for fellowship and for discussions of problems related to the teaching profession.

Debating Teams. Debating teams are organized and trained. These teams take part in intercollegiate contests covering a wide area. They compete with teams from Senior Colleges as well as Junior Colleges.

SOCIAL ACTIVITIES

Considerable effort is made to provide an adequate and wholesome social program for the students. In addition to individual social opportunities between men and women a number of group activities are provided. The various clubs and classes plan their own outings, picnics, and entertainments. The church provides wholesome get-togethers for the students and local citizens. Field Day is devoted to athletic and other con-

tests honoring the students. At the close of the day the annual Freshman-Sophomore Banquet is held. Other events such as faculty receptions, May Day, and Alumni Banquet round out the social calendar.

The Monogram Club is the athletic club for men. To qualify for membership a student must pass at least 10 hours of work with a "C" average and earn a letter in football, basketball, or baseball. The purpose of the organization is to foster good fellowship and good sportsmanship among members and to promote better relations with other schools in the Western Carolinas Junior College Conference.

Click Club. "The aims of the Click Club shall be the enjoyment, mastery, and furtherance of photography through cooperation, effort, and good fellowship."

Regular meetings are held each Friday morning at 10:30 during the school year.

Regional Clubs may be organized by students provided there are as many as ten members from a section and they secure a faculty sponsor and the approval of the administration.

CULTURAL AND CREATIVE ACTIVITIES

The cultural life of the students should not be neglected during their years of formal education. In fact, the cultural and academic phases of college life complement and supplement one another, producing the student sound in scholarship, at ease in situations involving gracious living, and appreciative of the aesthetic values in the fine arts.

To accomplish these goals for our students and to enhance the cultural and artistic life of the area, Gardner-Webb College has a Cultural and Creative Program with a Director of Fine Arts to plan and coordinate the program. The program is a nine-faceted one: 1. Close cooperation and active support with the culturally-minded of Shelby and the surrounding area in the Shelby Community Concert Series. 2. Music recitals and concerts by well-known and talented performers, touring college choirs, and instrumental groups or bands. 3. Dramatic pro-

One of the highlights of the year is the crowning of our Homecoming Queen by the President of our college. Memories of this event and others through the year are preserved in the college yearbook, *The Anchor*.

Academic excellence is of prime concern among true scholars. Members of the Phi Theta Kappa carry the lamps of learning on Gardner-Webb's campus. Avenues of self-expression and pleasure are gained in part through the medium of choral groups.

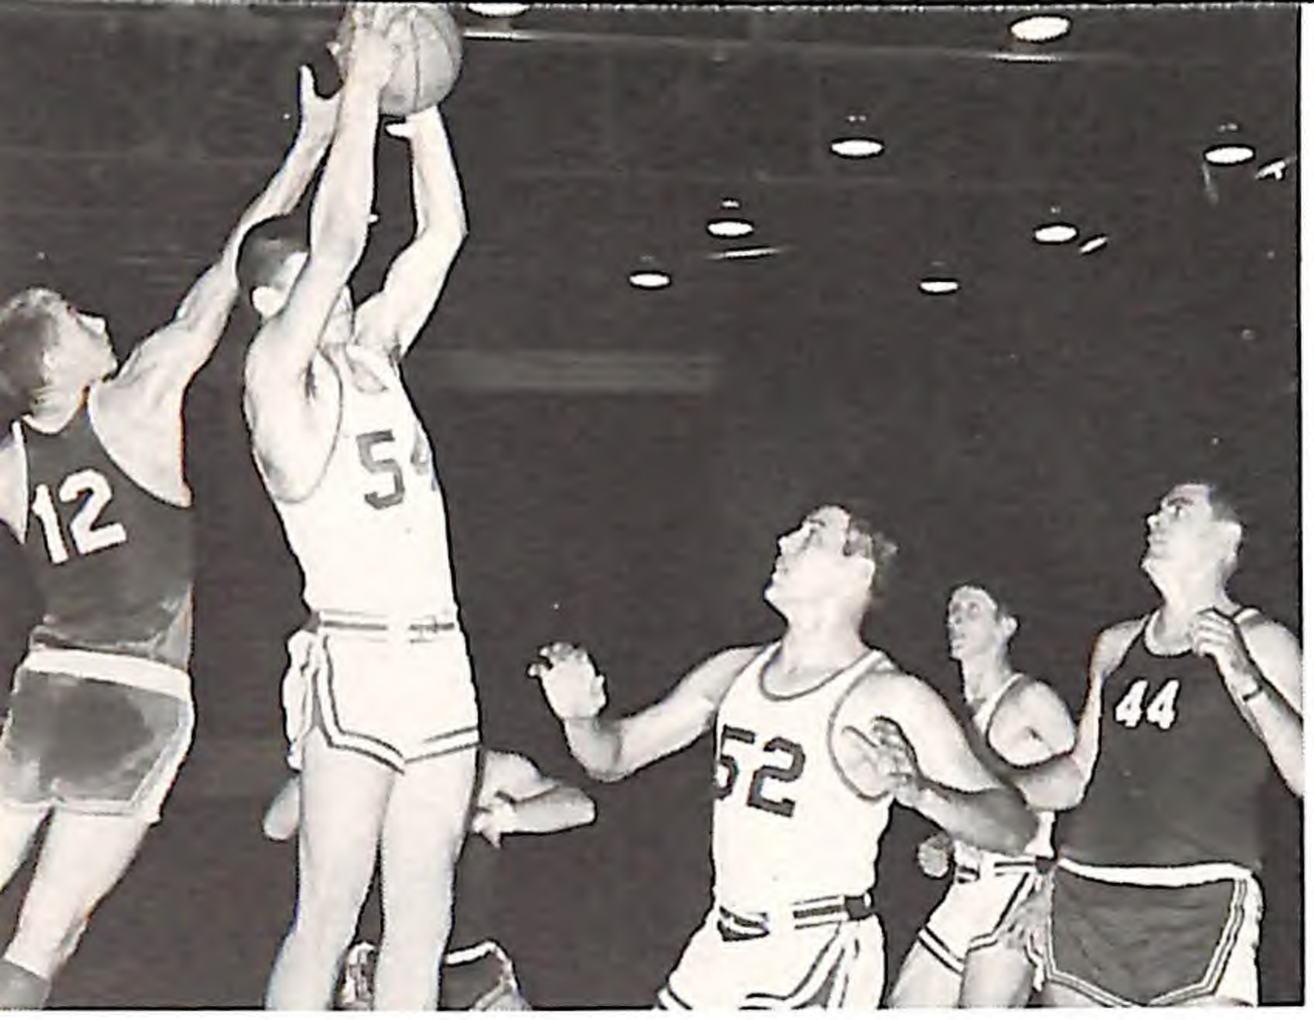
ductions by both the Gardner-Webb Playcrafters and visiting college dramatic groups. 4. The Gardner-Webb Distinguished Authors Series. 5. The Gardner-Webb Distinguished Lecturers Series. 6. A program in the creative arts featuring instruction by a well-known art teacher. 7. Emphasis on manners and grace through the "dressed up" dinners program. 8. The publication of a college literary magazine. 9. A Festival of the Arts in the spring of the year.

Many of the Cultural and Creative programs will be presented before the students and faculty at regularly scheduled chapel periods, but many of them will be given in the evenings. Gardner-Webb's avowed purpose is to become the cultural center of the area and to give our students, faculty, and friends full opportunities of a cultural and creative nature.

ATHLETIC PROGRAM

The Athletic Department of the College offers a well-rounded program for student health and recreation. This includes not only classes in Physical Education and Health, but also intramural sports, such as touch football, volleyball, basketball, tennis, track, and softball. These games afford the student recreation, and develop permanent interest in sports.

The College sponsors intercollegiate Football, Basketball, Baseball, Tennis, Golf, and Track. Gardner-Webb is a member of the National Junior College Athletic Association, the Western Carolinas Junior College Conference, and the Regional 10 National Athletic Conference.



Emphasis on physical fitness plays a vital part in the development of a healthy mind.

FINANCES

The average cost per student at Gardner-Webb Junior College is approximately $350.00 per student over and above the amount each student is required to pay. This amount is contributed by the North Carolina Baptist Convention, churches, individuals, corporations, foundations, and from endowment funds of the College.

The part the student pays is as follows:

DAY STUDENTS

	Semester	Session
Tuition	$250.00	$500.00

BOARDING STUDENTS

Tuition	$250.00	$500.00
Room	100.00	200.00
Board	175.00	350.00
	$525.00	$1,050.00

Out of State students will pay $50.00 per semester additional or a total of $100.00 for the year.

The above charges may be paid by the first day of each semester, year, or as follows:

We are glad to offer a convenient tuition plan for those parents who prefer to pay in equal monthly installments. The following plans are available at the cost indicated:

One year plan (8 payments)—4% more than cash price

Two year plan (20 payments)5% more than cash price

The two year plan includes Parent Life Insurance for qualified parents. This insurance coverage provides funds for the cost of the remaining period of schooling covered by the contract, if the parent who has signed the contract dies. A descriptive pamphlet will be sent upon request.

The tuition plan is optional and offered solely as a convenience.

The College prefers to deal directly with the student on all matters of business. This gives the student training in attending to his or her affairs. Parents are requested to ask for any report desired.

The payment of tuition entitles each student to all home athletic contests, all student publications, lectures and entertainments sponsored by the College, all laboratory fees, typing fees and graduating fees. Please refer to the student handbook for medical services which each student is entitled. **Music fees and data processing are not included.**

Veterans approved for training under the G. I. Bill must pay their tuition, fees, room and board as regular students. The TUITION PLAN is available for them also.

Books and supplies are available at the booksktore and average from $35.00 to $50.00 per session. All books and supplies must be paid for in cash at time of purchase.

A $10.00 deposit is required of all men boarding students which will be used to repair any damage to buildings or grounds due to abuse or misuse. Damage to rooms will be charged to occupants who are held responsible. This deposit, or any part not used, will be refunded within 30 days of graduation or withdrawal.

Payments are due in advance at the beginning of each pay period. No student will be permitted to take final examinations or permitted to remain in school if his account is in arrears unless satisfactory arrangements can be made with the Business Manager.

An application fee of $10.00 must accompany each application. This fee is not refundable.

A room rent prepayment of $50.00 is required on or before July 1, 1965. Room reservations will not be valid without this payment.

Students must report on the registration date or notify the Business Manager in the event of any delay.

All student rooms are subject to inspection at all times. Students are required to keep their rooms in a neat, clean and orderly manner. Any student who is not willing to cooperate will be required to vacate his room.

Students who do not remain for the full semester will receive a refund for board on a pro-rata basis. Charges for tuition and room rent are **not refundable. No refund** will be made in case of suspension or expulsion.

Special students who take less than 12 hours will be charged $20.00 per semester hour. For further information contact the Dean of Instruction.

Special students may audit credit courses for one-half the regular charge.

LOAN FUNDS

David Pressley Memorial Loan Fund: In 1956 the students, faculty members, and friends established a loan fund in memory of David Pressley, a member of the student body who lost his life in an automobile accident.

Hattie Nix Gilliatt Memorial Loan Fund. This fund was established in 1957 as a memorial to Hattie Nix Gilliatt of Shelby.

W.M.U. Fund for Women: The Woman's Auxiliary Union of Kings Mountain Baptist Association has provided a loan fund to be used in $50.000 allotments by worthy young women.

Beaver Dam Baptist Church Fund: The Beaver Dam Baptist Church of the Kings Mountain Association has provided a loan fund to be used in $100.00 allotments by worthy young men and women, with the understanding that the young people of Beaver Dam Church have first consideration in awarding these funds.

Funds for Needy Students: Friends of the College have made possible a loan fund available to persons who are in special need of aid in securing an education.

Joseph Henry Jones Memorial Loan Fund: In memory of Joseph Henry Jones who gave his life in the Battle of the Bulge on December 16, 1944, his mother, Mrs. J. H. Jones, and other friends created a loan fund of $581.50 for worthy students.

Rush Stroup Loan Fund: In 1947 Mrs. Rush Stroup created in memory of her husband a loan fund of $5,000.00. This fund is available in a special trust fund in the Wachovia Bank and Trust Company of Charlotte and will be used for deserving young people, preferably Cleveland County students and preferably ministerial students.

The Marion Hinson Loan Fund: In 1950 Mr. and Mrs. Claude S. Hinson of Belmont gave $2,500.00 to establish a student loan fund as a memorial to their son, Marion Hinson.

J. Herbert Bridges Loan Fund: In 1949 J. Herbert Bridges of Charlotte gave an initial $1,000.00 toward the establishment of a loan fund for worthy and needy students. This fund is now available.

Tom Withrow Foundation Loan Fund: In 1953 A. T. Withrow of Charlotte established the "Tom Withrow Foundation Fund" for the purpose of aiding needy and worthy students.

John Maclaren Lawrence Memorial Loan Fund: In 1954 Mr. and Mrs. Tom Lawrence of Cliffside established a student loan fund as a memorial to their son, John Maclaren Lawrence. First preference is granted to students from Rutherford County. Available amounts not used by Rutherford County students may be applied by other students recommended by the faculty committee. This amounts to $3,799.98 to date.

The Philip Lovin Elliott Memorial Scholarship Loan Fund: This fund was established by the Elliott family and friends for worthy and needy students. The amount to date is $1,929.91. Any one desiring to memorialize our deceased beloved president is encouraged to help swell this fund.

The C. B. Baker Scholarship and Loan Fund: Mr. C. B. Baker, Route 1, Hickory, North Carolina, bequeathed part of his estate to Gardner-Webb. This amounted to $7,550.00 and is to be used to help those students dedicated to full time Christian service.

R. I. Corbett Loan Fund. Rev. R. I. Corbett, Marion, N. C., bequeathed stock worth approximately $8,000.00. Income from this fund is available.

SCHOLARSHIPS

The College offers to the Freshman making the highest scholastic average at Gardner-Webb a $100.00 scholarship for the sophomore year.

George and Ida Wood Blanton Scholarship: In 1955 George Blanton and Ida Wood Blanton of Shelby, North Carolina, created a $10,000.00 Trust Fund to be known as the George and Ida Wood Blanton Scholarship Trust for the purpose of encouraging and promoting the education of capable and deserving boys and girls through the facilities of Gardner-Webb College. The income from this fund is to be used by qualified students at Gardner-Webb College.

The J. R. Dover, Jr. Memorial Scholarship Fund: In 1962 J. R. Dover made an initial gift of $5,000.00 to establish an endowment fund for scholarships. Since Mr. Dover's death in 1963, this fund has increased to $50,000.00 by gifts from relatives and friends of the late Mr. Dover. The income from this final is to be used for scholarships and is awarded by the scholarship committee.

The Clarence N. Peeler Andrews Memorial Scholarship Fund: Mrs. Hattie Peeler Self of Cherryville and her daughter and son-in-law, Dr. and Mrs. W. B. Andrews, have established a trust fund of $10,000.00 in memory of Clarence N. Peeler Andrews, grandson and son of the donors. The income from this fund is to be used to aid worthy young men and women attending Gardner-Webb College.

The Virginia Lynn Smither Scholarship: In 1963 Mr. W. H. Smither of Winston-Salem established a memorial scholarship in memory of his daughter, Virginia Lynn, who was serving as an instructor in Physical Education at Gardner-Webb College when she lost her life in an automobile accident. This scholarship amounts to $250.00 annually and preference is given to boy or girl pursuing a church-related vocation. Application should be made to faculty committee.

M. G. Martin Memorial Scholarship: In 1927 Mrs. Ellen Bostic Martin of Mooresboro, North Carolina, gave the school $2,-500.00 for the purpose of creating and establishing the M. G.

Martin Memorial Scholarship. The interest coming from this scholarship fund is to be used for the education of ministerial students, preferably those related to M. G. or Ellen Bostic Martin. The amount now available from this fund is $75.00 per year.

Delta Kappa Gamma Scholarship: The Alpha Epsilon chapter of Delta Kappa Gamma, international honorary organization for women educators, offers a $50.00 scholarship to a rising sophomore girl at Gardner-Webb College, who plans to make teaching her career.

Mr. and Mrs. Roy Small: Mr. and Mrs. Small have made annual contributions which now amount to $1,262.00.

ACADEMIC SCHOLARSHIPS

The College will award for 1964-65 the following competitive scholarships based upon academic excellence.

10—$500.00 scholarships

10— 250.00 scholarships

25— 100.00 scholarships

The trustees, faculty, administration, and friends contribute to this fund.

All scholarships, except academic, are applied on second semester fees.

STUDENT HELP

Student Aid: A ministerial student approved by his church and association, or a missionary student who presents a recommendation for the mission field from his home church, will be allowed a ministerial scholarship of $100.00 per year, provided the conditions outlined by the Board of Trustees are accepted by the student. These conditions include grades averaging "C" or above on all work. A minister's wife is also entitled to the same, while sons and daughters of ministers actively engaged in preaching will be allowed half of this amount, $50.00.

Sons and daughters of employees of the College are granted free tuition.

Student Work Contracts: Various kinds of work are provided on the campus for students who need to help defray their college expenses through work. These include work in the library, cafeteria, bookstore, etc. In accepting work in any of these departments, it is expected that the student maintain a satisfactory scholastic record and prove himself capable of the responsibility required for his work. Work must be approved by a facutly supervisor before the student is paid. Students work by the hour and payments are made monthly.

To make application or obtain additional information about the student work program, write the Business Manager of the College.

General Academic Information

Requirements For Admission

Candidates for admission to Gardner-Webb College should contact the Director of Admissions for the necessary application forms. In order to be considered for admission the following information should be on file in the Office of Admissions.

1. Formal application for admission, including small photograph and admission deposit of $10 for all applicants (This deposit is not refundable).
2. An official transcript of high school credits.
3. A medical report from a physician.
4. S. A. T. scores on the College Entrance Examination Board tests.

Every applicant for admission to the freshman class is required to take the Scholastic Aptitude Test of the College Entrance Examination Board and have the scores reported to the college. The test is given in December, January, March, May, and July. It is recommended that the Scholastic Aptitude Test be taken early in the senior year.

Students wishing to make application to take the tests should procure application forms from their secondary schools, or write directly to the College Entrance Examination Board, Box 592, Princeton, New Jersey, or Box 1025, Berkeley 1, California, for the **Bulletin of Information,** which includes an application form and is available without charge. The bulletin lists test centers and gives complete information concerning the tests.

Because of deadlines for filing application to take the College Board tests, the student must make his arrangements well in advance of the testing date so that his application may be received in Princeton or Berkeley by the closing date.

Forms for each of the above items, except No. 4, are supplied to the applicant by the College and may be obtained upon request. More detailed information concerning filing of the application is included on an instruction sheet which accompanies the application blanks. When all four items have been received and processed, the applicant is written a letter relative to his acceptance.

Generally speaking the main bulk of applications for admission for any given year should come into the office sometime

between October and April for the following fall term; between October and the early part of January for the second semester; and between January and June for the summer session.

METHODS OF ADMISSION

1. Regular

   a. Those who have been graduated from an accredited high school with a minimum of fifteen units.(Refer to NOTE below.)

   b. Adults who have the equivalent of graduation on the basis of the G. E. D. tests, or a State High School Equivalency Certificate.

2. Special

   a. A limited number of applicants for certain courses in music.

   b. A few select students of mature years are admitted to classes by special permission of the Dean regardless of previous training. These students do not receive college credit.

The College reserves the right to reject any application without giving a reason.

