REPORT ON RELIGIOUS LITERATURE.

Knowledge is power, therefore it is necessary that we use every laudable effort to obtain knowledge. This being so, we recommend the study of the Bible first in our homes. In the home is the place to train the children. We recommend the reading of good books and also good papers such as the Biblical Recorder and Foreign Mission Journal that we may know what we are doing abroad; the Home Field that we may be posted along our Home Mission Work; Charity and Children to know what we are doing for the Orphans and the North Carolina Baptist which has done more for temperance and state prohibition than any other paper in the State.

REPORT ON BAPTIST ORPHANAGE.

Since April 9th, 1885, when the first lick was struck on the grounds, for the building of the Baptist Orphanage at Thomasville, N. C., this institution has grown to ten dormitories for the children, a central school building of eight grades running ten months in the year under the management of competent teachers, a central dining room where 340 children take their meals, an infirmary where the sick have the attention of a nurse in every way competent, a wood shop where boys receive training for handling tools, a shoe shop employing a half dozen or more boys turning out 900 pairs of shoes a year, also a printing office, steam laundry, two houses for the treasurer and general manager, about 450 acres of land of good average quality producing crops of wheat, corn, peas and potatoes, a well 876 feet deep and excellent waterworks and sewerage system.

Up to the present the Orphanage has given shelter to 972 children and at present is taking care of 340.

21 women and seven men are giving their entire time to the institution.

In 1905 there was a debt of \$11,400. About half of this amount was paid last year.

A new water tank holding about 30,000 gallons has been placed in the central dining room, from the fact that the old one did not hold enough to last over Sunday.

The infirmary for the sick is far too small and should be enlarged at once to meet the growing needs of the institution.

We believe that our Orphanage merits the support of every Baptist in North Carolina because it is saving our children and developing men and women for our cause.

Therefore your committee urges that we struggle on to keep before these little ones life's highest ideals and purposes, that they may go into the world by the way of the cross to meet life's issues with noble manhood and womanhood and in the fear of our God.

We believe this to be the spirit of the man of Galilee, who bathed the human family in his own tears and embraced the poor and helpless in the sweep of his boundless sympathy.

We believe that our Orphanage is making manhood, character and Christians that will add grace and beauty to society, elevation to civilization and will greatly supply the ranks of the Baptist host and the army of our God.

Believing the purpose to be worthy, the equipment adequate and that the output justifies the investment; we do therefore respectfully recommend that this Association and the Baptists of our State give the institution your heartiest sympathy, your earnest prayers and a goodly portion of your means.

We would urge that every church in the Association and the State will give a Thanksgiving offering to this noble work and that you

will endeavor to lead your Sunday Schools up to systematic giving of monthly offerings to the Orphanage.

We recommend that the general manager be instructed to inaugurate a system for keeping a complete record as far as possible as to the success or failure of each orphan who leaves the institution, that we may know the full results of our Orphanage work.

Respectfully submitted.

REPORT ON SUNDAY SCHOOLS.

We are glad to say that the Sunday School work seems to be progressing. In looking back over the past years we find that it is much improved but there is room for a great advance yet. We insist that every member of the church of this Association attend the Sunday School. In so doing the work will still increase and others may come under the influence of this grand work and the name of the most High be glorified. May His blessings rest on this Association.

On motion of H. W. Clark the body will meet to-night at 7:45.

On motion adjourned, prayer by Rev. N. H. Moss.

THURSDAY—EVENING SESSION.

The Association assembled and after singing and prayer, Rev. M. E. Parrish preached a very interesting

and impressive Introductory Sermon from 11th Chapter of Luke on the power and mission of prayer. The sermon was heard by a packed house and greatly appreciated. At the same hour Rev. C. W. Payseur preached an excellent sermon in the A. R. P. Church. At 8:30 at the request of Bessemer City Church a presbytery was formed and three Deacons were ordained for said church, viz: Dr. Garron, W. Woodle, and — — Littlejohn. Rev. J. S. Farmer led the ordination prayer and Rev. Hight C. Moore delivered the charge. At 8:50, according to previous arrangement the Moderator called the body to order and Rev. J. D. Bridges read the following

#### REPORT ON MINISTERIAL RELIEF.

If any of the old ministers of our denomination have worn themselves out preaching the gospel, and are now in need, it is our duty to go to their relief. And there are such; for one old Minister who organized the first two Baptist churches in a North Carolina county said: "I had to begin these with not another Missionary Baptist in the whole county. I have shed many tears on my buggy going to my appointments, knowing when I reached the place where I was to preach that I should not find one that I could take by the hand who would call me brother. But I went to every nook and corner of the county, praying to God as I went that I might find a bride for Christ. I have become old and afflicted and not able to go much; and if the Board of dear brethren see proper to help me in my old and afflicted age, I shall ever feel grateful to them."

The Board is now caring for thirty-one (i. e. families) fifty-five all told. It is the opinion of the Board that every one of these is worthy the help he receives.

Up to August 30th about \$1,700.00 had been paid for these brethren. The Board is trying to reach \$3,000.00 by the time the convention meets.