NOTE: Gardner-Webb does not prescribe a fixed pattern for admission but evaluates the student's record in the light of his chosen course of study. The quality of work and distribution of units must indicate sufficient preparation for the chosen course of study. The College **recommends** the following **minimum** course distribution as the best preparation for academic work at Gardner-Webb:

English	4 units
Language	2 units
Social Science	2 units
Algebra	1½ units
Plane Geometry	1 unit
Natural Science	1 unit
Electives	4 units

If a student is found deficient in foreign language or mathematics, he may remove the deficiency in the following way:

1. Foreign Language. An applicant who takes a course which includes foreign language should offer two units in that language for admission. If he offers less than two units he may begin language in college.
2. Mathematics. An applicant who elects Mathematics 101 should offer one and one-half units in algebra and he must offer one unit in plane geometry or take it without college credit. Plane geometry may be taken along with Mathematics 101 but must be completed before a student is admitted to Mathematics 102.

ADVANCED PLACEMENT AND EXEMPTION

Students achieving a score of 4 or 5 on an Advanced Placement Program test of the College Entrance Examination Board will be given credit for the course covered by the test.

In order to enrich the program of a gifted student, a student attaining a satisfactory score on a special test administered by the appropriate department of the college may be exempted from the course covered by this test, but will be required to take in the same department an advanced course carrying the same or more credit.

Details concerning the Advanced Placement Program and Exemption will be worked out through the Dean of Instruction, the appropriate department involved, and the student.

ADMISSION TO ADVANCED STANDING

Transfer students from other colleges are required to have on file in addition to that required of regular applicants an official transcript of their previous college record and a personal data sheet (form supplied by Gardner-Webb College) from the college last attended. Gardner-Webb applies the same ruling to transfer students as it does to her own students in regard to academic requirements (relative to admission, absences, graduation, etc.) and citizenship.

In general any work on which a student has earned a passing grade will be accepted provided it fits into the curriculum pursued at Gardner-Webb.

Regardless of the amount or quality of work done at the other institution, the student must average "C" on all work at Gardner-Webb in order to be eligible for graduation. The overall average, however, on all work done at whatever institutions must be "C."

REGISTRATION

Certain days at the beginning of each semester or summer term are set aside for registration. No student will be permitted to register for credit after two weeks from the beginning of classes in any semester. Auditors may attend classes. An audit fee is required. See financial section.

During the registration period a student observes the following procedure: (1) secures from the Registrar's office permission to register and necessary information and blanks; (2) arranges his schedule of classes with the help of a faculty advisor; (3) has his course of study and schedule of classes approved by the Registrar; (4) makes payment of fees to the Business Manager.

A student will not receive credit for any course for which he has not registered.

By approval of the Dean, a course may be added within two weeks or dropped within six weeks from the beginning of the semester.

A fee of $1.00 will be charged for any change in schedule after the close of the registration period.

Unless granted special permission, no student passing less than ten hours during a semester will be permitted to register for the following term.

LATE REGISTRATION

A late registration fee will be charged as follows: for the first day beyond the scheduled dates, $3, and for each succeeding day up to and including the fifth day, $1; or a total of $7.

No student will be admitted, except by special permission, after the expiration of two weeks beyond the scheduled registration days.

CLASSIFICATION

Students are classified at the beginning of the regular school year or at the time of entrance if the entrance date is other than the beginning of the school year:

1. **Freshmen**—Students fully qualified academically for credit as specified in admission requirements who have earned no college credits or who have less than 30 semester hours of credit.
2. **Sophomores**—Students fully qualified academically for credit and who have earned 30 or more semester hours of credit.
3. **Specials—Credit** students, qualified academically for credit but taking music courses only; **non-credit** students, music specials not desiring credit and a limited number of adults admitted to regular classes regardless of previous training.

EDUCATION PROGRAM FOR VETERANS

Gardner-Webb College is approved by the Veterans Administration to offer a course of education to eligible veterans under Public Laws 16, 346, 550, and 894. Veterans planning to attend Gardner-Webb should confer with a representative of the Veterans Administration before the opening date of school, so that proper application and approval may be completed without undue delay. Veterans without any disability should have Certificates of Eligibility and Entitlement when they arrive at Gardner-Webb, for presentation to the Business Manager.

CLASS ATTENDANCE

Students are strongly advised to attend classes regularly. The following regulations are applicable as indicated:

1. **First semester freshmen** are allowed no unexcused absences.
2. **Other students who have a C average or above** (that is a 2.0 quality point ratio on all hours attempted the last semester in attendance) may have as many absences for which they do not have to account as the particular course carries semester credit hours. **All other absences must be**

excused or the student will lose credit for the course or courses during the semester in which excessive absences occur.

Students having an average below C are allowed no unexcused absences **in the succeeding semester** following the semester in which a C average or above was not made.

3. In no event may total absences from class for any cause **exceed 25%** of the number of class meetings of that course during the semester.

Absences shall be excused for **authorized** representation of the College. Other absences for illness, etc. must be validated by the Dean of Instruction within seventy-two hours after the student returns to school. Responsibility for getting absences excused rests entirely upon the student.

TARDIES

Three unexcused tardies will count as one unexcused absence. Tardy excuses may be submitted to the teacher of the course in which the tardy occurs.

CHAPEL ATTENDANCE

Chapel attendance is required. A student is allowed three chapel absences each semester for which he does not have to account. All other absences must be excused or the student will lose credit for all his work during the particular semester in which the excessive absences occur.

GRADING SYSTEM

Grades—The scale of grades for the official record is as follows:

	Quality Points per sem. hour
A—Excellent (95-100)	4
B—Above average (88-94)	3
C—Average (78-87)	2
D—Below average (70-77), passing	1
F—Failure (below 70)	0
I—Incomplete	0

An "I" indicates that the student has not turned in assigned written work, or that he has not yet taken a test or examination ,although he has a valid excuse. An "I" automatically becomes an "F" unless removed during the following semester.

Any subject dropped after six weeks is recorded as an "F." Any subject dropped without the permission of the Dean is also recorded as an "F."

Repeating courses — A course may be repeated in order to raise the grade only if the previous grade made was a "D" or "F." In each case, the last grade made is the one that counts. Both grades are shown on the transcript.

Quality Point Average — A student's general academic performance is determined by what is commonly known as the quality-point (or grade point) average. For computational purposes in securing a student's average, one semester hour of work passed with a grade of A, B, C, D, or F is given the numerical value of 4, 3, 2, 1, or 0, respectively (see scale of grades). The numerical value is then multiplied by the number of semester hours represented by the course; the quality points earned in all courses are added and the total is divided by the number of semester hours attempted, including courses failed and passed. Non-credit courses are not counted in the computation for the quality ratio. Grades in courses taken at another institution are not considered in computing the quality-point index.

To be eligible to register for the next semester, a regular student carrying 12 or more credit hours must pass at least 10 hours of work (unless he is a first semester freshman, in which case he must pass at least 6 hours). A student carrying less than 12 semester hours must pass at least half of his college credit work. Failure to do so will result in academic suspension for at least one semester, after which the student may apply for readmission. Under exceptionally extenuating circumstances a student failing to meet the regular retention requirements for readmission may appeal to the Admissions Committee for special consideration.

Academic Honors — Two HONOR LISTS are posted each semester:

1. Dean's List—Full-time students whose quality average equals 3.8 will be recognized for Distinguished Scholar ship as Honor Roll students.
2. Honor Roll—Full-time students whose quality point average equals 3.2 but not 3.8 will be recognized as Honor Roll students.

In every case there must be no grade below C. and the student must be carrying a minimum of 15 semester hours.

Graduation—To qualify for graduation with the Associate in Arts diploma the student must have a quality point average of 2.0 or more (C or better average) on all hours attempted. Any course for which a grade is recorded will be counted as hours attempted.

EXAMINATIONS AND REPORTS

Written examinations are required in every course at the end of each semester. Students who do not take these examinations at the scheduled time will receive a failing grade in that subject unless excused by the Dean. If the student is excused, his grade will be recorded as "Incomplete."

If a student is absent from a test which has been previously scheduled, he is given a grade of zero on that test and is not allowed a second test unless recommended by the teacher and given an excused absence by the Dean. In that case the student pays to the Business Manager a special fee of $1.00 for a test, or $3.00 for a final examination.

Reports of the student's progress are made at the end of each nine weeks, indicating the grade of scholarship and attendance at class and chapel. Summaries of these reports are given to the students at the end of each grading period. Parents are mailed semester grades only unless the student's progress for any given period is not satisfactory. Only the final semester grade is recorded on the student's permanent record.

STUDENT REPRESENTATION

Only students who passed 10 semester hours with an average grade of "C" on these 10 hours during his previous semester and currently carrying the normal student load may represent the College in public functions.

In order to be eligible for election to the offices listed below a student must have a minimum 2.0 quality ratio on all work taken his previous semester in attendance and be currently carrying a normal student load (15 or more hours).

Student Government Association
- President
- Vice President
- Secretary-Treasurer

Publications
- Editor-in-Chief
- Business Manager

Baptist Student Union
- President
- Vice President
- Secretary

Sophomore Class
- President
- Vice President

The faculty or its executive committee may at any time declare a student ineligible to represent the college because of poor academic performance and because of improper personal conduct.

Participation in intercollegiate athletics is also governed by the stringent eligibility rules of National Junior College Athletic Association.

Students who are readmitted to the College on probation, either academic or disciplinary, are not eligible to represent the College until the probation has been removed.

STUDENT LOAD

The normal load for a regular student is 17 hours; however, with permission of the curriculum committee a student may take 19 hours as the maximum. Unless he secures special permission of the Dean, every regular student is required to register for at least fifteen hours. No regular student may drop below twelve hours during a semester.

WITHDRAWAL

If a student withdraws from school, he should notify the Dean of Instruction, Business Manager and the Registrar; otherwise he is not entitled to an honorable dismissal.

Students who have been requested to withdraw are not permitted to register again during the current year.

AWARDS

In memory of the late Professor J. D. Huggins, Mr. L. R. Harrill, State Director for 4-H Clubs, offers a citizenship medal to the senior boy making the best record in scholarship and general interest in college activities.

In memory of the late Miss Etta L. Curtis, Mr. R. E. Price offers a citizenship medal to the senior girl making the best record in scholarship and general interest in college activities.

The Rev. John W. Suttle and Mrs. Suttle offer a medal to the student making the best record in Bible courses and having the best grasp of Bible teachings.

The winners of these three awards are selected by the faculty.

NUMBERING SYSTEM

Freshman courses are designated by numbers 100-199; sophomore courses 200-299. First semester courses are designated by odd numbers; second semester, even numbers.

SUMMER SESSION

Gardner-Webb offers a summer school for the advantage of (1) those who wish to shorten the time required for their education, (2) those who wish to enrich their education by taking more than the minimum requirements, and (3) those who wish to take courses that they need to meet graduation requirements.

Complete information both as to courses offered and expenses may be obtained by writing to the Director of Summer School, Gardner-Webb College, Boiling Springs, North Carolina.

EVENING COLLEGE

In 1963 Gardner-Webb College began offering courses in the evening hours for credit and non-credit. An excellent response was accorded this new service program of the College. It is the will of the administration that we continue to serve the needs in this geographical area.

Contact the Director of the Evening College for more information.

REQUIREMENTS FOR GRADUATION

General Requirements

A diploma will be awarded to any student who (1) completes one of the following outlined courses, (2) has a quality point average of 2.0 or more on all hours attempted, (3) exemplifies good moral character, (4) completes the sophomore year's study at Gardner-Webb, and (5) earns a minimum of 68 semester hours credit.

Academic Requirements

I. LIBERAL ARTS

This course is recommended for all students working toward a bachelor's degree, Bachelor of Arts, Bachelor of Science, Bachelor of Business Administration, etc. This includes courses for students interested in various vocations such as teaching, social service, the ministry, library science, research, business administration, law, etc. Also refer to the outline of courses below the Liberal Arts under the pre-professional groups for additional recommendations relative to specific vocations.

ENGLISH

Mr. Dedmond, Head **Mr. Osborne** **Mr. Mulder**
Mr. Taylor **Mrs. Doggett** **Mrs. Morris**

The objectives of the course in English are:
In composition courses

1. To enable the student, as a product of clear, accurate think ing and with due regard for the fundamentals of good English language, to write on a mature, readable level.
2. To stimulate the student's thinking through a reading program ,to increase his store of ideas, to provide models for his own writing, and to increase his vocabulary.

In literature courses

1. To study literature as an instrument of the expression of the ideas and emotions of the great English and American writers.
2. To develop in the student a keen, yet critical, appreciation of the literature of the English and American peoples.
3. To acquaint the student with the best that has been written in English and American literature with a view toward enabling him better to enjoy life culturally and aesthetically.

A. ENGLISH COMPOSITION

101-102. Grammar and Composition. This course provides for a thorough review of grammar and the mechanics of composition. There is frequent and extensive practice in theme writing, both formal and informal. The details of grammar are thoroughly covered by means of practice sheets and work books. Guidance is given in the selection of literacy works which serve as models for the student's own compositions. Required of all freshmen. Three hours a week, both semesters. **Six semester hours credit.**

213-214. Advanced Grammar and Advanced Composition: An elective six-hour course. A student must enroll in the course at the beginning of the academic year. The course features advanced grammar, the elements of journalism, advanced expository writing, and creative writing. Prerequisite: English 101-102. Three hours a week. **Six semester hours credit.**

A study of the works of the major American writers before the Civil War - Edwards, Franklin, Irving, Poe, Longfellow, Cooper, Emerson, Thoreau, Whitman, Melville, and Hawthorne. The writers and their works are studied against the background of the literary movements of which they were a part.

Prerequisite: English 101-102 Three hours a week, first semester. **Three semester hours credit.**

222. American Literature, 1860 to The Present. An elective three-hour course. A study of the works of the major American writers since the Civil War - Twain, Howells, James, Garland, Dreiser, Wolfe, Lewis, Hemingway, Frost, and Faulkner. The writers and their works are studied against the background of the literary movements of which they were a part.

Prerequisite: English 101-102. Three hours a week, second semester. **Three semester hours credit.**

III. FINE ARTS

Mr. Hill, Chairman **Mr. Dedmond** **Mrs. Plaster**
Mrs. Gidney **Mrs. Hill** **Mr. Shepherd**
Dr. Lewis

The objectives of the course in Music, Art, Speech, and Dramatics are:

1. To instill into students a deeper appreciation of the cultural values of music and art.
2. To provide adequate training for those who wish to pursue the study of music as a profession.
3. To imbue the student with the desire to acquire such musical knowledge as will enable him to raise the cultural standards in his community.
4. To enable the student to prepare and deliver speeches, to improve his poise, oral interpretation, and speaking voice.
5. To acquaint the student with the theory of play production—directing, acting, scene designing, costuming, lighting, and make-up. Plays of dramatic merit are studied and produced.

Music

Students of varying degrees of advancement are admitted to the music department. However, to obtain college credit for any course in applied music, whether organ, piano or voice, certain standards must be maintained. Therefore, a certain degree of advancement is assumed. Achievement tests in theory may be given. Supplementary theory instruction may be available to those students who lack sufficient knowledge of the necessary fundamentals of music. This would be considered part of the applied music course for all voice or piano students obtaining college credit for their lessons.

Students who are not music majors, who wish to learn how to play or sing may study without receiving college credit. No quality points are earned, but their lessons will be counted in their college load of hours to be taken. This will enable a student to learn music though he has not had previous opportunity for study.

All music majors are required to take two lessons a week, since they will learn more quickly and will do a better quality of work. Each student is required to practice a minimum of six hours per week in his major area. Voice or piano students of especial aptitude and degree of advancement are urged to do supplementary practice when possible.

Interviews to determine the pupil's ability to play or sing will be given during registration week by appointment with the instructors themselves. A student majoring in voice must

demonstrate his ability to sing on pitch and with musical intelligence by performing an art song, an old English melody or a song by a contemporary composer.

A student majoring in piano should be able to play a Bach selection, an exercise of the difficulty of Duvernoy Op. 120 or Burgmuller Op. 100 and a piece of similar difficulty. Those majoring in piano should be prepared to play a movement from a Haydn, Mozart or Beethoven Sonata in addition to the above selections.

A music major will be required to have a minor in music other than his specialty. A voice major will be required to take piano as his minor. A piano or organ major will be required to take either voice or another instrument as his minor. An instrumental major will be required to take either piano or voice as his minor. No student will be permitted to minor in organ. Exceptions must have faculty approval. The minor receives two hours credit with a minimum of three hours practice per week.

All music majors are expected to follow the proposed music curriculum.

Opportunities exist for performance in formal and informal recitals both on and off campus. All applied music students obtaining credit are required to appear in a certain number of afternoon and evening recitals and workshops. They are also required to attend all faculty recitals, to attend seventy-five per cent of student recitals, and to appear before the music board. The music board is a jury exam in which a student demonstrates his level of attainment twice each semester. Requests for participation on radio programs, club programs, and in churches are constantly being met.

I. APPLIED MUSIC COURSES

2. To develop an awareness of the relation of our own language and culture and those of another country.
3. To understand without translating the language as spoken and written by natives.
4. To speak and to write the language in a manner acceptable and intelligible to native speakers.

A. CLASSICAL

1. Latin

101-102. Beginning Latin. This includes mastery of declensions and conjugations and a careful study of syntax. All basic constructions are learned, so that any simple Latin text may be read. Derivations of English words and an understanding of Roman background are stressed. Three hours a week, both semesters. **Six semester hours credit.**

201-202. Advanced Latin. Prerequisite: Latin 101-102 or its equivalent. A continuation of the study of Latin Grammar with more difficult translation. History, political and military life, and customs of the Romans are studied further and additional English vocabulary gained through derivatives. Three hours a week, both semesters. **Six semester hours credit.**

2. Greek

101-102. Beginning Greek. A thorough study of the Koine Greek of the New Testament. Emphasis upon grammatical forms, translations into Greek and English, simple syntax. During the second semester selected portions of the Greek New Testament are read and exegeted. Text: **Beginner's Grammar of the Greek New Testament,** by W. H. Davis. Three hours a week, both semesters. **Six semester hours credit.**

201-202. Advanced Greek. A comprehensive and detailed review of grammar with emphasis upon the syntax of the noun, the verb, and clauses. Advanced reading and exegesis of selected portions of the Greek New Testament. Text: **A Manual Grammar of the Greek New Testament** by Dana and Mantey. The differences between the Koine Greek and the Classical Greek will be studied. Students will be required to purchase the book **An Introduction to Greek** by Crosby and Schaeffer. Three hours a week, both semesters. **Six semester hours credit.**

203-204. Exegesis and Greek Civilization. A supplementary course in Exegesis and Greek Civilization. The first semester will consist of selected passages of the New Testament assigned

for research in order to demonstrate the mechanics of the Greek language. The second semester a study will be made of the relationship between the Greek language and Greek Civilization. A research paper along with other outside assignments will be required during the second semester. This course may be taken along with Greek 201-202. One hour a week, both semesters. **Two semester hours credit.**

B. MODERN

1. French

101-102. Elementary French. This is planned for those who have not completed two units of high school French or its equivalent. It presents the simpler grammatical constructions, introduces a practical vocabulary, and informs the student concerning French life, customs, and manners. This is done through reading, translation, dictation, conversation, and intensive oral drills in the language laboratory. Three hours a week, supplemented by three hours laboratory work. Both semesters. **Six semester hours credit.**

103-104. Intermediate French. Prerequisite: French 101-102 or two units of high school French or its equivalent. This is a continuation of the work begun in French 101-102. It consists of a thorough review of grammar and composition, a study of selected works from outstanding French writers, and intensive oral practice. Three hours a week, supplemented by three hours laboratory work. Both semesters. **Six semester hours credit.**

201-202. French Literature. Prerequisite: French 103-104 or its equivalent. This is a survey course covering the literature of France from the Old French period through the first thirty years of the present century. The causes and development of the various literary movements are stressed. Particular attention is given to the literature of the Renaissance and to French Classicism, Romanticism, and Realism. Three hours a week, both semesters. **Six semester hours credit.**

203-204. Composition and Conversation. French linguistics, with advanced training in speaking, making records, and comprehension. Intensive and methodical training in the acquisition of an active and idiomatic French vocabulary. Readings are from selected contemporary novels, plays, and short stories. Three hours a week, both semesters. **Six semester hours credit.**

2. German

101-102. Elementary German. This course is planned for those who have not completed two units of high school German or its equivalent. It presents the simpler grammatical constructions, introduces a practical vocabulary, and informs the student concerning life, customs, and manners in German speaking countries. This is done through reading, translation, dictation, conversation, and intensive oral drills in laboratory work. Three hours a week, supplemented by three hours of laboratory work. Both semesters. **Six semester hours credit.**

103-104. Intermediate German. Prerequisite: German 101-102 or two units of high school in German or its equivalent. This is a continuation of the work begun in German 101-102. It consists of thorough review of grammar and composition, a study of selected works from outstanding writers of Germany, and intensive oral practice. Three hours a week, supplemented by three hours of laboratory work. Both semesters. **Six semester hours credit.**

3. Spanish

101-102.Elementary Spanish. This course is planned for those who have not completed two units of high school Spanish or its equivalent. It presents the simpler grammatical constructions, introduces a practical vocabulary, and informs the student concerning life, customs, and manners in Spanish speaking countries. This is done through reading, translation, dictation, conversation, and intensive oral drills in laboratory work. Both semesters. **Six semester hours credit.**

103-104. Intermediate Spanish. Prerequisite: Spanish 101-102 or two units of high school Spanish or its equivalent. This is a continuation of the work begun in Spanish 101-102. It consists of a thorough review of grammar and composition, a study of selected works from outstanding writers of Spain and of Spanish America, and intensive oral practice. Three hours a week, supplemented by three hours laboratory work. Both semesters. **Six semester hours credit.**

201-202. General survey of the Literary and Cultural Herit-

age of Spain. Prerequisite: Spanish 103-104 or its equivalent. This course merely touches upon current problems of Spain. Emphasis is upon the economic, political, social, and cultural development of the nation and their influence on the literature. Three hours a week, both semesters. **Six semester hours credit.**

203-204. Composition and Conversation. Spanish linguistics, with advanced training in speaking, making reports, and comprehension. Intensive and methodical training in the acquisition of an active and idiomatic Spanish vocabulary. Readings are from selected contemporary novels, plays, and short stories. Three hours a week, both semesters. **Six semester hours credit.**

V. NATURAL SCIENCE AND MATHEMATICS

Mr. Dixon, Chairman **Mr. Moseley** **Mr. Stacy**

Mr. Isner **Mr. Bridges** **Mr. Winter**

Mr. Fite **Mr. Perkins** **Mr. Jolley**

The objectives of the courses in Natural Science and Mathematics are:

1. To acquaint the student with the basic laws of the physical universe.
2. To help the student develop an understanding of and an appreciation for life, the chemical composition of the material world, and the operative laws of physics.
3. To assist the student in finding truth through the study of science and in verifying known truths by experimentation.
4. To lead the student to appreciate mathematics both as a tool for calculation and as a type of thinking necessary for reaching logical conclusions.
5. To give the student an adequate foundation for additional study in biology, chemistry, mathematics, physics, and psychology.

A. NATURAL SCIENCES

1. Biology

101-102. General Biology. A general introductory course in Biology designed to acquaint the student with basic characteristics of living matters, including a survey of plant and animal kingdoms. Metabolism, growth, reproduction, heredity, and other biological concepts are studied. Two classes and two, two-hour laboratory periods a week, both semesters. Biology 101 is a prerequisite to Biology 102. **Eight semester hours credit.**

201. Zoology. A study of the structure, physiology, and taxonomy of the invertebrates and vertebrates with a more thorough and intensive survey than is inferred in General Biology.

Boiling Springs Baptist Church

Boiling Springs Methodist Church

Study and application go hand-in-hand as student nurses survey the field and participate in clinical operations. Gardner-Webb begins a new Associate in Arts Degree in Nursing program this fall in cooperation with Rutherford Memorial Hospital and Cleveland Memorial Hospital.

Gardner-Webb develops leadership qualities in its students through active participation in student government.

Prerequisite: General Biology 101-102. Two one-hour lectures and two, two-hour laboratory periods a week. Second semester. **Four semester hours credit.**

202. **Comparative Anatomy.** A study of the comparative anatomy of selected chordate animals; also, a dissection of comparative forms in the laboratory practice. Prerequisite: General Biology 101-102, Zoology 201. Two one-hour lectures and two ,two-hour laboratory periods week. Second semester. **Four semester hours credit.**

203-204. **Human Anatomy and physiology.** An introduction to human anatomy with the fundamental principles of the physiology of the body systems. Prerequisite, Biology 102. Three one-hour lectures and one three-hour laboratory period a week, both semesters. **Eight semester hours credit.**

206. **Microbiology.** An introduction to the study of bacteriological methods, representative types of pathogenic microorganisms including basic principles of immunology and therapy, and their importance in human economy. Prerequisite, Biology 102. Three one-hour lectures and one three-hour laboratory period each week. Spring semester. **Four semester hours credit.**

2. Chemistry

101-102. **General Chemistry.** Introduction to chemistry emphasizing fundamental laws and theories of chemical principles and their application. Subject matter covered includes atomic structure, problems and equations, oxidation-reduction, ionic equilibria, introduction to nuclear and organic chemistry, in addition to the study and preparation of the more common elements and compounds with the periodic chart as the background of theory. Problem working is stressed. Three one-hour lectures and one three-hour laboratory a week. **Eight semester hours credit.**

104. **General Chemistry and Qualitative Analysis.** The recitation lecture is the same as Chemistry 102. The laboratory differs from Chemistry 102 in that approximately three-fourths of Chemistry 104 laboratory work will be devoted to qualitative analysis for cations and anions by means of semi-micro procedure. Three one-hour lectures and one three-hour laboratory a week, second semester. **Four semester hours credit.**

201-202. **Organic Chemistry.** A study of the fundamental chemistry and structure of aliphatic and aromatic series, some of their derivatives such as alcohols, fats, proteins, etc. The laboratory work will involve the preparation, purification and properties of some typical organic compounds. Prerequisite: Chemistry 101 and 102 or 104. Three one-hour lectures and one three-hour laboratory period a week, both semesters. **Eight semester hours credit.**

3. Physics

201-202. General Physics. A study of basic college physics. Mechanics and properties of matter, heat, wave motion, sound, light magnetism, and atomic physics. Any student receiving credit for this course will not receive credit for Physics 203-204. Prerequisite, Mathematics 101 and 102 or 107. Three one-hour lectures and one three-hour laboratory period per week, both semesters. **Eight semester hours credit.**

203-204. Physics for Engineers. A study of mechanics, heat and molecular physics, wave motion and sound, light, electricity and magnetism, with the fundamentals of particle physics and the revolutionary conceptual developments of the twentieth century properly fitted into the classical topics. Special emphasis is given to principles and concepts which are useful in engineering. Any student receiving credit for this course will not receive credit for Physics 201-202. Co-requisite: Mathematics 201. Three one-hour lectures, one hour recitation, and one three-hour laboratory period per week, both semesters. **Ten semester hours credit.**

B. MATHEMATICS

27. Plane Geometry. The geometrical concepts are fully developed and the basis of congruence is thoroughly taught. From that point on, the course moves rapidly with a wide application of geometric facts to many varied problems. Stress is given to mensuration, congruence, and similarity. The purpose of this course is to teach students the processes of analytical thinking and critical evaluation of data. Three classes a week, one semester. **No college credit.**

101. Algebra. Elementary set theory followed by a study of numbers using the axiomatic method. A brief review of traditional algebraic topics such as factoring, fractions, exponents, and radicals, emphasizing the logic in the fundamental operations. Functions and graphs. Inequalities; linear and quadratic equations. Progressions. Theory of equations. Prerequisite or corequisite: Plane Geometry. Three hours a week, one semester. **Three semester hours credit.**

102. Plane Trigonometry. A study of the trigonometric functions with their application to the solution of right and oblique triangles, logarithms, radian measure, trigonometric identities and equations, graphs of trigonometric functions, inverse functions, and complex numbers. Prerequisite: Plane Geometry. Three hours a week, one semester. **Three semester hours credit.**

106. Solid Geometry. A study of theorems and problems concerning linesl and planes, polyhedrons, cylinders, cones, and spheres. Special attention is given to the proof of the formulas for areas and volumes. Prerequisite: Plane Geometry. Two classes a week, second semester. **Two semester hours credit.**

107. Algebra and Trigonometry. Elementary set theory, functions as sets of ordered pairs, real number system, solution of equations, quadratics, trigonometric functions, solutions of triangles using natural functions and logarithms, trigonometric identities and equations. Complex numbers, progressions, and theory of equations. This course is designed for the pre-engineering student or the student who plans to major in mathematics. Students are admitted to this course after consideration is given to their mathematical interest, ability and aptitude as indicated by their high school recor d and test scores. Prerequisite: Plane Geometry. Six hours a week, first semester. **Five semester hours credit.**

108. Analytic Geometry and Calculus. A unified course in Analytic Geometry and Calculus. Topics included are: rectangular coordinates in the plane, equations of the straight line, slope, limits, continuity, derivatives of algebraic and trigonometric functions with application, maximum and minimum values, related rates. Conic sections. Introduction to integration.

Prerequisites: Mathematics 107 or Mathematics 101 and 102 Five hours a week, second semester. **Four semester hours credit.**

109. Fundamentals of Arithmetic and Algebra. This course is designed for the student who plans to major in Elementary Education. It consists of a study of: the properties of counting numbers, integers, and rational numbers; number systems of different bases; topics in number theory; groups; fields; and topics in algebra. Corequisite or prerequisitie: Plane Geometry. Three hours a week, one semester. **Three semester hours credit.**

110. Basic Concepts of Geometry. This course is designed for the student who plans to major in Elementary Education. It consists of a brief study of set theory followed by a study of logic, congruence, linear and angular measure, area and volume, similarity, and graphs. A major emphasis is placed on the fundamental concepts which underlie the mathematics of the elementary school. Prerequisite: Plane Geometry. Three hours a week, one semester. **Three semester hours credit.**

201-202. Differential and Integral Calculus. A continuation of the study begun in Mathematics 101 including applications of the definite integral to area, volume, surface area, pressure; work, centroids; differentials and integrals of transcendal functions; integration by various methods; improper integrals. Evaluation of determinants of order n. Hyperbolic function. Polar conditions. Second semester topics include vectors, solid analytic geometry, curvature, partial differentiation, multiple integrals with applications. Infinite series, expansions of functions, convergence. Five hours a week, both semesters. **Eight semester hours credit.**

C. ENGINEERING DRAWING

101-102. Engineering Drawing. Drawing-board work on lettering, instrument practice, free-hand sketching, sections, projections, auxiliary views, revolutions, fasteners, intersections, diagrammatic sketches and drawing using standard symbols, working drawing, tracing, and blueprinting. The latter part of the course will include the study of representaions of geometrical magnitudes with points, lines, planes and solids. Two two-hour laboratory sessions a week throughout the year. Prerequisite: Plane Geometry. Credit. **Four semester hours.**

D. PSYCHOLOGY

201. General Psychology. A study of the basic facts and principles of psychology. This course is designed to acquaint the student with the scientific aspect of psychology and provide a basis for further study. Open only to students of sophomore standing. Three hours a week, first semester. **Three semester hours credit.**

202. Educational Psychology. Designed to give the prospective teacher a survey of the learning process, the teaching personality, and maturation as it relates to the curriculum. Special emphasis is given to motivation, learning and retention, and interest as these relate to the school setting. Prerequisite: Psychology 201. Three hours a week, second semester. **Three semester hours credit.**

VI. PHYSICAL EDUCATION AND HEALTH

Mr. Harris, Chairman **Mrs. Holbrooke** **Mr. Holbrooke**
Mr. Spencer

The objectives of Physical Education and Health are:

1. To help to prepare each individual to be physically fit and to live a healthy life in our modern society.
2. To develop neuromuscular skills and abilities.
3. To develop an interest in activities for worthy use of leisure time.
4. To develop an ethical character.
5. To develop and maintain a healthy body.

PHYSICAL EDUCATION

Each student is required to register for Physical Education each semester. In unusual cases he may be excused by the Dean. While participating in a major sport, a student is not required to attend regular classes. (Students admitted to these

courses are expected to wear regulation uniforms which may be purchased from the College Book Store.)

COURSES FOR MEN

101. Physical Education. Freshmen men. consists of calisthenics, running, combative, rope jumping, rules and techniques of team sports. Two hours a week, first semester. **One semester hour credit.**

102. Physical Education. Freshmen men. Drill, basketball, volleyball, tumble ,track and field work, badminton, and swimmink. Two hours a week, second semester. **One semester hour credit.**

103. Physical Education. Sophomore men. Same content as Physical Education 101 with emphasis on actual participation in team sports. Two hours a week, first semester. **One semester hour credit.**

104. Physical Education. Sophomore men. Adult sports for recreation: volleyball, tennis, croquet, ping pong, badminton, shuffleboard, horseshoes, and swimming. Two hours a week, second semester. **One semester hour credit.**

105-106. Physical Education. Adaptive physical education for the handicapped or those unable to participate in the regular activities. Corrective exercises, adaptive games. This course is designed to fill the individual needs of students who require special attention. Two hours a week, both semesters. **Two semester hours credit.**

COURSES FOR WOMEN

101-102. Physical Education. Freshmen women. Beginners' archery, volleyball, basketball, stunts and tumbling, tennis, folk dancing, and calisthenics. Two hours a week, both semesters. **Two semester hours credit.**

103-104. Physical Education. Prerequisite: Sophomore standing. Advanced volleyball, basketball, stunts and tumbling, folk dancing, tennis, and receational sports. Two hours a week, both semesters. **Two semester hours credit.**

105-106. Physical Education. Adaptive physical education for the handicapped or those unable to participate in the regular activities. Corrective exercise, adaptive games. This course is designed to fill individual needs of students who require special attention. Two hours a week, both semesters. **Two semester hours credit.**

HEALTH

101. Health. The textbook used, **Essentials of Healthier Living.** Elementary physiology and anatomy are taught in so far as they are related to the desired objectives in personal health and community hygiene. A major emphasis is placed on nutrition. Two hours a week, one semester. **Two semester hours credit.**

VII. RELIGION

Dr. Allen, Acting Chairman **Miss Jones** **Dr. Lamb**

The objectives of the courses in Religion are:

1. To introduce the student to the background of the Christian Religion through a study of the Old Testament and to lead the student into a deeper understanding of the Christian religion through a study of the New Testament.
2. To lead the full-time Christian volunteer to a greater commitment to Christ through studies of selected portions of the New Testament, always with the Old Testament as a background.
3. To lead the full-time Christian volunteers to a greater understanding of the program and value of an advanced Christian Educational Program.
4. To develop a basic philosophy of Christian doctrine and practice which will carry over into life beyond the college and into eternity.

A. BIBLE

101-102. Bible. A survey of the entire Old and New Testament Scriptures with an effort to understand the story of revelation of Divine Truth and the means used in accomplishing it. Attention will be given to types of literature, translations, and methods of interpretation with the intention of furnishing the student with a broad and well-rounded storehouse of knowledge of the Scriptures as a background for future reading and for more advanced and detailed study. This course is required of all graduates. Three hours a week, both semesters. **Six semester hours credit.**

201-202. Bible. This course is designed especially for students who have had Bible 101-102. The first semester is an intensive study of the Life and Teachings of Christ, with special emphasis given to His Parables and Miracles. The second semester is an intensive study of the Life and Letters of Paul. The principles of Biblical interpretation are used throughout the

two semesters. A student may take either one or both semesters. Prerequisite: Bible 101-102. Three hours a week, both

B. RELIGIOUS EDUCATION

101. Introduction to Religious Education. An introduction to the field showing how modern religious education is based on (1) the historical background of the movement, (2) the content taught, and (3) the nature and needs of growing persons. Vocations in religious education will also be considered. Two hours a week, first semester. **Two semester hours credit.**

102. Methods of Teaching in Religious Education. A brief presentation of religious education principles followed by an intensive consideration of the values and limitations of various methods employed in religious education. The planning of Sunday School lessons, Training Union Programs and brief worship services will provide opportunities for practical applications of the material studied. Two hours a week, second semester. **Two semester hours credit.**

201. Survey of Religious Education Organizations. A study of the development, objectives, and functions of the Sunday School, Training Union, Woman's Missionary Union and Brotherhood. Emphasis will be given to the distinctive methods used in each organization, techniques of building and maintaining the organizations, and means of obtaining and using space. Two hours a week, first semester. **Two semester hours credit.**

202. Church Administration. A study of the organizational structure of the local church together with a study of the major principles of leadership and administration. This will be followed by a consideration of religious education leadership in the major church emphases: evangelism, stewardship, and mission; administration of the auxilioary services of the church: the church office, church library, church recreation, and week-day religious education; and public relations. Finally, correlation of the total program through the work of the church staff, the church council, and the church committees will be mention. Two hours a week, second semester. **Two semester hours credit.**

VIII. SOCIAL SCIENCE

Mr. Jolley, Chairman **Dr. Allen** **Mr. Terrell**

Dr. Burris **Mr. Hargis**

The objectives of the courses in the Social Sciences are:

1. To provide an intellectual adventure into life and to share in the creation of mature, thinking individuals, ready to face

life with a spirit of adventure and purpose, trust God to lead in the never-ending quest for truth.

2. To provide a general historial survey of our world heritage.
3. To provide an opportunity for a more intensive study of our American heritage.
4. To provide an opportunity for a further examination of the social, political, and economic ideas and institutions in which we are involved.

A. HISTORY

101-102. World Civilization. A historical study of world civilization. While considerable emphasis is given to Greco-Roman heritage and to the development of contemporary Western culture, the history of non-Western nations such as China and India is also studied. Great ideas are given equal place with great events in this introductury study of the forces which have shaped our modern world. Three hours a week, both semesters. **Six semester hours credit.**

201-202. American History. Prerequisite: Sophomore standing. A survey of the principal forces and movements which have formed the United States of today. Three hours a week, both semesters. **Six semester hours credit.**

B. POLITICAL SCIENCE

201. United States National Government. An introductory course in government, emphasizing the underlying principles, practice, and structure of the government of the United States. Brief attention is given to the problems facing government in the modern world and to a comparison of the American form of government with other forms of government. Three hours a week, one semester. **Three semester hours credit.**

202. Modern Foreign Governments. A study of the elementary aspects of the political institutions of England, France, West Germany, the Union of Soviet Socialist Republics and Japan. Emphasis is placed upon the general principles of government as seen through comparative study. Three hours a week, one semester. **Three semester hours credit.**

C. ECONOMICS

203. Principles of Economics. This course deals with fundamental laws and principles of economics. Basic economic concepts and the theories of production, income, prices, and price determination, and distribution of the national income are the principal topics considered. Three hours a week, one semester. **Three semester hours credit.**

204. **Principles of Economics.** A companion course to Economics 203. Government finance, national income stabilization and growth, and domestic economic problems are the principal topics considered. Three hours a week, one semester. **Three semester hours credit.** Prerequisite: Economics 203.