Brethren, let us lend a liberal hand and help relieve the needs of these worthy fathers in Israel.

#### REPORT ON TEMPERANCE.

In this age of intellectual and material advancement we deem it unnecessary to advance an argument in favor of the cause of temperance. The intelligence of the age, the moral forces of the world and the masters of finance are practically all on the side of temperance. The saloon stands to-day upon the crest of a threatening volcano of public sentiment, almost without a friend who will stand up and defend it in the open. About its only defenders now are those who in some secluded spot will speak a word in its behalf for the protection of their "liberty," yes, "liberty" to bring wreck and ruin on their homes; "liberty" to frown the brow and break the heart of a loving wife; "liberty" to send their little children to an alms-house or an orphan asylum. These are the fruits of the "liberty" they seek.

We congratulate the temperance forces upon the rapid, yes, the unparalleled progress made in this noble work for God and humanity in North Carolina and throughout our beloved Southland in the last five years.

According to statistics compiled by the Chairman of the Anti-Saloon League there are only thirty-four counties in North Carolina—about one-third—in which liquor is sold legally—fourteen of these have dispensaries and twenty have saloons. Let us rejoice that this number, after Jan. 1st, 1908, will be reduced to twenty-six.

One remarkable fact about the location of the saloons in this State and one of which this and adjacent Associations should feel

proud is that the saloons now in our State, will, after January, nearly all be east of a line passing from North to South through Raleigh. The only towns west of Raleigh in which liquor will be sold after that date are Winston-Salem, Reidsville, Madison, Wentworth, Salisbury and Asheville—six in all—and Asheville is making a noble fight for prohibition. The most remarkable change has been made in the western counties where liquor was once most abundant.

South Carolina has dispensed with the dispensary, Georgia has adopted absolute prohibition throughout the State and Alabama and Mississippi are following not far in the rear. It is therefore our opinion that the time has come when North Carolina should have absolute prohibition by legislative enactment and that a constitutional amendment should be adopted making it a part of the organic law. We further believe that the time has come when Congress should enact the Hepburn-Doliver bill or some better bill to prevent the shipping of liquor into prohibition territory.

It is to be hoped that the question of prohibition will forever be kept out of the realm of partisan politics. We earnestly appeal to christians everywhere to stand with us in this fight for temperance for without a strong public sentiment in favor of prohibition, all legislation will prove futile and blind tigers will flourish.

J H QUINN,	} Committee.
J W IRVIN,	
T W HARMON,	

The report on Temperance having been called for on Thursday, a. m. and the Chairman not being present, Temperance was discussed extensively, after which Bro. Quinn and committee were instructed to write a substitute for said report, which substitute as appears above was this day adopted.

Rev. J. V. Devenny submitted the following

REPORT OF THE BOARD OF TRUSTEES OF THE BOILING SPRINGS HIGH SCHOOL, INCORPORATED.

The Board of Trustees of the Associational High School at a meeting held on January the 1st, 1907, believing that the interest shown in the undertaking and the subscriptions then in hand—about ten thousand dollars—justified such action, unanimously instructed their Building Committee to proceed with the work of building according to the plans heretofore adopted.

In compliance with these instructions a contract was entered into with Mr. D. P. Green for the erection of the building at a total cost of six thousand dollars. The committee to furnish all material and the contractor to perform all necessary labor. The work was commenced the latter part of March under the direction of the chairman of the committee, and carried forward rapidly up to May 25th, 1907.

At a meeting of the Board of Trustees held on that date it was found that collections, while remarkably good, were not sufficient to pay for material and at the same time meet the pay-rolls of the contractor. It was suggested that a joint note be made by members of the Board and a loan of three thousand dollars be secured, which sum might be used to supplement collections and put the building under roof without delay. The loan was negotiated as indicated. At the same time the services of Mr. J. D. Huggins were secured as field agent until such time as it might be deemed wise to open school when he should be employed as a teacher in the institution. At the same meeting also Mr. Jno. F. Moore was appointed to superintend the erection of the building in order that the chairman of the building committee might give his entire time to the performance of his duties as financial agent.

At a subsequent meeting, July 25th, 1907, it was arranged to secure an additional loan of five thousand dollars with which to carry on the work. The Board at the same meeting decided to have school open about October 1st of the present year, and Prof. J. D. Huggins was chosen Principal with the privilege of selecting additional teachers.

The south wing of the building is ready for the roof timbers. It is estimated that about one hundred thousand bricks are yet to be laid on the walls of the center and north wings.

The subscriptions for the work to date amount to \$10824.34, while the collections from all sources to date amount to \$6036.12.

It would be desirable in some respects to be able to present a statement showing the exact amount collected from the membership of each church in the two Associations co-operating in this enterprise, but collections have been reported in such shape that this is not possible.

It becomes the duty of the King's Mountain Association at the present session to fill vacancies in the Board of Trustees as follows: The place in Class One made vacant by the removal of Rev. A. H. Sims to another field; the terms of office of Class Three, to-wit: Carme Elam, E. B. Hamrick, N. B. Kendrick, L. S. Hamrick and John L. Moore expiring by limitation.