D. GEOGRAPHY

Geography 101. Elements of Geography. An orientation course in the field of geography, emphasizing the fundamentals of geography as a foundation to the understanding of the physical and cultural environment of man. Topics for study include, weather, elements of climate and the effect of these climatic principles on the distribution of population, industries, etc. of the world. Three hours a week, one semester. **Three semester hours credit.**

Geography 102. World Regional Geography. A study of the geography of the world by regions, with training in the techniques of thinking about world problems. The geo-political aspects of international problems will be stressed. Three hours a week and one one-hour laboratory period, one semester. **Three semester hours credit.**

E. SOCIOLOGY

202. **Introductory Sociology.** This is an introduction of the study of society, providing essentials for an intelligent understanding of the forces making for group life and for specialized study of sociological problems. Sophomore elective. Prerequisite: Sophomore standing. Three hours a week, one semester. **Three semester hours credit.**

Appendix

ALUMNI ASSOCIATION

Membership—All former students, graduates and non-grad uates, are considered members of the Alumni Association. All are invited to become active members by making a contribution of not less than $2 annually toward the work of the association.

Meetings—A general business meeting and banquet is held once each year during the College commencement, at which time the directors and officers of the organization are elected and other matters of business attended to. The president of the association has authority to call a special meeting of the association at any time and place he may choose for the purpose of transacting any business pertaining to the work of the association.

Purpose—The purpose of the Alumni Association is to provide an opportunity for the alumni to express their interest for the College in voluntary service, to organize local chapters, to keep in constant touch with the members of the association, and to promote the welfare of the entire College to the mutual benefit of both the College and the alumni.

At the annual meeting of the Alumni Association in May, 1961, the members present voted unanimously to lend their wholehearted support to the administration in organizing local Alumni Chapters. Twelve new local alumni chapters were organized during the school year 1961-62.

At the same meeting mentioned above the alumni unani mously voted to start an Alumni Endowment Fund. Plans were adopted at the annual banquet in May, 1962.

ACCREDITATION

The United States is divided educationally into convenient regions of accreditation. The individual college, when it meets minimum standards, is accredited by its regional association. Ordinarily accreditation by the regional association is, by courtesy, accreditation by all regional associations. That is, a person may transfer with ease from one accredited college in one part of the United States to another accredited college in any other part of the United States. In addition to regional accrediting agencies, each state has its own College Conference which follows fairly closely, sometimes more rigidly, the accrediting policies of the regional association.

Gardner-Webb College is in the region of the Southern Association of Colleges and Schools. Since 1948 it has been a member of that Association and fully accredited by it. It is also a member of, and fully accredited by, the North Carolina College Conference composed of sixty-two institutions in the State. Likewise it is accredited by the North Carolina Board of Education. It is authorized by the immigration authorities of the United States for the training of foreign students.

Although the following are not accrediting agencies as such, the College is an active member of:

The American Association of Junior Colleges
The Southern Association of Private Junior Colleges
The North Carolina Foundation of Church-Related Colleges
The National Junior College Athletic Association
The Western Carolinas Junior College Athletic Conference
Region 10 Junior College Athletic Conference
The College Entrance Examination Board

THE NATURE

1. Gardner-Webb College is a Christian College, owned and operated by the Baptist State Convention of North Carolina. We believe that a Christian college must be made up of Christian trustees, Christian administrators, Christian teachers and staff, and students who deliberately choose Gardner-Webb because of the distinct Christian atmosphere. The entire program is conceived as an adventure in quality values. To this end our Admissions Committee is motivated in the selection of students. Those who teach here are selected and retained on the basis of their unquestioned moral excellence, their proficiency in scholarship, their love for youth, and their desire to produce men and women of distinction and quality.

2. Gardner-Webb is a two-year coeducational college. We believe that there is a vital and indispensable place for such an institution in our educational system. Its closely knit social life, the vital touch between teacher and pupil, the freedom, the comradeship in study, the economy of its charges, and the vital interest in individual problems which emerge in the search for and discovery of human values are among its advantages.

3. Gardner-Webb is a small institution. It has been built deliberately for a student body of approximately 440 boarding students and 250 day students. However, because of the press of numbers for the decade 1962-1972 we are planning for an increase of approximately forty students per year.

THE PURPOSE

The purpose of Gardner-Webb College is to develop quality Christian students who think for themselves, and who will dedicate themselves to the Christian way of life in the vocation of their own choice. We propose to accomplish our purpose by:

1. Giving thorough training in the recognized disciplines to students who wish to go on to higher institutions of learning.

2. Giving the widest and richest training possible to those whose formal education will end here.

3. Giving a reasonable amount of vocational training, preferably on the background of a broad liberal education.

4. Discovering the needs of the larger community which we serve and striving to put into effect a program that will contribute to the spiritual, the cultural, and the economic development of the entire area.

LOCATION

Gardner-Webb College is located at Boiling Springs, in Cleveland County, North Carolina, near the foothills of the Blue Ridge Mountains, in the western Piedmont section of the state. It is on North Carolina Highway 150, nine miles west of Shelby.

Asheville is sixty-eight miles to the west, Charlotte fifty miles to the east, and Spartanburg, South Carolina, thirty-four miles to the south. Chimney Rock, and beautiful Lake Lure, Kings Mountain Battleground, and Blowing Rock are within easy reach for a day's outing. Trips to Mount Mitchell, Craggy Gardens, Grandfather Mountain, the Cherokee Indian Reservation, and the Great Smoky National Park make pleasant week-end travel experiences.

HISTORICAL SKETCH OF GARDNER-WEBB COLLEGE

Since shortly after the Civil War, the Baptists of West-Central North Carolina have shown an unusual interest in education. Gardner-Webb College is the product of that interest. As early as 1903 the idea of establishing a high school "where the young . . . could have the best possible educational advantage under distinctive Christian influence" was firmly fixed in the minds of the people of the Kings Mountain Baptist Association. By 1905 Boiling Springs was selected as the location of such a school, and the Sandy Run Association had joined enthusiastically with the Kings Mountain group in the determination to build it. The trustees from the two associations held their first joint meeting at Boiling Springs on October 27, 1905. The school was chartered on December 2, 1905, as The Boiling Springs High School, Incorporated.

In 1907, construction work on the main building (Huggins-Curtis Hall), was started, and the cornerstones, one for the Kings Mountain Association, and one for the Sandy Run, were laid in June. In May of the same year Mr. J. D. Huggins was elected as the school's first principal. The Boiling Springs High School operated under the leadership of J. D. Huggins, F. A. Brown, J. M. Hamrick, and W. J. Francis until 1928. On the second day of May, 1928, Boiling Springs High School closed its twenty-first year of work and its last as a high school. Thousands of students had enrolled in the school; five hundred eighty-eight had graduated.

On the third day of September, 1928, Boiling Springs Junior College opened for its first session with the Reverend James Blaine Davis as its president. President Davis resigned early in 1930, his resignation to become effective on May 20. On the fifth of May, Dr. Zeno Wall, pastor of the First Baptist Church of Shelby, North Carolina, was elected temporary president, and on May 21, 1930, he assumed the presidency, a position he occupied without pay. On March 23, 1932, the press carried an announcement of the appointment of the Reverend J. L. Jenkins, pastor of Boiling Springs Baptist Church, to the presidency of the College, succeeding Dr. Wall—a position the Reverend Mr. Jenkins was to assume late in May or early June. On March 7, 1935, President Jenkins submitted his resignation, and A. C. Lovelace became president, only to resign in April of 1936. The college had no president through most of the summer of 1936, but late in August, George Jackson Burnett of Marshall, Texas, accepted the presidency. President Burnett served until March 1, 1939, with former President Jenkins serving out the remainder of the academic year. On May 5, 1939, the trustees elected the Reverend John R. Cantrell as president. Under his administration a campus beautification project was begun. The gymnasium was veneered with native stone, and by 1940 the E. B. Hamrick Building, which had been burned, was under construction. This building had been erected after the First World War as a memorial to the young men from this section of the state who had given their lives in the cause of freedom. But on April 16, 1943, President Cantrell resigned effective June 1.

Two significant things in the life of the College occurred in 1942—Governor O. Max Gardner began to devote his energies, time, and wealth to guiding and strengthening the College; and the name of the College was changed to Gardner-Webb College, in honor of the late O. Max Gardner, Sr., and his wife, Mrs. Fay Webb Gardner, and their families.

In July of the next year, 1943, another significant event in the history of the school occurred. Philip Lovin Elliott came to Gardner-Webb as its president, bringing with him a community-

service concept of education that has made Gardner-Webb distinctive among small liberal arts colleges. In 1946 the College was admitted to the Baptist family of colleges of North Carolina on the condition that by November, 1948, the friends of the institution raised, in addition to $750,000 for a plant, $250.000 for endowment. These conditions were satisfactorily and completely met. Also, in 1948 the College achieved the goal of attaining the highest accreditation within its reach — full and unqualified membership in the Southern Association of Colleges and Schools. President Elliott came to a school with a small enrollment; he left it with over 500 students. He came to a college with a few buildings; at the time of his announced retirement in November of 1960 the college property was valued at $3,000,000.

Between President Elliott's announced retirement and his death on April 14, 1961, the Trustees of Gardner-Webb elected E. Eugene Poston to succeed Dr. Elliott. On April 18, 1961, President-elect Poston assumed the presidential responsibilities. In 1961 Dr. Poston announced his Decade of Advance, 1961-1971, which is designed to make Gardner-Webb a fully equipped college with an enrollment of 1000 by 1971. On April 16, 1962, Dr. Poston was inaugurated eighth president of Gardner-Webb College. Under his leadership the College has gone through a thorough Self-Study and has been reaccredited fully by The Southern Association of Colleges and Schools.

President Poston presented the following Vision For The Future to the Trustees and Advisors during their meeting in November, 1963 that we endeavor to accomplish the following things by the end of 1971.

1. Enroll a student body of 1000 students
2. Build a faculty of 75 members
3. Reach an endowment of $3,000,000.
4. Build the following buildings:
   (a) Cafeteria-Recreation.
   (b) Fine Arts-Chapel
   (c) Two classroom buildings
   (d) Four dormitories
   (e) Athletic stadium
5. Reach the rank of senior college

Gardner-Webb College began the year 1964-65 with an enrollment of 837 students in the regular college program, 12 music specials, 4 special students, 90 students in the evening college, and 23 students in the graduate program conducted by Appalachian State Teachers College each Saturday. There were 373 nonduplicating students enrolled in the two terms of summer school. In the summer of 1964 a Data Processing School was added, and in December, 1964, the trustees approved the initiation of an Associate in Arts Program in Nursing in conjunction with the Rutherford and Cleveland Memorial Hospitals.

BUILDINGS AND GROUNDS

Approximately 1,100 acres of land and thirty-one buildings comprise the physical equipment of the College. The campus proper, an eighty-five-acre tract of rolling land dotted with a variety of lovely trees, furnishes the location for the various buildings. All buildings are heated from a central heating plant.

RESIDENTIAL BUILDINGS

The James Webb Gardner Memorial Dormitory: This three-story structure completed in the fall of 1948 at a cost of $230,000 is fireproof and furnishes attractive accommodations for 134 men. In the attic is sufficient space to entertain visiting teams as well as space for a play room. This building is named in honor of the son of the late O. Max Gardner, Sr., and Mrs. Gardner.

The New Men's Dormitory: This new three and one-half story solid masonry building is designed to house 100 men. Each room is equipped with individual thermostats to control heat supplied by electricity. This building, completed in 1963, is impressive as it occupies a prominent position on a sloping hill adjacent to the physical education facilities and across the road from the Withrow Science Building.

There is an additional men's dormitory under construction at the time.

The Hoey-Anthony-Padgett-Young Dormitory: The central section of this dormitory was constructed in 1946. The east and west wings were added in 1948 to form an open quadrangle. The buildings were named by the trustees as follows: The Suttle Dormitory is the east wing of the quadrangle, the McMurry is the west wing, the Hoey-Anthony is the first floor of the central building and the Padgett-Young is the second floor. This building has been remodeled to accommodate girls.

The Stroup Dormitory: First used during the year 1956-57, the Stroup Dormitory provides living space for one hundred girls. It is a three-story, fireproof, brick structure, with adequate parlors, reading rooms, recreation areas, kitchenette, and laundry room. It is named in honor of Mrs. Mae Cline Stroup, a benefactor of the college, and her late husband, Rush Stroup.

Apartments: The College owns five duplex apartments and four trailers which may be used as needed by faculty or students.

An apartment building containing six apartments has been completely remodeled and is now occupied by married students. The college also owns ten residences occupied by faculty and student families.

The Washburn Memorial Building: A brick structure erected in 1941 by Mr. Seaton A. Washburn in memory of the Washburn families. It was first used as a library, but is now being used as a residence.

ADMINISTRATIVE AND CLASSROOM BUILDINGS

The E. B. Hamrick Building: Dedicated in 1943, contains music studios and practice rooms, foreign language laboratory and classrooms, auditorium ,a broadcasting booth, and a two-manual Pilcher pipe organ. The auditorium was lighted for dramatics in the summer of 1962. It is named in honor of the late Mr. E. B. Hamrick, who stood by the college when the future looked dark.

The John R. Dover Memorial Library: Completed during the year 1951, is one of the loveliest buildings on the campus. The library has on the first floor a large reading and reference area, stacks, librarian's office, receiving and processing room, and two special rooms for Cleveland County Archives and North Carolina History. The basement floor is currently being used for classrooms, and to house the Business Education Department, including data processing machines. This building, completely furnished and equipped, is undoubtedly one of the finest libraries in the state. It was completely air-conditioned during the summer of 1962. A new lighting system was installed during the fall of 1962.

The three special book collections we now have are as follows: the North Carolina Collection; the Thomas Dixon Collection; and the R. C. Campbell Collection. The library contains over 18,000 volumes chosen to meet the needs and interest of the students, with special reference to the topics offered. Newspapers and a selected group of general and special magazines indexed in "The Reader's Guide to Periodical Literature" supplement the resources of the book collection. About 1,500 volumes are added annually through purchase and gift. The gifts of books have been especially well chosen, and have been worthwhile additions to the library. Valuable, too, have been the gifts of money, whereby needed books might be purchased.

The O. Max Gardner Memorial Student Center: Completed in the autumn of 1948, the building was constructed and furnished

by the family of the late Ambassador O. Max Gardner and is a worthy memorial to a great man, who gave new life to the college and who believed in his native county. On the first floor the building contains kitchen, dining hall, refrigeration, storage, and offices. On the second floor are a lovely student lounge with approximately 3,000 feet of floor space, offices for student organizations, guidance clinic, and two society halls.

The Bost Physical Education Building: Named in honor of Mr. L. C. Bost of Shelby and in memory of Mrs. Jean Bost Gardner, is located between Decker Hall and the athletic field. It is modern in every respect for the development of strong healthy bodies. It contains one classroom, a band room, first aid room, lockers, rest rooms, showers, team rooms, and swimming pool. The band room is in the form of a stage, which gives opportunity to accommodate increasing numbers at banquets, commencement, and other programs. A commodious kitchen multiplies the usefulness of the building. As Gardner-Webb is a Community College in the highest sense, this building gives excellent opportunity for our community recreation program and for encampments and various other group programs of the denomination. Four tennis courts join the swimming pool.

The Webb Administration Building: Completed in the fall of 1960, it houses the administrative offices including president, dean, registrar, business manager, and public relations. It also contains offices for Church-Community, student procurement, development, and alumni, and has a conference room, a mimeograph and storage room. The building is a memorial to Mrs. O. Max Gardner (Fay Webb), her parents, grandparents and great-grandparents. It was given by the O. Max Gardner Foundation and is fully air-conditioned. Mrs. Gardner has continued the work that her late husband loved—the promotion of Gardner-Webb College.

The Tom Withrow Science Building: Named in honor of Mr. A. T. Withrow of Charlotte, a benefactor of the college, and occupied in the autumn of 1961, it has facilities for two years of biology, two years of chemistry, physics, mathematics, psychology, mechanical drawing, a lecture room seating 150, seven offices, and a photographic laboratory. This building is fully equipped and is second to no other junior college science building. It has been built in such a way that it can be enlarged to meet the needs of a four-year college program, should such a program be needed in the area.

The Charles I. Dover Campus Center: Will be built during 1965. The building is to be named in honor of Mr. Charles I Dover of Shelby, a benefactor of the college. The building will contain a new cafeteria, a private dining room, a recreation area, post office, bookstore, snack shop, publications center, student government offices, faculty offices, and day student lounge.

Student Life, Activities, Services

Gardner-Webb is a small and friendly community, much like the communities from which most of her students come. A student should soon feel at home as he is greeted by a warm "hello" from fellow students, faculty, and staff. The College encourages this community spirit as a distinct feature of the education program.

To aid the student during his stay at Gardner-Webb and in the hope that his growth and development needs are met more adequately, the College provides the following services and activities:

PERSONAL SERVICES

The College furnishes all rooms in the dormitories with single beds, dressers, chairs, and desks. Students are permitted the use of a radio, and other electrical appliances as indicated in **The Porthole.** Each student is expected to provide his own pillows, blankets, linens, and for each room wastebasket, broom, dust mop, and dust pan. Any student who wishes to provide them is allowed to have curtains, floor or desk lamps, and other

personal articles. Irons may be used only at designated places. Television sets are provided in the parlors for each of the dormitories.

LAUNDRY AND DRY CLEANING

Two modern dry cleaning plants are near the campus and serve the needs of the students. Trucks from near-by laundries make regular trips to the College. Special laundry rooms are provided in the dormitories.

BOOK STORE

The College operates a snack bar, post office, and bookstore for the convenience of the students.

Here the students may get their textbooks and other classroom supplies, which must be paid for at the time of purchase. There is a charge of 50 cents per student for post office boxes each semester.

MESSAGES AND MAIL

Gardner-Webb has an excellent telephone service with a private exchange. Telegraph messages intended for persons at the College, if sent to Shelby, will be telephoned to Gardner-Webb.

Mail arrives over star route four times daily. The College maintains mail delivery service on the campus.

HEALTH

A sound body is a valuable asset and requisite to effective study. The College does everything in its power to insure the best possible development of each student and to maintain his general health.

Meals are served in the cafeteria by the Slater Company, nationally known caterers of Philadelphia. These services have received complete approval by the students.

Please refer to the Student Handbook for the list of medical services to which each student is entitled.

ORIENTATION

The orientation period is a varied phase of the college guidance program. Small groups of approximately twenty-five freshmen students are invited to the campus each Friday or Saturday beginning in the early spring and throughout the summer weeks for pretesting and pre-registration. This permits college officials to assist each student through individual counseling to plan out a curriculum suitable to that student in relation to transfer to a senior college. During the first week of school students will follow a carefully planned program of orientation and registration. First year students are expected to come to the campus on the day suggested by the college authorities. During orientation week each student is expected to meet the various requirements set forth by the Department of Counseling and take placement or other tests deemed advisable by the other departments of the college.

No student has completed his registration until he has met the requirements outlined in the orientation and testing schedule.

COUNSELING

The ideal of college life is that of a well-ordered Christian home, where each individual may have as much freedom as is consistent with the well-being of the group. The small college is well suited to achieve this ideal, and to this end students are granted many privileges here which could not be allowed at a larger school. Since it is our belief that growth in character comes only through the development of self-direction and self-control, rules and regulations are reduced to a minimum and are made or amended as may seem necessary for the good of the individual and the group. The responsibility for making and enforcing these rules and regulations rests jointly on faculty and students. For several years the College has had a system of student-faculty government, and all problems of conduct are passed upon by the student judicial board. Serious cases are reviewed by the executive committee of the faculty.

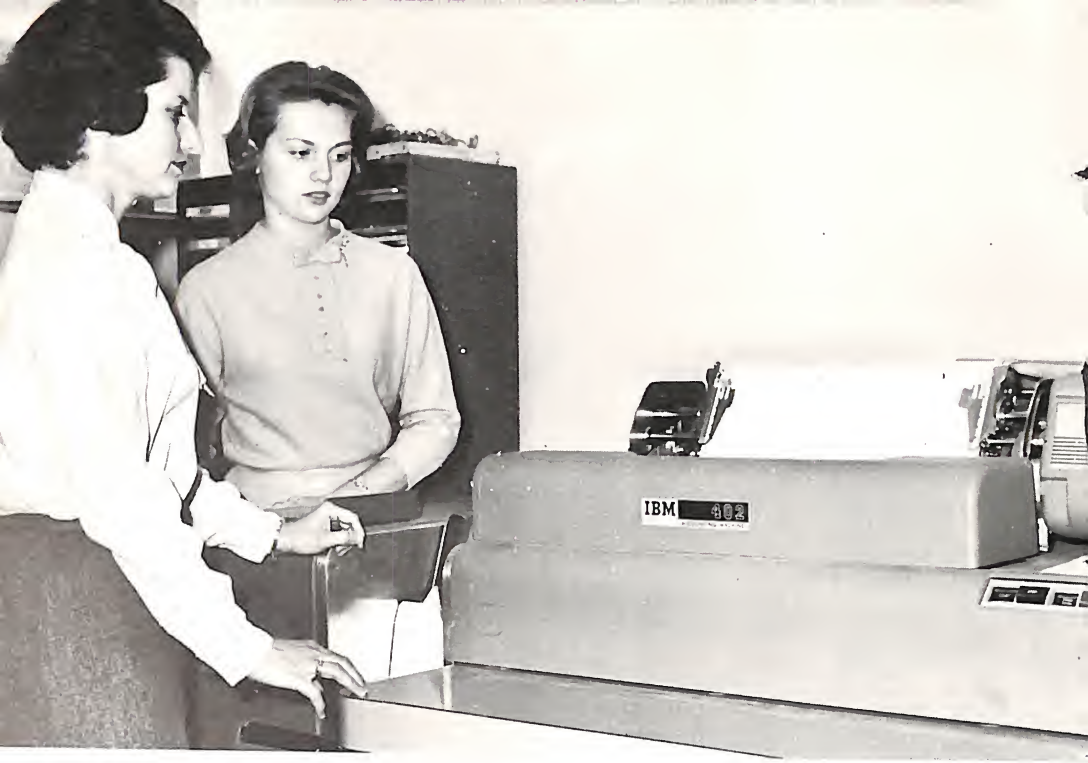
One of the basic principles upon which Gardner-Webb operates is that discipline in its highest form is accomplished by a con-

structive counseling program. In keeping with this philosophy, the College maintains a Department of Counseling for the purpose of assisting the student to make the best possible adjustment to his college life, and to prepare himself in the best possible way for the responsibility of Christian leadership. The Department of Counseling seeks to provide individual guidance for every student enrolled in the College. This is effectively handled by placing each student in close contact with at least one member of the faculty. Every student is assigned to a counselor at the beginning of the year. The assignments are made on the basis of academic and vocational interest, and personal compatibility. Each counselor meets with his counselees in a general group meeting at least once each month and as many times in personal interviews as is necessary for the needs of the student. In this role the counselor is more than a teacher. He is also in a position to be the student's confidant and friend with whom the student may share his problems in every realm of life in a confidential way so that a solution of these problems may be reached for the highest possible good of the student.

The Department of Counseling maintains an office with student personnel files for the benefit of both counselors and students. The Director of Counseling works in close cooperation with the College Government, Faculty, and College Administration in handling student problems as they may arise. Students are encouraged to take advantage of all facilities made possible by the Department of Counseling for their college training and vocational choices.

The Department of Counseling has an expanding testing program with a library of tests including aptitude, achievement, vocational emphasis, and personality inventories. **These tests supplement the Scholastic Aptitude Test (usually administered in high schools under the auspices of the College Entrance Examination Board),** which is required of each entering student. At the beginning of school each year the Department of Counseling is responsible for the testing program for all incoming students during orientation week. Through this program the faculty and administration obtain an accurate picture of the student's previous academic achievement, his non-academic background, and his outstanding areas of need. This material enables the guidance and counseling program to function more successfully. All test results are treated in a confidential manner.

Proper guidance in curriculum is an essential in college training. Officers in administration and the faculty assist in this important phase of college life.



The complexity of today's business world demands modern and up-to-date office machines to train and produce competent personnel.

The heart of any college should be centered in its library where students may ever be in the quest for truth. Further research is extended into the classrooms and laboratories.

The cooperation of parents is earnestly requested in carrying out all the regulations of the school, especially in regard to week-end trips home and other absences from the campus. It is vitally important to the education of the students that they take an active part in the morning and evening worship services in the local churches. The church work at the College is planned as a part of the student's education as really as their class work or any other college activity. For them to miss that is to miss a central factor in their college life. Parents are urged to encourage their children to participate in the church of their choice.

Parents are invited to visit the College and to talk to or write freely about their children. The College officials are always glad to know the parents' point of view and to do anything in their power to correct any wrong, real or imaginary. They reserve the right of dealing with each problem on its own merit.

COLLEGE GOVERNMENT ASSOCIATION

By enrolling in Gardner-Webb College, one automatically becomes a member of the College Government Association. The purpose of this organization is defined in its constitution: "to afford students an opportunity to learn and observe the rules of community living, to promote responsibility, self-control, and loyalty, to keep all social life on the campus on a high plane and to have it always in harmony with Christian living."

The students' handbook, "'The Porthole," containing the regulations of the Association, is distributed annually. During Orientation Week members of the Student Legislature assist the new students in understanding the regulations as set forth in the handbook. Dormitory House meetings are held periodically to review the regulations.

Any serious disciplinary measure involving probation, suspension, or expulsion is first tried by the Judicial Board of the College Government Association. Afterward it is reviewed by the Executive Committee of the faculty, which has the power to approve or veto the student decision, or to impose any other penalty.

STUDENT PUBLICATIONS

The **Quarterly** is published in November, February, April, May, and August for alumni and friends of the College. The April issue serves as the College catalogue. This issue serves as the students' legal contract with the College. Prospective students may read it to discover their opportunities in the College, former students to see what the College is doing, and the general public to evaluate the educational program of the College.

The **Anchor** is the College yearbook, edited by the students under the supervision of a faculty advisor.

The **Porthole** is the student handbook, and guides the new student in making his adjustment to college life.

The **Pilot** is the College newspaper, published monthly by the students under faculty supervision.

STUDENT ORGANIZATIONS AND ACTIVITIES

No secret societies are allowed among the students, and no organization is permitted unless approved by the administration.

Religious Organizations and Activities

Conduct at Gardner-Webb is based upon the practical expression of the Christ-life. The positive aspect of the Christian experience is stressed above the negative "thou shalt not." It is assumed that each student will find his place in the religious life of the campus and community without coercion except the inner urge of his own soul. A spiritual atmosphere is created by the friendly association of students and faculty. The student religious organizations are similar to those in an average church and community. It is the opinion of the administration that the religious opportunities are as valuable a part of the curriculum of the College as English or biology.

The Local Baptist Church. Each Baptist student is urged to transfer his church letter to a local Baptist church. Students of other denominations are invited to become identified with the fellowship and training of the local Baptist church if the church

of their choice is not accessible. This tie with the local church opens many avenues for social and spiritual fellowship.

The Methodist Church. A Methodist church was organized in Boiling Springs in 1957, and a new building has been constructed. Methodist students are invited to become members and attend services of this church. A very active Sunday School program is provided.

Sunday School. The local Baptist church provides a well-organized Sunday School into which the college students fit as members of the community. Membership in a class is urged upon all students, but they are not required to join the Sunday School or any other religious organization or group on the campus.

Baptist Training Union. The Training Union, also an integral part of the local Baptist church, has for its aim "training in church membership." It attempts to enlist all students.

The Young Woman's Auxiliary of W.M.U. The Young Woman's Auxiliary, commonly referred to as the Y. W. A. and a part of the Woman's Missionary Union, enlists the young women of the College in mission study and actual service in local missions. The members are led to see the meaning of missions and to have a compassion for a world without Christ. All the girls who reside in the residences are invited to join the Y. W. A. by joining a circle, usually composed of those who live on the same hall.

The Christian Volunteer Band. The Christian Volunteer Band is composed of men and women who are volunteers for full-time Christian service. They are wide-awake, eager Christians, interested in becoming better workmen for God in their chosen field. The bi-weekly programs cover various topics of interest to vocational Christian workers. Service teams visit churches in the surrounding area nearly every week to conduct special youth services.

The Ministerial Conference. Those students who are pastors or are planning to follow this vocation are eligible for membership in this conference. Programs directed to the needs of the pastor and his work are held bi-weekly. Members participate in a daily devotional program on a local radio station. Other service and training is derived through surveys conducted for churches in the local area.

The Baptist Student Union. The student who aligns himself with the local church or with any of its organizations automatically becomes a member of the Baptist Student Union. The activities of these organizations are directed by the Executive Council of the Baptist Student Union (known as the B.S.U.). The Council is composed of the general officers of the B.S.U. and the representatives of the unit organizations, such as Sunday School, Training Unions, Y.W.A. groups, Volunteer Band, and Ministerial group. The Greater Council is composed of the Executive Council plus the roster of officers of the unit organizations. The Director, local pastor and a faculty advisor serve as Counselors for the B.S.U. The B.S.U. Executive Council meets each Monday evening to plan the various activities for which it is responsible. The fellowship within this group is of the highest order and should set a standard of Christian character for the campus.

Many activities are sponsored by the Baptist Student Union. Council members select prayer mates and the other members of the Union are urged to do so. Morning watch is conducted each morning. The B.S.U. provides music for chapel, devotions, and group meetings. These spiritual leaders on the campus operate as a unifying force among the religious organizations of the campus. If Gardner-Webb is friendly, and has the name of being spiritual, it is partly because these earnest-hearted young people are giving their best in the service of Christ in the activities of each day.

Vespers. Vespers, sponsored by the B.S.U., are held at 6:30 p. m. in the auditorium of the E. B. Hamrick Building. All are urged to avail themselves of this opportunity for worship and meditation. This short period of worship is a spiritual powerhouse of the religious life of the campus.

Chapel. The faculty and students meet twice each week for chapel: Monday and Wednesday. This is a distinctly religious service. Speakers do not always deal directly with the subject of religion; rather, the Christian frame of reference is brought to bear on a variety of subjects such as social, civic, and moral problems. This is in keeping with the purpose of the College to develop students morally and socially as well as academically.

Attendance is required on the same basis as a three-hour course.

CHURCH-COMMUNITY DEVELOPMENT

The Church-Community Development Department works in three particular areas: (1) the area of practical service for the training of church leaders, directing ministerial students and special church and missions volunteers in services in the churches, radio, and jail; (2) upon request aids churches in surveys, revival meetings, supply preaching, church leadership training, etc.; (3) conducts extension classes for Bible and other studies in groups of churches as desired. In addition, the department represents the College in annual association meetings and is set to promote special and memorial gifts to the College.

LITERARY ORGANIZATIONS AND ACTIVITIES

Phi Theta Kappa. The Phi Theta Kappa is the honor society at Gardner-Webb. Membership in this organization is the highest honor attainable by students. The Phi Theta Kappa is a scholarly fellowship which embraces junior colleges not only of our own state but of the nation. The purpose of the society is to promote scholarship, to develop character, and to cultivate fellowship among the students of both sexes of the junior colleges of the United States of America. Members are chosen on the basis of high scholastic standing, character, leadership, and service on the campus, and are inducted at an impressive "tapping" ceremony in chapel. They serve as ushers at public functions and marshals at graduation.

The Science Club represents the natural sciences and mathematics. Its aim is to stimulate an intelligent interest in science. Students who intend to major or minor in the natural sciences and who have outstanding scholastic records are eligible for membership. Programs of scientific interest are held at regular monthly meetings.

The Sigma Phi Alpha Honorary Modern Language Fraternity of Gardner-Webb College is composed of students taking modern foreign languages. To become a member one must have an unusual interest in languages and a high scholastic average.

The purpose of the fraternity is to stimulate interest; to ac-

quire a more intimate knowledge of the people, life, customs, geography, history, industries, and cultures of foreign countries; and to contribute to a better understanding between these countries and ours.

Delta Psi Omega. A local chapter of this national dramatics fraternity is maintained on the campus. Students participating in the presentation of dramatic programs are eligible for membership. There will be at least four presentations each year.

Classical Language. This membership comes from students in Latin and Greek classes. High scholastic ideals motivate the group.

The International Relations Club is composed chiefly of those students majoring or minoring in the Social Sciences. It devotes itself to a study of national and international affairs, and its main object is the promotion of peace.

The Future Teachers Club. To be a member of the Future Teachers Club one must be in training for the teaching profession. The group meets periodically for fellowship and for discussions of problems related to the teaching profession.

Debating Teams. Debating teams are organized and trained. These teams take part in intercollegiate contests covering a wide area. They compete with teams from Senior Colleges as well as Junior Colleges.

SOCIAL ACTIVITIES

Considerable effort is made to provide an adequate and wholesome social program for the students. In addition to individual social opportunities between men and women a number of group activities are provided. The various clubs and classes plan their own outings, picnics, and entertainments. The church provides wholesome get-togethers for the students and local citizens. Field Day is devoted to athletic and other con-

tests honoring the students. At the close of the day the annual Freshman-Sophomore Banquet is held. Other events such as faculty receptions, May Day, and Alumni Banquet round out the social calendar.

The Monogram Club is the athletic club for men. To qualify for membership a student must pass at least 10 hours of work with a "C" average and earn a letter in football, basketball, or baseball. The purpose of the organization is to foster good fellowship and good sportsmanship among members and to promote better relations with other schools in the Western Carolinas Junior College Conference.

Click Club. "The aims of the Click Club shall be the enjoyment, mastery, and furtherance of photography through cooperation, effort, and good fellowship."

Regular meetings are held each Friday morning at 10:30 during the school year.

Regional Clubs may be organized by students provided there are as many as ten members from a section and they secure a faculty sponsor and the approval of the administration.

CULTURAL AND CREATIVE ACTIVITIES

The cultural life of the students should not be neglected during their years of formal education. In fact, the cultural and academic phases of college life complement and supplement one another, producing the student sound in scholarship, at ease in situations involving gracious living, and appreciative of the aesthetic values in the fine arts.

To accomplish these goals for our students and to enhance the cultural and artistic life of the area, Gardner-Webb College has a Cultural and Creative Program with a Director of Fine Arts to plan and coordinate the program. The program is a nine-faceted one: 1. Close cooperation and active support with the culturally-minded of Shelby and the surrounding area in the Shelby Community Concert Series. 2. Music recitals and concerts by well-known and talented performers, touring college choirs, and instrumental groups or bands. 3. Dramatic pro-

One of the highlights of the year is the crowning of our Homecoming Queen by the President of our college. Memories of this event and others through the year are preserved in the college yearbook, *The Anchor*.

Academic excellence is of prime concern among true scholars. Members of the Phi Theta Kappa carry the lamps of learning on Gardner-Webb's campus. Avenues of self-expression and pleasure are gained in part through the medium of choral groups.

CHUMLEY'S

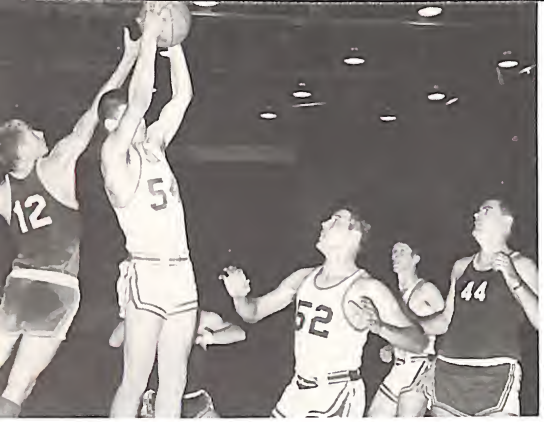
ductions by both the Gardner-Webb Playcrafters and visiting college dramatic groups. 4. The Gardner-Webb Distinguished Authors Series. 5. The Gardner-Webb Distinguished Lecturers Series. 6. A program in the creative arts featuring instruction by a well-known art teacher. 7. Emphasis on manners and grace through the "dressed up" dinners program. 8. The publication of a college literary magazine. 9. A Festival of the Arts in the spring of the year.

Many of the Cultural and Creative programs will be presented before the students and faculty at regularly scheduled chapel periods, but many of them will be given in the evenings. Gardner-Webb's avowed purpose is to become the cultural center of the area and to give our students, faculty, and friends full opportunities of a cultural and creative nature.

ATHLETIC PROGRAM

The Athletic Department of the College offers a well-rounded program for student health and recreation. This includes not only classes in Physical Education and Health, but also intramural sports, such as touch football, volleyball, basketball, tennis, track, and softball. These games afford the student recreation, and develop permanent interest in sports.

The College sponsors intercollegiate Football, Basketball, Baseball, Tennis, Golf, and Track. Gardner-Webb is a member of the National Junior College Athletic Association, the Western Carolinas Junior College Conference, and the Regional 10 National Athletic Conference.



Emphasis on physical fitness plays a vital part in the development of a healthy mind.

Finances

FINANCES

The average cost per student at Gardner-Webb Junior College is approximately $350.00 per student over and above the amount each student is required to pay. This amount is contributed by the North Carolina Baptist Convention, churches, individuals, corporations, foundations, and from endowment funds of the College.

The part the student pays is as follows:

DAY STUDENTS

	Semester	Session
Tuition	$250.00	$500.00

BOARDING STUDENTS

Tuition	$250.00	$500.00
Room	100.00	200.00
Board	175.00	350.00
	$525.00	$1,050.00

Out of State students will pay $50.00 per semester additional or a total of $100.00 for the year.

The above charges may be paid by the first day of each semester, year, or as follows:

We are glad to offer a convenient tuition plan for those parents who prefer to pay in equal monthly installments. The following plans are available at the cost indicated:

One year plan (8 payments)—4% more than cash price

Two year plan (20 payments)5% more than cash price

The two year plan includes Parent Life Insurance for qualified parents. This insurance coverage provides funds for the cost of the remaining period of schooling covered by the contract, if the parent who has signed the contract dies. A descriptive pamphlet will be sent upon request.

The tuition plan is optional and offered solely as a convenience.

The College prefers to deal directly with the student on all matters of business. This gives the student training in attending to his or her affairs. Parents are requested to ask for any report desired.

The payment of tuition entitles each student to all home athletic contests, all student publications, lectures and entertainments sponsored by the College, all laboratory fees, typing fees and graduating fees. Please refer to the student handbook for medical services which each student is entitled. **Music fees and data processing are not included.**

Veterans approved for training under the G. I. Bill must pay their tuition, fees, room and board as regular students. The TUITION PLAN is available for them also.

Books and supplies are available at the booksktore and average from $35.00 to $50.00 per session. All books and supplies must be paid for in cash at time of purchase.

A $10.00 deposit is required of all men boarding students which will be used to repair any damage to buildings or grounds due to abuse or misuse. Damage to rooms will be charged to occupants who are held responsible. This deposit, or any part not used, will be refunded within 30 days of graduation or withdrawal.

Payments are due in advance at the beginning of each pay period. No student will be permitted to take final examinations or permitted to remain in school if his account is in arrears unless satisfactory arrangements can be made with the Business Manager.

An application fee of $10.00 must accompany each application. This fee is not refundable.

A room rent prepayment of $50.00 is required on or before July 1, 1965. Room reservations will not be valid without this payment.

Students must report on the registration date or notify the Business Manager in the event of any delay.

All student rooms are subject to inspection at all times. Students are required to keep their rooms in a neat, clean and orderly manner. Any student who is not willing to cooperate will be required to vacate his room.

Students who do not remain for the full semester will receive a refund for board on a pro-rata basis. Charges for tuition and room rent are **not refundable. No refund** will be made in case of suspension or expulsion.

Special students who take less than 12 hours will be charged $20.00 per semester hour. For further information contact the Dean of Instruction.

Special students may audit credit courses for one-half the regular charge.

LOAN FUNDS

David Pressley Memorial Loan Fund: In 1956 the students, faculty members, and friends established a loan fund in memory of David Pressley, a member of the student body who lost his life in an automobile accident.

Hattie Nix Gilliatt Memorial Loan Fund. This fund was established in 1957 as a memorial to Hattie Nix Gilliatt of Shelby.

W.M.U. Fund for Women: The Woman's Auxiliary Union of Kings Mountain Baptist Association has provided a loan fund to be used in $50.000 allotments by worthy young women.

Beaver Dam Baptist Church Fund: The Beaver Dam Baptist Church of the Kings Mountain Association has provided a loan fund to be used in $100.00 allotments by worthy young men and women, with the understanding that the young people of Beaver Dam Church have first consideration in awarding these funds.

Funds for Needy Students: Friends of the College have made possible a loan fund available to persons who are in special need of aid in securing an education.

Joseph Henry Jones Memorial Loan Fund: In memory of Joseph Henry Jones who gave his life in the Battle of the Bulge on December 16, 1944, his mother, Mrs. J. H. Jones, and other friends created a loan fund of $581.50 for worthy students.

Rush Stroup Loan Fund: In 1947 Mrs. Rush Stroup created in memory of her husband a loan fund of $5,000.00. This fund is available in a special trust fund in the Wachovia Bank and Trust Company of Charlotte and will be used for deserving young people, preferably Cleveland County students and preferably ministerial students.

The Marion Hinson Loan Fund: In 1950 Mr. and Mrs. Claude S. Hinson of Belmont gave $2,500.00 to establish a student loan fund as a memorial to their son, Marion Hinson.

J. Herbert Bridges Loan Fund: In 1949 J. Herbert Bridges of Charlotte gave an initial $1,000.00 toward the establishment of a loan fund for worthy and needy students. This fund is now available.

Tom Withrow Foundation Loan Fund: In 1953 A. T. Withrow of Charlotte established the "Tom Withrow Foundation Fund" for the purpose of aiding needy and worthy students.

John Maclaren Lawrence Memorial Loan Fund: In 1954 Mr. and Mrs. Tom Lawrence of Cliffside established a student loan fund as a memorial to their son, John Maclaren Lawrence. First preference is granted to students from Rutherford County. Available amounts not used by Rutherford County students may be applied by other students recommended by the faculty committee. This amounts to $3,799.98 to date.

The Philip Lovin Elliott Memorial Scholarship Loan Fund: This fund was established by the Elliott family and friends for worthy and needy students. The amount to date is $1,929.91. Any one desiring to memorialize our deceased beloved president is encouraged to help swell this fund.

The C. B. Baker Scholarship and Loan Fund: Mr. C. B. Baker, Route 1, Hickory, North Carolina, bequeathed part of his estate to Gardner-Webb. This amounted to $7,550.00 and is to be used to help those students dedicated to full time Christian service.

R. I. Corbett Loan Fund. Rev. R. I. Corbett, Marion, N. C., bequeathed stock worth approximately $8,000.00. Income from this fund is available.

SCHOLARSHIPS

The College offers to the Freshman making the highest scholastic average at Gardner-Webb a $100.00 scholarship for the sophomore year.

George and Ida Wood Blanton Scholarship: In 1955 George Blanton and Ida Wood Blanton of Shelby, North Carolina, created a $10,000.00 Trust Fund to be known as the George and Ida Wood Blanton Scholarship Trust for the purpose of encouraging and promoting the education of capable and deserving boys and girls through the facilities of Gardner-Webb College. The income from this fund is to be used by qualified students at Gardner-Webb College.

The J. R. Dover, Jr. Memorial Scholarship Fund: In 1962 J. R. Dover made an initial gift of $5,000.00 to establish an endowment fund for scholarships. Since Mr. Dover's death in 1963, this fund has increased to $50,000.00 by gifts from relatives and friends of the late Mr. Dover. The income from this final is to be used for scholarships and is awarded by the scholarship committee.

The Clarence N. Peeler Andrews Memorial Scholarship Fund: Mrs. Hattie Peeler Self of Cherryville and her daughter and son-in-law, Dr. and Mrs. W. B. Andrews, have established a trust fund of $10,000.00 in memory of Clarence N. Peeler Andrews, grandson and son of the donors. The income from this fund is to be used to aid worthy young men and women attending Gardner-Webb College.

The Virginia Lynn Smither Scholarship: In 1963 Mr. W. H. Smither of Winston-Salem established a memorial scholarship in memory of his daughter, Virginia Lynn, who was serving as an instructor in Physical Education at Gardner-Webb College when she lost her life in an automobile accident. This scholarship amounts to $250.00 annually and preference is given to boy or girl pursuing a church-related vocation. Application should be made to faculty committee.

M. G. Martin Memorial Scholarship: In 1927 Mrs. Ellen Bostic Martin of Mooresboro, North Carolina, gave the school $2,-500.00 for the purpose of creating and establishing the M. G.

Martin Memorial Scholarship. The interest coming from this scholarship fund is to be used for the education of ministerial students, preferably those related to M. G. or Ellen Bostic Martin. The amount now available from this fund is $75.00 per year.

Delta Kappa Gamma Scholarship: The Alpha Epsilon chapter of Delta Kappa Gamma, international honorary organization for women educators, offers a $50.00 scholarship to a rising sophomore girl at Gardner-Webb College, who plans to make teaching her career.

Mr. and Mrs. Roy Small: Mr. and Mrs. Small have made annual contributions which now amount to $1,262.00.

ACADEMIC SCHOLARSHIPS

The College will award for 1964-65 the following competitive scholarships based upon academic excellence.

10—$500.00 scholarships
10— 250.00 scholarships
25— 100.00 scholarships

The trustees, faculty, administration, and friends contribute to this fund.

All scholarships, except academic, are applied on second semester fees.

STUDENT HELP

Student Aid: A ministerial student approved by his church and association, or a missionary student who presents a recommendation for the mission field from his home church, will be allowed a ministerial scholarship of $100.00 per year, provided the conditions outlined by the Board of Trustees are accepted by the student. These conditions include grades averaging "C" or above on all work. A minister's wife is also entitled to the same, while sons and daughters of ministers actively engaged in preaching will be allowed half of this amount, $50.00.

Sons and daughters of employees of the College are granted free tuition.

Student Work Contracts: Various kinds of work are provided on the campus for students who need to help defray their college expenses through work. These include work in the library, cafeteria, bookstore, etc. In accepting work in any of these departments, it is expected that the student maintain a satisfactory scholastic record and prove himself capable of the responsibility required for his work. Work must be approved by a facutly supervisor before the student is paid. Students work by the hour and payments are made monthly.

To make application or obtain additional information about the student work program, write the Business Manager of the College.

General Academic Information

Requirements For Admission

Candidates for admission to Gardner-Webb College should contact the Director of Admissions for the necessary application forms. In order to be considered for admission the following information should be on file in the Office of Admissions.

1. Formal application for admission, including small photograph and admission deposit of $10 for all applicants (This deposit is not refundable).
2. An official transcript of high school credits.
3. A medical report from a physician.
4. S. A. T. scores on the College Entrance Examination Board tests.

Every applicant for admission to the freshman class is required to take the Scholastic Aptitude Test of the College Entrance Examination Board and have the scores reported to the college. The test is given in December, January, March, May, and July. It is recommended that the Scholastic Aptitude Test be taken early in the senior year.

Students wishing to make application to take the tests should procure application forms from their secondary schools, or write directly to the College Entrance Examination Board, Box 592, Princeton, New Jersey, or Box 1025, Berkeley 1, California, for the **Bulletin of Information,** which includes an application form and is available without charge. The bulletin lists test centers and gives complete information concerning the tests.

Because of deadlines for filing application to take the College Board tests, the student must make his arrangements well in advance of the testing date so that his application may be received in Princeton or Berkeley by the closing date.

Forms for each of the above items, except No. 4, are supplied to the applicant by the College and may be obtained upon request. More detailed information concerning filing of the application is included on an instruction sheet which accompanies the application blanks. When all four items have been received and processed, the applicant is written a letter relative to his acceptance.

Generally speaking the main bulk of applications for admission for any given year should come into the office sometime

between October and April for the following fall term; between October and the early part of January for the second semester; and between January and June for the summer session.

METHODS OF ADMISSION

1. Regular
   a. Those who have been graduated from an accredited high school with a minimum of fifteen units.(Refer to NOTE below.)
   b. Adults who have the equivalent of graduation on the basis of the G. E. D. tests, or a State High School Equivalency Certificate.
2. Special
   a. A limited number of applicants for certain courses in music.
   b. A few select students of mature years are admitted to classes by special permission of the Dean regardless of previous training. These students do not receive college credit.

The College reserves the right to reject any application without giving a reason.

NOTE: Gardner-Webb does not prescribe a fixed pattern for admission but evaluates the student's record in the light of his chosen course of study. The quality of work and distribution of units must indicate sufficient preparation for the chosen course of study. The College **recommends** the following **minimum** course distribution as the best preparation for academic work at Gardner-Webb:

English	4 units
Language	2 units
Social Science	2 units
Algebra	1½ units
Plane Geometry	1 unit
Natural Science	1 unit
Electives	4 units

If a student is found deficient in foreign language or mathematics, he may remove the deficiency in the following way:

1. Foreign Language. An applicant who takes a course which includes foreign language should offer two units in that language for admission. If he offers less than two units he may begin language in college.
2. Mathematics. An applicant who elects Mathematics 101 should offer one and one-half units in algebra and he must offer one unit in plane geometry or take it without college credit. Plane geometry may be taken along with Mathematics 101 but must be completed before a student is admitted to Mathematics 102.

ADVANCED PLACEMENT AND EXEMPTION

Students achieving a score of 4 or 5 on an Advanced Placement Program test of the College Entrance Examination Board will be given credit for the course covered by the test.

In order to enrich the program of a gifted student, a student attaining a satisfactory score on a special test administered by the appropriate department of the college may be exempted from the course covered by this test, but will be required to take in the same department an advanced course carrying the same or more credit.

Details concerning the Advanced Placement Program and Exemption will be worked out through the Dean of Instruction, the appropriate department involved, and the student.

ADMISSION TO ADVANCED STANDING

Transfer students from other colleges are required to have on file in addition to that required of regular applicants an official transcript of their previous college record and a personal data sheet (form supplied by Gardner-Webb College) from the college last attended. Gardner-Webb applies the same ruling to transfer students as it does to her own students in regard to academic requirements (relative to admission, absences, graduation, etc.) and citizenship.

In general any work on which a student has earned a passing grade will be accepted provided it fits into the curriculum pursued at Gardner-Webb.

Regardless of the amount or quality of work done at the other institution, the student must average "C" on all work at Gardner-Webb in order to be eligible for graduation. The overall average, however, on all work done at whatever institutions must be "C."

REGISTRATION

Certain days at the beginning of each semester or summer term are set aside for registration. No student will be permitted to register for credit after two weeks from the beginning of classes in any semester. Auditors may attend classes. An audit fee is required. See financial section.

During the registration period a student observes the following procedure: (1) secures from the Registrar's office permission to register and necessary information and blanks; (2) arranges his schedule of classes with the help of a faculty advisor; (3) has his course of study and schedule of classes approved by the Registrar; (4) makes payment of fees to the Business Manager.

A student will not receive credit for any course for which he has not registered.

By approval of the Dean, a course may be added within two weeks or dropped within six weeks from the beginning of the semester.

A fee of $1.00 will be charged for any change in schedule after the close of the registration period.

Unless granted special permission, no student passing less than ten hours during a semester will be permitted to register for the following term.

LATE REGISTRATION

A late registration fee will be charged as follows: for the first day beyond the scheduled dates, $3, and for each succeeding day up to and including the fifth day, $1; or a total of $7.

No student will be admitted, except by special permission, after the expiration of two weeks beyond the scheduled registration days.

CLASSIFICATION

Students are classified at the beginning of the regular school year or at the time of entrance if the entrance date is other than the beginning of the school year:

1. **Freshmen**—Students fully qualified academically for credit as specified in admission requirements who have earned no college credits or who have less than 30 semester hours of credit.
2. **Sophomores**—Students fully qualified academically for credit and who have earned 30 or more semester hours of credit.
3. **Specials—Credit** students, qualified academically for credit but taking music courses only; **non-credit** students, music specials not desiring credit and a limited number of adults admitted to regular classes regardless of previous training.

EDUCATION PROGRAM FOR VETERANS

Gardner-Webb College is approved by the Veterans Administration to offer a course of education to eligible veterans under Public Laws 16, 346, 550, and 894. Veterans planning to attend Gardner-Webb should confer with a representative of the Veterans Administration before the opening date of school, so that proper application and approval may be completed without undue delay. Veterans without any disability should have Certificates of Eligibility and Entitlement when they arrive at Gardner-Webb, for presentation to the Business Manager.

CLASS ATTENDANCE

Students are strongly advised to attend classes regularly. The following regulations are applicable as indicated:

1. **First semester freshmen** are allowed no unexcused absences.
2. **Other students who have a C average or above** (that is a 2.0 quality point ratio on all hours attempted the last semester in attendance) may have as many absences for which they do not have to account as the particular course carries semester credit hours. **All other absences must be**

excused or the student will lose credit for the course or courses during the semester in which excessive absences occur.

Students having an average below C are allowed no unexcused absences **in the succeeding semester** following the semester in which a C average or above was not made.

3. In no event may total absences from class for any cause **exceed 25%** of the number of class meetings of that course during the semester.

Absences shall be excused for **authorized** representation of the College. Other absences for illness, etc. must be validated by the Dean of Instruction within seventy-two hours after the student returns to school. Responsibility for getting absences excused rests entirely upon the student.

TARDIES

Three unexcused tardies will count as one unexcused absence. Tardy excuses may be submitted to the teacher of the course in which the tardy occurs.

CHAPEL ATTENDANCE

Chapel attendance is required. A student is allowed three chapel absences each semester for which he does not have to account. All other absences must be excused or the student will lose credit for all his work during the particular semester in which the excessive absences occur.

GRADING SYSTEM

Grades—The scale of grades for the official record is as follows:

	Quality Points per sem. hour
A—Excellent (95-100)	4
B—Above average (88-94)	3
C—Average (78-87)	2
D—Below average (70-77), passing	1
F—Failure (below 70)	0
I—Incomplete	0

An "I" indicates that the student has not turned in assigned written work, or that he has not yet taken a test or examination ,although he has a valid excuse. An "I" automatically becomes an "F" unless removed during the following semester.

Any subject dropped after six weeks is recorded as an "F." Any subject dropped without the permission of the Dean is also recorded as an "F."

Repeating courses — A course may be repeated in order to raise the grade only if the previous grade made was a "D" or "F." In each case, the last grade made is the one that counts. Both grades are shown on the transcript.

Quality Point Average — A student's general academic performance is determined by what is commonly known as the quality-point (or grade point) average. For computational purposes in securing a student's average, one semester hour of work passed with a grade of A, B, C, D, or F is given the numerical value of 4, 3, 2, 1, or 0, respectively (see scale of grades). The numerical value is then multiplied by the number of semester hours represented by the course; the quality points earned in all courses are added and the total is divided by the number of semester hours attempted, including courses failed and passed. Non-credit courses are not counted in the computation for the quality ratio. Grades in courses taken at another institution are not considered in computing the quality-point index.

To be eligible to register for the next semester, a regular student carrying 12 or more credit hours must pass at least 10 hours of work (unless he is a first semester freshman, in which case he must pass at least 6 hours). A student carrying less than 12 semester hours must pass at least half of his college credit work. Failure to do so will result in academic suspension for at least one semester, after which the student may apply for readmission. Under exceptionally extenuating circumstances a student failing to meet the regular retention requirements for readmission may appeal to the Admissions Committee for special consideration.

Academic Honors — Two HONOR LISTS are posted each semester:

1. Dean's List—Full-time students whose quality average equals 3.8 will be recognized for Distinguished Scholar ship as Honor Roll students.
2. Honor Roll—Full-time students whose quality point average equals 3.2 but not 3.8 will be recognized as Honor Roll students.

In every case there must be no grade below C. and the student must be carrying a minimum of 15 semester hours.

Graduation—To qualify for graduation with the Associate in Arts diploma the student must have a quality point average of 2.0 or more (C or better average) on all hours attempted. Any course for which a grade is recorded will be counted as hours attempted.

EXAMINATIONS AND REPORTS

Written examinations are required in every course at the end of each semester. Students who do not take these examinations at the scheduled time will receive a failing grade in that subject unless excused by the Dean. If the student is excused, his grade will be recorded as "Incomplete."

If a student is absent from a test which has been previously scheduled, he is given a grade of zero on that test and is not allowed a second test unless recommended by the teacher and given an excused absence by the Dean. In that case the student pays to the Business Manager a special fee of $1.00 for a test, or $3.00 for a final examination.

Reports of the student's progress are made at the end of each nine weeks, indicating the grade of scholarship and attendance at class and chapel. Summaries of these reports are given to the students at the end of each grading period. Parents are mailed semester grades only unless the student's progress for any given period is not satisfactory. Only the final semester grade is recorded on the student's permanent record.

STUDENT REPRESENTATION

Only students who passed 10 semester hours with an average grade of "C" on these 10 hours during his previous semester and currently carrying the normal student load may represent the College in public functions.

In order to be eligible for election to the offices listed below a student must have a minimum 2.0 quality ratio on all work taken his previous semester in attendance and be currently carrying a normal student load (15 or more hours).

- Vice President

The faculty or its executive committee may at any time declare a student ineligible to represent the college because of poor academic performance and because of improper personal conduct.

Participation in intercollegiate athletics is also governed by the stringent eligibility rules of National Junior College Athletic Association.

Students who are readmitted to the College on probation, either academic or disciplinary, are not eligible to represent the College until the probation has been removed.

STUDENT LOAD

The normal load for a regular student is 17 hours; however, with permission of the curriculum committee a student may take 19 hours as the maximum. Unless he secures special permission of the Dean, every regular student is required to register for at least fifteen hours. No regular student may drop below twelve hours during a semester.

WITHDRAWAL

If a student withdraws from school, he should notify the Dean of Instruction, Business Manager and the Registrar; otherwise he is not entitled to an honorable dismissal.

Students who have been requested to withdraw are not permitted to register again during the current year.

NUMBERING SYSTEM

Freshman courses are designated by numbers 100-199; sophomore courses 200-299. First semester courses are designated by odd numbers; second semester, even numbers.

SUMMER SESSION

Gardner-Webb offers a summer school for the advantage of (1) those who wish to shorten the time required for their education, (2) those who wish to enrich their education by taking more than the minimum requirements, and (3) those who wish to take courses that they need to meet graduation requirements.

Complete information both as to courses offered and expenses may be obtained by writing to the Director of Summer School, Gardner-Webb College, Boiling Springs, North Carolina.

EVENING COLLEGE

In 1963 Gardner-Webb College began offering courses in the evening hours for credit and non-credit. An excellent response was accorded this new service program of the College. It is the will of the administration that we continue to serve the needs in this geographical area.

Contact the Director of the Evening College for more information.

REQUIREMENTS FOR GRADUATION

General Requirements

A diploma will be awarded to any student who (1) completes one of the following outlined courses, (2) has a quality point average of 2.0 or more on all hours attempted, (3) exemplifies good moral character, (4) completes the sophomore year's study at Gardner-Webb, and (5) earns a minimum of 68 semester hours credit.

III. FINE ARTS

Mr. Hill, Chairman — **Mr. Dedmond** — **Mrs. Plaster**
Mrs. Gidney — **Mrs. Hill** — **Mr. Shepherd**
Dr. Lewis

The objectives of the course in Music, Art, Speech, and Dramatics are:

1. To instill into students a deeper appreciation of the cultural values of music and art.
2. To provide adequate training for those who wish to pursue the study of music as a profession.
3. To imbue the student with the desire to acquire such musical knowledge as will enable him to raise the cultural standards in his community.
4. To enable the student to prepare and deliver speeches, to improve his poise, oral interpretation, and speaking voice.
5. To acquaint the student with the theory of play production—directing, acting, scene designing, costuming, lighting, and make-up. Plays of dramatic merit are studied and produced.

Music

Students of varying degrees of advancement are admitted to the music department. However, to obtain college credit for any course in applied music, whether organ, piano or voice, certain standards must be maintained. Therefore, a certain degree of advancement is assumed. Achievement tests in theory may be given. Supplementary theory instruction may be available to those students who lack sufficient knowledge of the necessary fundamentals of music. This would be considered part of the applied music course for all voice or piano students obtaining college credit for their lessons.

Students who are not music majors, who wish to learn how to play or sing may study without receiving college credit. No quality points are earned, but their lessons will be counted in their college load of hours to be taken. This will enable a student to learn music though he has not had previous opportunity for study.

All music majors are required to take two lessons a week, since they will learn more quickly and will do a better quality of work. Each student is required to practice a minimum of six hours per week in his major area. Voice or piano students of especial aptitude and degree of advancement are urged to do supplementary practice when possible.

Interviews to determine the pupil's ability to play or sing will be given during registration week by appointment with the instructors themselves. A student majoring in voice must

demonstrate his ability to sing on pitch and with musical intelligence by performing an art song, an old English melody or a song by a contemporary composer.

A student majoring in piano should be able to play a Bach selection, an exercise of the difficulty of Duvernoy Op. 120 or Burgmuller Op. 100 and a piece of similar difficulty. Those majoring in piano should be prepared to play a movement from a Haydn, Mozart or Beethoven Sonata in addition to the above selections.

A music major will be required to have a minor in music other than his specialty. A voice major will be required to take piano as his minor. A piano or organ major will be required to take either voice or another instrument as his minor. An instrumental major will be required to take either piano or voice as his minor. No student will be permitted to minor in organ. Exceptions must have faculty approval. The minor receives two hours credit with a minimum of three hours practice per week.

All music majors are expected to follow the proposed music curriculum.

Opportunities exist for performance in formal and informal recitals both on and off campus. All applied music students obtaining credit are required to appear in a certain number of afternoon and evening recitals and workshops. They are also required to attend all faculty recitals, to attend seventy-five per cent of student recitals, and to appear before the music board. The music board is a jury exam in which a student demonstrates his level of attainment twice each semester. Requests for participation on radio programs, club programs, and in churches are constantly being met.

I. APPLIED MUSIC COURSES

1. Organ

21-22. Preparatory Organ. Before studying organ the student should show a proficiency in piano playing. Students of varying degree of advancement are admitted to this course. Study materials used in this course are "The Organ" by Stainer, "Organ Study" by Nevins, pedal studies by Dudley Buck, "Eight Little Preludes in Fugue" by Bach, and simple compositions and hymns for service playing. **No credit.**

101. Freshman Organ. Dickinson's "Technique and Art of Organ Playing," Bach's "Ausgewalte Werke fur Klein Orgel," pedal studies by Best, Mansfield, Bach, and Nilson. Chorales: Keller's "Eighty German Masters of the Seventeenth and Eighteenth Centuries," Remenschenider's "Liturgical Book" by Bach. Church compositions of the Romantic Period by composers such as Bastiste and Guilmant. **Two semester hours credit.**

102. Freshman Organ. Continuation of organ literature in 101, adding compositions from Handel to Purcell, "Festival Anthology" and "Shorter Classics" arranged by Power Biggs. Also small works of Caesar Frank. **Two semester hours credit.**

201. Sophomore Organ. Continuation of pedal, chorale and Bach organ literature, adding "Alte Meisters des Orgel" I and II by Straube, and Bonnet's "Anthology of Organ" I to VI. **Two semester hours credit.**

202. Sophomore Organ. Continuation of previous works, ading Mendelssohn's Preludes, Fugues and Sonatas; and Schubler's and Brahms' arrangements of Bach Chorales. Also composers such as Buxtehude, Walther, Pachelbel, Vierne, Karg-Elert, Widor, and others. **Two semester hours credit.**

2. Piano

21-22. Preparatory Piano. Emphasis is placed on accurate fingering, correct hand position, rhythm, tone production and accuracy of text. Major and minor scales in comfortable tempo, triads and arpeggios. Micheal Aron's "Adult Beginner" is used, supplemented with suitable compositions from the varied schools. For beginning non-majors. **No credit.**

101-102. Freshman Piano. All major and minor scales, arpeggios and chords at comfortable tempo, technique studies, beginning work in Bach, Beethoven, Haydn, and other composers up to the modern day. For students minoring in piano and others whose background in piano is not sufficient for 102-104. **Two semester hours credit.**

103-104. Freshman Piano. All major and minor scales, tonic, dominant seventh and diminished seventh arpeggios, chords and octaves at a comfortable tempo. Technique studies, Bach Two-Part and Three-Part Inventions. Sonatas by Haydn, Beethoven and Mozart, together with varied selections from the romantic, impressionistic and modern composers. For piano majors and those students who the piano instructor feels are capable of doing the work. **Four semester hours credit.**

201-202. Sophomore Piano. Material selected from that outlined in Freshman 101-102, but more difficult selections will be taught. For piano minors and others. **Two semeter hours credit.**

203-204. Sophomore Piano. Technical material as outlined in Freshman 103-104, but at a more rapid tempo. More difficult compositions from the varied schools. Ensemble work. For piano majors and others qualified to do the work. **Four semester** hours credit.

3. Voice

21-22. **Preparatory Voice.** It is assumed that a student taking this course will either be a high school student, or a college student lacking sufficient piano and theoretical knowledge to enable him to obtain credit. **No credit.**

101-102. Fundamentals of vocal technique, including posture, breath control, tone production and the study of vowels and consonants in relation to singing. Introduction of song literature, including English and early Italian songs. For each semester hour of credit three hours of practice are required. pronunciation. **Two semester hours credit.**

103-104. Fundamentals of vocal technique, including posture, breathing, tone production and diction, technical exercises with musical figures for the development of vocal freedom. The study of songs from the classical literature stressing English, Italian and French pronunciation. Voice majors should have a practical knowledge of the piano. **Four semester hours credit.**

201-202. Technical work of the freshman year continued on a more advanced level. Moderately difficult songs by composers of romantic and contemporary literature. French and German pronunciation. **Two semester hours credit.**

203-204. Technical work of the freshman year continued on a more advanced level. The study of standard classical literature in English and Italian continued and songs in French, German and contemporary American composers added. Introduction of less difficult excerpts from oratorio and opera. **Four semester hours credit.**

II. FINE ARTS COURSES

1. Specialized

103-104. Sight-Singing and Ear-Training. Offered to music majors and to those of similar musical comprehension. It includes fundamentals of music, notation, scales, chords, sight-singing, melodic and rhythmic dictation. Less difficult keyboard and written harmony and elementary modulation. Five clock hours per week, both semesters. **Six semester hours credit.**

106. Choral Conducting. An elementary course offered to majors and non-majors in rudiments of conducting, building a choir, choosing voices, planning choral programs, directing the church choir, children's choirs, **etc.** Procedures for teaching new choral music. Open to students who have had training in voice, piano, organ, and other instruments, or with consent of instructor. Two hours a week; may be offered either semester. **Two semester hours credit.**

201-202. Harmony. Offered to music majors and to those of similar musical comprehension. It is a continuation of keyboard and written harmony but is a more advanced presentation. Three hours each week throughout the year. **Six semester hours credit.**

2. GENERAL LIBERAL ARTS

a. Music

101-102. Band. Band try-outs will be held at the beginning of each year. Students who desire to take band should have played in a band for at least one year. Rehearsals will be held three hours each week throughout the year. **Two semester hours credit.**

105-106. Choir. The College Choir is composed of 40 voices chosen at the beginning of the year by the Director. Rehearsals are held three hours each week throughout the year. The works memorized include the compositions of modern and ancient composers. In the second semester the Choir prepares a concert program which is presented at various churches in the vicinity of the College. **Two semester hours credit.**

107-108. Glee Club. The Glee club is a mixed chorus of thirty-five voices determined by auditions held at the beginning of the year. Rehearsals are held twice a week. Material studied includes secular selections for men's chorus, women's chorus, and mixed chorus. **Two semester hours credit.**

109. Introduction of Church Music. A fine arts elective for all students with specific opportunity for those planning to enter the fields of church music, music ministry, or religious education. The course is developed around the church calendar year. The course provides an opportunity to develop the art of conducting congregational singing, hymn singing, a study of the history of church music in relation to services and church service preparation and development. Three hours a week. **Three semester hours credit.**

110. Music Appreciation. This course is designed for the non-music major who wishes to acquire a keener appreciation of fine music. A study is made of the style and idiom of outstanding composers of the baroque, classic, romantic, impressionistic and modern periods. Their music is related to the historical eras in which they lived. Representative works of these composers are heard on records, with especial emphasis being placed on symphonic literature. The aural ability to recognize orchestral instruments and identify themes from various compositions is stressed. Recital and concert attendance is emphasized. Two hours a week and two one-hour laboratory periods under the instructor are required. This course may be offered either semester. **Three semester hours credit.**

b. Speech

101. Fundamentals. A study of the mechanics of speech with special emphasis to defective speech habits and suggestions for their correction. This course includes oral reading, short speeches, and recordings for purposes of correction and instruction. Three hours a week, first semester. **Three semester hours credit.**

102. Public Speaking. A study in the art of preparation and presentation of public discussions. Special attention is given to developing the student's speaking personality. This course includes platform and radio speaking. Prerequisite: Speech 101. Three classes a week, second semester. **Three semester hours credit.**

103-104 and 203-204. Forensics and Debate. A course offering training in forensics and debate for students representing Gardner-Webb College in intercollegiate competition. The course may be taken in both the Freshman and Sophomore years for a total of four semester hours credit. Two classes a week, both semesters. **Two semester hours credit each year.**

c. Dramatics

101-102. Play Production. Theory and laboratory work in directing, acting, scene designing and building, costuming, lighting, and make-up. Plays of dramatic and literary merit are studied and produced. This course is designed to acquaint the student with lal areas in the technique of dramatic production. Open to both freshmen and sophomores. No prerequisite. Three classes a week and three hours of laboratory a week. **Six semester hours credit.**

d. Art

201-202. Fundamentals of Art for the Elementary School. A study of various materials and their uses; the principles of art structure employing drawing, lettering, composition, color, and design in different projects. A study of perspective, color theory and harmony, design, drawing, simple shading, mass arrangements; designing and modeling simple forms in paper; cardboard, cloth, wire, clay, papier-mache, wood; the use of tools suitable for the grade level; integration of art with other school subjects. Discussion and laboratory: Two, two-hour classes per week. **Three semester hours credit.**

IV. LANGUAGE

Mr. Andrews, Chairman **Mrs. Moore** **Dr. Lewis**
Miss Schuller **Mr. Suarez**

The objectives of language training are to assist the student:

1. To gain an understanding of the culture, civilization, and literature of another people.
2. To develop an awareness of the relation of our own language and culture and those of another country.
3. To understand without translating the language as spoken and written by natives.
4. To speak and to write the language in a manner acceptable and intelligible to native speakers.

A. CLASSICAL

1. Latin

101-102. Beginning Latin. This includes mastery of declensions and conjugations and a careful study of syntax. All basic constructions are learned, so that any simple Latin text may be read. Derivations of English words and an understanding of Roman background are stressed. Three hours a week, both semesters. **Six semester hours credit.**

201-202. Advanced Latin. Prerequisite: Latin 101-102 or its equivalent. A continuation of the study of Latin Grammar with more difficult translation. History, political and military life, and customs of the Romans are studied further and additional English vocabulary gained through derivatives. Three hours a week, both semesters. **Six semester hours credit.**

2. Greek

101-102. Beginning Greek. A thorough study of the Koine Greek of the New Testament. Emphasis upon grammatical forms, translations into Greek and English, simple syntax. During the second semester selected portions of the Greek New Testament are read and exegeted. Text: **Beginner's Grammar of the Greek New Testament,** by W. H. Davis. Three hours a week, both semesters. **Six semester hours credit.**

201-202. Advanced Greek. A comprehensive and detailed review of grammar with emphasis upon the syntax of the noun, the verb, and clauses. Advanced reading and exegesis of selected portions of the Greek New Testament. Text: **A Manual Grammar of the Greek New Testament** by Dana and Mantey. The differences between the Koine Greek and the Classical Greek will be studied. Students will be required to purchase the book **An Introduction to Greek** by Crosby and Schaeffer. Three hours a week, both semesters. **Six semester hours credit.**

203-204. Exegesis and Greek Civilization. A supplementary course in Exegesis and Greek Civilization. The first semester will consist of selected passages of the New Testament assigned

for research in order to demonstrate the mechanics of the Greek language. The second semester a study will be made of the relationship between the Greek language and Greek Civilization. A research paper along with other outside assignments will be required during the second semester. This course may be taken along with Greek 201-202. One hour a week, both semesters. **Two semester hours credit.**

B. MODERN

1. French

101-102. Elementary French. This is planned for those who have not completed two units of high school French or its equivalent. It presents the simpler grammatical constructions, introduces a practical vocabulary, and informs the student concerning French life, customs, and manners. This is done through reading, translation, dictation, conversation, and intensive oral drills in the language laboratory. Three hours a week, supplemented by three hours laboratory work. Both semesters. **Six semester hours credit.**

103-104. Intermediate French. Prerequisite: French 101-102 or two units of high school French or its equivalent. This is a continuation of the work begun in French 101-102. It consists of a thorough review of grammar and composition, a study of selected works from outstanding French writers, and intensive oral practice. Three hours a week, supplemented by three hours laboratory work. Both semesters. **Six semester hours credit.**

201-202. French Literature. Prerequisite: French 103-104 or its equivalent. This is a survey course covering the literature of France from the Old French period through the first thirty years of the present century. The causes and development of the various literary movements are stressed. Particular attention is given to the literature of the Renaissance and to French Classicism, Romanticism, and Realism. Three hours a week, both semesters. **Six semester hours credit.**

203-204. Composition and Conversation. French linguistics, with advanced training in speaking, making records, and comprehension. Intensive and methodical training in the acquisition of an active and idiomatic French vocabulary. Readings are from selected contemporary novels, plays, and short stories. Three hours a week, both semesters. **Six semester hours credit.**

2. German

101-102. Elementary German. This course is planned for those who have not completed two units of high school German or its equivalent. It presents the simpler grammatical constructions, introduces a practical vocabulary, and informs the student concerning life, customs, and manners in German speaking countries. This is done through reading, translation, dictation, conversation, and intensive oral drills in laboratory work. Three hours a week, supplemented by three hours of laboratory work. Both semesters. **Six semester hours credit.**

103-104. Intermediate German. Prerequisite: German 101-102 or two units of high school in German or its equivalent. This is a continuation of the work begun in German 101-102. It consists of thorough review of grammar and composition, a study of selected works from outstanding writers of Germany, and intensive oral practice. Three hours a week, supplemented by three hours of laboratory work. Both semesters. **Six semester hours credit.**

3. Spanish

101-102.Elementary Spanish. This course is planned for those who have not completed two units of high school Spanish or its equivalent. It presents the simpler grammatical constructions, introduces a practical vocabulary, and informs the student concerning life, customs, and manners in Spanish speaking countries. This is done through reading, translation, dictation, conversation, and intensive oral drills in laboratory work. Both semesters. **Six semester hours credit.**

103-104. Intermediate Spanish. Prerequisite: Spanish 101-102 or two units of high school Spanish or its equivalent. This is a continuation of the work begun in Spanish 101-102. It consists of a thorough review of grammar and composition, a study of selected works from outstanding writers of Spain and of Spanish America, and intensive oral practice. Three hours a week, supplemented by three hours laboratory work. Both semesters. **Six semester hours credit.**

201-202. General survey of the Literary and Cultural Herit-

age of Spain. Prerequisite: Spanish 103-104 or its equivalent. This course merely touches upon current problems of Spain. Emphasis is upon the economic, political, social, and cultural development of the nation and their influence on the literature. Three hours a week, both semesters. **Six semester hours credit.**

203-204. Composition and Conversation. Spanish linguistics, with advanced training in speaking, making reports, and comprehension. Intensive and methodical training in the acquisition of an active and idiomatic Spanish vocabulary. Readings are from selected contemporary novels, plays, and short stories. Three hours a week, both semesters. **Six semester hours credit.**

V. NATURAL SCIENCE AND MATHEMATICS

Mr. Dixon, Chairman **Mr. Moseley** **Mr. Stacy**
Mr. Isner **Mr. Bridges** **Mr. Winter**
Mr. Fite **Mr. Perkins** **Mr. Jolley**

The objectives of the courses in Natural Science and Mathematics are:

1. To acquaint the student with the basic laws of the physical universe.
2. To help the student develop an understanding of and an appreciation for life, the chemical composition of the material world, and the operative laws of physics.
3. To assist the student in finding truth through the study of science and in verifying known truths by experimentation.
4. To lead the student to appreciate mathematics both as a tool for calculation and as a type of thinking necessary for reaching logical conclusions.
5. To give the student an adequate foundation for additional study in biology, chemistry, mathematics, physics, and psychology.

A. NATURAL SCIENCES

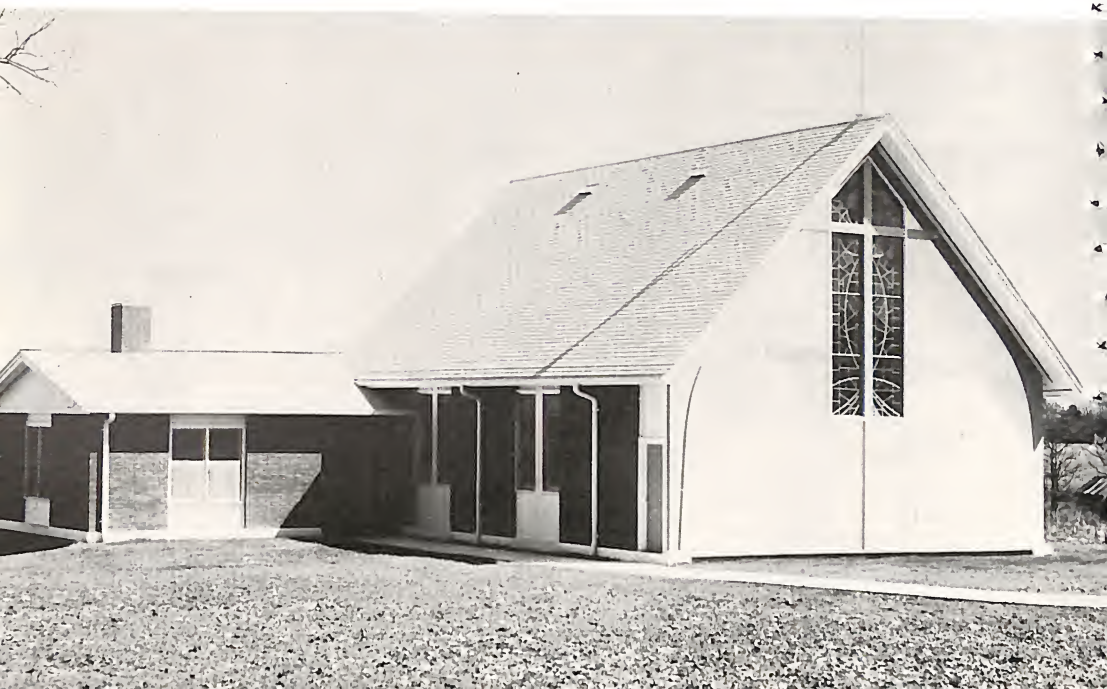
1. Biology

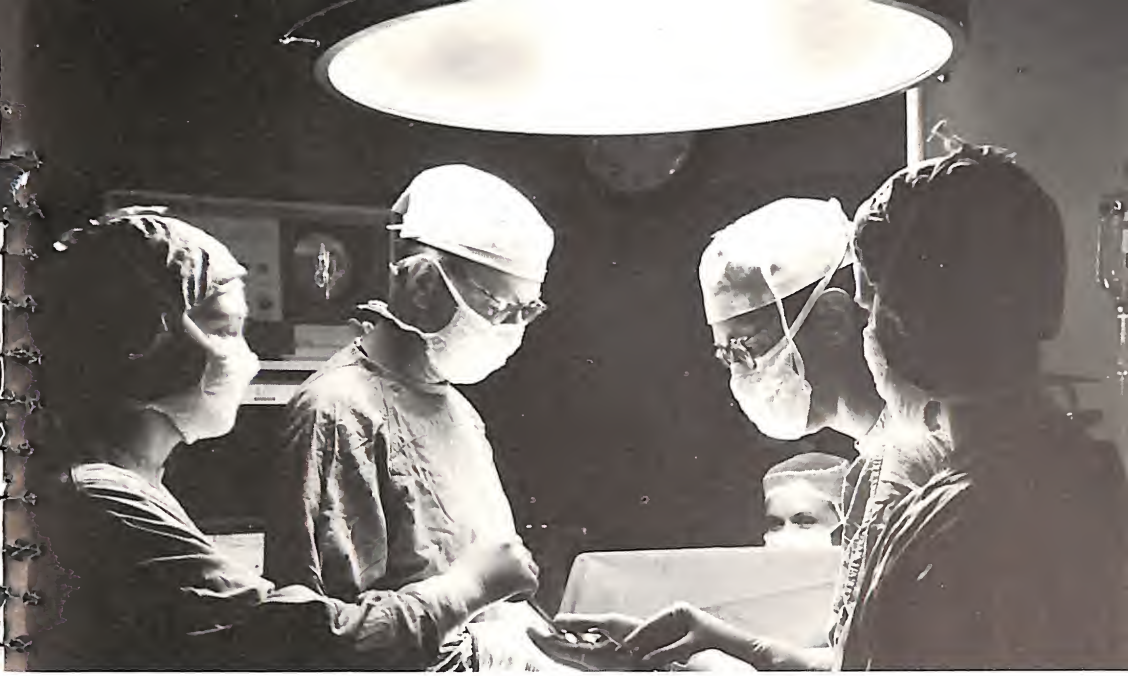
101-102. General Biology. A general introductory course in Biology designed to acquaint the student with basic characteristics of living matters, including a survey of plant and animal kingdoms. Metabolism, growth, reproduction, heredity, and other biological concepts are studied. Two classes and two, two-hour laboratory periods a week, both semesters. Biology 101 is a prerequisite to Biology 102. **Eight semester hours credit.**

201. Zoology. A study of the structure, physiology, and taxonomy of the invertebrates and vertebrates with a more thorough and intensive survey than is inferred in General Biology.

Boiling Springs Baptist Church

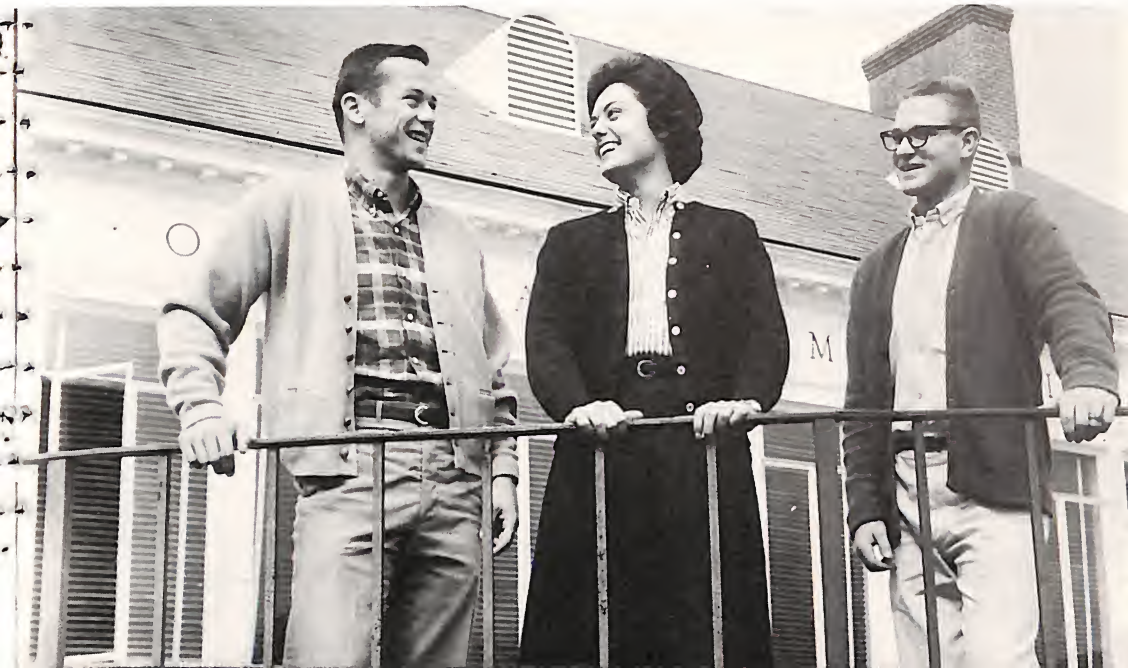
Boiling Springs Methodist Church





Study and application go hand-in-hand as student nurses survey the field and participate in clinical operations. Gardner-Webb begins a new Associate in Arts Degree in Nursing program this fall in cooperation with Rutherford Memorial Hospital and Cleveland Memorial Hospital.

Gardner-Webb develops leadership qualities in its students through active participation in student government.



Prerequisite: General Biology 101-102. Two one-hour lectures and two, two-hour laboratory periods a week. Second semester. **Four semester hours credit.**

202. **Comparative Anatomy.** A study of the comparative anatomy of selected chordate animals; also, a dissection of comparative forms in the laboratory practice. Prerequisite: General Biology 101-102, Zoology 201. Two one-hour lectures and two ,two-hour laboratory periods week. Second semester. **Four semester hours credit.**

203-204. **Human Anatomy and physiology.** An introduction to human anatomy with the fundamental principles of the physiology of the body systems. Prerequisite, Biology 102. Three one-hour lectures and one three-hour laboratory period a week, both semesters. **Eight semester hours credit.**

206. **Microbiology.** An introduction to the study of bacteriological methods, representative types of pathogenic microorganisms including basic principles of immunology and therapy, and their importance in human economy. Prerequisite, Biology 102. Three one-hour lectures and one three-hour laboratory period each week. Spring semester. **Four semester hours credit.**

2. Chemistry

101-102. **General Chemistry.** Introduction to chemistry emphasizing fundamental laws and theories of chemical principles and their application. Subject matter covered includes atomic structure, problems and equations, oxidation-reduction, ionic equilibria, introduction to nuclear and organic chemistry, in addition to the study and preparation of the more common elements and compounds with the periodic chart as the background of theory. Problem working is stressed. Three one-hour lectures and one three-hour laboratory a week. **Eight semester hours credit.**

104. **General Chemistry and Qualitative Analysis.** The recitation lecture is the same as Chemistry 102. The laboratory differs from Chemistry 102 in that approximately three-fourths of Chemistry 104 laboratory work will be devoted to qualitative analysis for cations and anions by means of semi-micro procedure. Three one-hour lectures and one three-hour laboratory a week, second semester. **Four semester hours credit.**

201-202. **Organic Chemistry.** A study of the fundamental chemistry and structure of aliphatic and aromatic series, some of their derivatives such as alcohols, fats, proteins, etc. The laboratory work will involve the preparation, purification and properties of some typical organic compounds. Prerequisite: Chemistry 101 and 102 or 104. Three one-hour lectures and one three-hour laboratory period a week, both semesters. **Eight semester hours credit.**

3. Physics

201-202. **General Physics.** A study of basic college physics. Mechanics and properties of matter, heat, wave motion, sound, light magnetism, and atomic physics. Any student receiving credit for this course will not receive credit for Physics 203-204. Prerequisite, Mathematics 101 and 102 or 107. Three one-hour lectures and one three-hour laboratory period per week, both semesters. **Eight semester hours credit.**

203-204. **Physics for Engineers.** A study of mechanics, heat and molecular physics, wave motion and sound, light, electricity and magnetism, with the fundamentals of particle physics and the revolutionary conceptual developments of the twentieth century properly fitted into the classical topics. Special emphasis is given to principles and concepts which are useful in engineering. Any student receiving credit for this course will not receive credit for Physics 201-202. Co-requisite: Mathematics 201. Three one-hour lectures, one hour recitation, and one three-hour laboratory period per week, both semesters. **Ten semester hours credit.**

B. MATHEMATICS

27. **Plane Geometry.** The geometrical concepts are fully developed and the basis of congruence is thoroughly taught. From that point on, the course moves rapidly with a wide application of geometric facts to many varied problems. Stress is given to mensuration, congruence, and similarity. The purpose of this course is to teach students the processes of analytical thinking and critical evaluation of data. Three classes a week, one semester. **No college credit.**

101. **Algebra.** Elementary set theory followed by a study of numbers using the axiomatic method. A brief review of traditional algebraic topics such as factoring, fractions, exponents, and radicals, emphasizing the logic in the fundamental operations. Functions and graphs. Inequalities; linear and quadratic equations. Progressions. Theory of equations. Prerequisite or corequisite: Plane Geometry. Three hours a week, one semester. **Three semester hours credit.**

102. **Plane Trigonometry.** A study of the trigonometric functions with their application to the solution of right and oblique triangles, logarithms, radian measure, trigonometric identities and equations, graphs of trigonometric functions, inverse functions, and complex numbers. Prerequisite: Plane Geometry. Three hours a week, one semester. **Three semester hours credit.**

106. **Solid Geometry.** A study of theorems and problems concerning linesl and planes, polyhedrons, cylinders, cones, and spheres. Special attention is given to the proof of the formulas for areas and volumes. Prerequisite: Plane Geometry. Two classes a week, second semester. **Two semester hours credit.**

107. Algebra and Trigonometry. Elementary set theory, functions as sets of ordered pairs, real number system, solution of equations, quadratics, trigonometric functions, solutions of triangles using natural functions and logarithms, trigonometric identities and equations. Complex numbers, progressions, and theory of equations. This course is designed for the pre-engineering student or the student who plans to major in mathematics. Students are admitted to this course after consideration is given to their mathematical interest, ability and aptitude as indicated by their high school record and test scores. Prerequisite: Plane Geometry. Six hours a week, first semester. **Five semester hours credit.**

108. Analytic Geometry and Calculus. A unified course in Analytic Geometry and Calculus. Topics included are: rectangular coordinates in the plane, equations of the straight line, slope, limits, continuity, derivatives of algebraic and trigonometric functions with application, maximum and minimum values, related rates. Conic sections. Introduction to integration.

Prerequisites: Mathematics 107 or Mathematics 101 and 102 Five hours a week, second semester. **Four semester hours credit.**

109. Fundamentals of Arithmetic and Algebra. This course is designed for the student who plans to major in Elementary Education. It consists of a study of: the properties of counting numbers, integers, and rational numbers; number systems of different bases; topics in number theory; groups; fields; and topics in algebra. Corequisite or prerequisitie: Plane Geometry. Three hours a week, one semester. **Three semester hours credit.**

110. Basic Concepts of Geometry. This course is designed for the student who plans to major in Elementary Education. It consists of a brief study of set theory followed by a study of logic, congruence, linear and angular measure, area and volume, similarity, and graphs. A major emphasis is placed on the fundamental concepts which underlie the mathematics of the elementary school. Prerequisite: Plane Geometry. Three hours a week, one semester. **Three semester hours credit.**

201-202. Differential and Integral Calculus. A continuation of the study begun in Mathematics 101 including applications of the definite integral to area, volume, surface area, pressure; work, centroids; differentials and integrals of transcendal functions; integration by various methods; improper integrals. Evaluation of determinants of order n. Hyperbolic function. Polar conditions. Second semester topics include vectors, solid analytic geometry, curvature, partial differentiation, multiple integrals with applications. Infinite series, expansions of functions, convergence. Five hours a week, both semesters. **Eight semester hours credit.**

C. ENGINEERING DRAWING

101-102. Engineering Drawing. Drawing-board work on lettering, instrument practice, free-hand sketching, sections, projections, auxiliary views, revolutions, fasteners, intersections, diagrammatic sketches and drawing using standard symbols, working drawing, tracing, and blueprinting. The latter part of the course will include the study of representaions of geometrical magnitudes with points, lines, planes and solids. Two two-hour laboratory sessions a week throughout the year. Prerequisite: Plane Geometry. Credit. **Four semester hours.**

D. PSYCHOLOGY

201. General Psychology. A study of the basic facts and principles of psychology. This course is designed to acquaint the student with the scientific aspect of psychology and provide a basis for further study. Open only to students of sophomore standing. Three hours a week, first semester. **Three semester hours credit.**

202. Educational Psychology. Designed to give the prospective teacher a survey of the learning process, the teaching personality, and maturation as it relates to the curriculum. Special emphasis is given to motivation, learning and retention, and interest as these relate to the school setting. Prerequisite: Psychology 201. Three hours a week, second semester. **Three semester hours credit.**

VI. PHYSICAL EDUCATION AND HEALTH

Mr. Harris, Chairman **Mrs. Holbrooke** **Mr. Holbrooke** **Mr. Spencer**

The objectives of Physical Education and Health are:

1. To help to prepare each individual to be physically fit and to live a healthy life in our modern society.
2. To develop neuromuscular skills and abilities.
3. To develop an interest in activities for worthy use of leisure time.
4. To develop an ethical character.
5. To develop and maintain a healthy body.

PHYSICAL EDUCATION

Each student is required to register for Physical Education each semester. In unusual cases he may be excused by the Dean. While participating in a major sport, a student is not required to attend regular classes. (Students admitted to these

courses are expected to wear regulation uniforms which may be purchased from the College Book Store.)

COURSES FOR MEN

101. Physical Education. Freshmen men. consists of calisthenics, running, combative, rope jumping, rules and techniques of team sports. Two hours a week, first semester. **One semester hour credit.**

102. Physical Education. Freshmen men. Drill, basketball, volleyball, tumble ,track and field work, badminton, and swimmink. Two hours a week, second semester. **One semester hour credit.**

103. Physical Education. Sophomore men. Same content as Physical Education 101 with emphasis on actual participation in team sports. Two hours a week, first semester. **One semester hour credit.**

104. Physical Education. Sophomore men. Adult sports for recreation: volleyball, tennis, croquet, ping pong, badminton, shuffleboard, horseshoes, and swimming. Two hours a week, second semester. **One semester hour credit.**

105-106. Physical Education. Adaptive physical education for the handicapped or those unable to participate in the regular activities. Corrective exercises, adaptive games. This course is designed to fill the individual needs of students who require special attention. Two hours a week, both semesters. **Two semester hours credit.**

COURSES FOR WOMEN

101-102. Physical Education. Freshmen women. Beginners' archery, volleyball, basketball, stunts and tumbling, tennis, folk dancing, and calisthenics. Two hours a week, both semesters. **Two semester hours credit.**

103-104. Physical Education. Prerequisite: Sophomore standing. Advanced volleyball, basketball, stunts and tumbling, folk dancing, tennis, and receational sports. Two hours a week, both semesters. **Two semester hours credit.**

105-106. Physical Education. Adaptive physical education for the handicapped or those unable to participate in the regular activities. Corrective exercise, adaptive games. This course is designed to fill individual needs of students who require special attention. Two hours a week, both semesters. **Two semester hours credit.**

HEALTH

101. Health. The textbook used, **Essentials of Healthier Living.** Elementary physiology and anatomy are taught in so far as they are related to the desired objectives in personal health and community hygiene. A major emphasis is placed on nutrition. Two hours a week, one semester. **Two semester hours credit.**

VII. RELIGION

Dr. Allen, Acting Chairman **Miss Jones** **Dr. Lamb**

The objectives of the courses in Religion are:

1. To introduce the student to the background of the Christian Religion through a study of the Old Testament and to lead the student into a deeper understanding of the Christian religion through a study of the New Testament.
2. To lead the full-time Christian volunteer to a greater commitment to Christ through studies of selected portions of the New Testament, always with the Old Testament as a background.
3. To lead the full-time Christian volunteers to a greater understanding of the program and value of an advanced Christian Educational Program.
4. To develop a basic philosophy of Christian doctrine and practice which will carry over into life beyond the college and into eternity.

A. BIBLE

101-102. Bible. A survey of the entire Old and New Testament Scriptures with an effort to understand the story of revelation of Divine Truth and the means used in accomplishing it. Attention will be given to types of literature, translations, and methods of interpretation with the intention of furnishing the student with a broad and well-rounded storehouse of knowledge of the Scriptures as a background for future reading and for more advanced and detailed study. ALUMNI ASSOCIATION

Membership—All former students, graduates and non-graduates, are considered members of the Alumni Association. All are invited to become active members by making a contribution of not less than $2 annually toward the work of the association.

Meetings—A general business meeting and banquet is held once each year during the College commencement, at which time the directors and officers of the organization are elected and other matters of business attended to. The president of the association has authority to call a special meeting of the association at any time and place he may choose for the purpose of transacting any business pertaining to the work of the association.

Purpose—The purpose of the Alumni Association is to provide an opportunity for the alumni to express their interest for the College in voluntary service, to organize local chapters, to keep in constant touch with the members of the association, and to promote the welfare of the entire College to the mutual benefit of both the College and the alumni.

At the annual meeting of the Alumni Association in May, 1961, the members present voted unanimously to lend their wholehearted support to the administration in organizing local Alumni Chapters. Twelve new local alumni chapters were organized during the school year 1961-62.

At the same meeting mentioned above the alumni unanimously voted to start an Alumni Endowment Fund. Plans were adopted at the annual banquet in May, 1962.