J. V. DEVENNY, Chairman.

W. A. MARTIN, Secretary.

This Sept. 20th, 1907.

Several Sunday Schools do not report their membership and attendance.

Four or five churches do not report Pastors' Salary.

Several churches do not report any Minute fund.

We note a wonderful growth along many lines of our work. Foreign Missions has had the largest increase. The Orphanage has lost in contributions this year which ought not so to be. We lost in the number of baptisms. We recommend that we pray for the lost and try to lead them to Jesus.

## REPORT OF COMMITTEE ON EDUCATION.

We your committee feel profoundly grateful to a kind Providence for the progress that has been made in education. Never before were our institutions able to report such progress and growth and never before were they in such flourishing condition. They have grown steadily in influence and usefulness with our people.

Wake Forest College, the head of our educational institutions reported last year the largest enrollment in its history and this year bids fair to excell all previous years. Never before were the needs of the institution so great. The institution is now crowded to its capacity and more rooms must be provided for Baptist boys otherwise

they must be turned away. A commons hall should and will be erected to better furnish boarding accommodations to students. A heating, and lighting plant, and a system of water works should be installed. All of which makes an endowment fund an imperative necessity if the institution is to keep and maintain that high position of influence and usefulness that she has ever occupied among other institutions. Nor does equipment comprise all the needs of the institution. The Board of Education has aided more men from the loan fund the past year than ever before and the demands are greater each year from men who are trying to prepare themselves for the work of the Master.

The Baptist University for Women has likewise enjoyed a prosperous year, and now is so crowded that scores have been turned away from her doors for the lack of room to accommodate them.

Our secondary schools which have done such a great work for the denomination and for civilization are steadily growing in size and usefulness. We heartily commend them to all parents who desire to obtain for their children a Christian education. We further recommend and urge that it is the duty of every Baptist in this Association to lend to these schools their moral support and contribute their financial aid. We commend especially the maintenance of the Boiling Springs High School which is designed to meet the demands for better high school facilities. Your committee believes that there is a great work for this school to do and it should have an important place in our denominational work. It is designed to, and if supported, will, do more to strengthen the Baptist cause in this Association than any other means now before us. To this end then let this Association pledge its united and most loyal support to the erection and maintenance of this school.

While profoundly grateful for the progress made thus far, the goal is far in the distance. Our civilization which is essentially Christian can be maintained in its purity and advanced only by the aid of a Christian education. Furthermore the Church must educate in its own interest, for the work is great and the laborers, if uneducated, are unequal to the task. Our denominational schools are the only means by which our public life can be supplied with the true interpretation of the Christian view of the world, which best conserves the State and civilization. Believing then as we do that the welfare of our denomination depends upon the usefulness and efficiency of our educational system we would urge upon this Association that they continue to give to our schools that loyal support and liberal patronage which has enabled them to prosper in the past.

The Moderator called the Body to order and Bro. A. P. Spake read the following

REPORT ON PASTORAL SUPPORT.

This is a subject that every christian should feel deeply interested in, for we learn that the laborer is worthy of his hire. Indeed we cannot conceive of a genuinely converted person who would be unwilling to contribute to the support of the gospel, and yet we know there are a great many who never pay their pastor one cent. This is all wrong and directly contrary to the teaching of the word of God.

Every member should not only feel it a duty but esteem it a privilege to give something to the support of the ministry. We should advance our pastors' salary as the necessities of life advance.

Rev. G. G. O'Neill read the following

## REPORT ON STATE MISSIONS.

On a mountain in Galilee according to appointment, Jesus met, after his resurrection, more than five hundred of his brethren and gave to them the great commission of the church, "All authority hath been given unto me in heaven and on earth. Go ye therefore and make disciples of all the nations baptizing them unto the name of the Father and of the Son, and of the Holy Ghost; teaching them to observe all things whatsoever I have commanded you; and, lo, I am with you alway, even unto the end of the world."

This is the authorization of world-wide Missions and the plan of procedure. Ye shall witness both in Jerusalem and in all Judea and Samaria and unto the uttermost part of the earth.

Thus they were to begin the evangelization of the world in Jerusalem, the capital of Jewish life and influence.

The motive of State Missions is the great motive of evangelization of the world. The work of saving the heathen must be done on his own soil, but the conditions upon which the great work rests and the workers depend, are created at home; for upon state Missions all Missions rest, and from State Missions all our christian enterprises which count for so much in North Carolina, spring. This being true State Missions has the largest claim upon us. The Board has planned its work upon a \$40,000 basis. That it may meet its obligations we as an Association must advance one-third above our pledges for last year. We are abundantly able. God has wonderfully blessed us, thereby enabling us with ease to meet the larger demands of the work. Respectfully submitted.

Rev. G. G. O'Neill and L. Johnson spoke to the above report. (See list for pledges.)

Bro. Geo. L. English read the following

## REPORT ON WOMAN'S WORK.

The results accomplished by the Woman's Missionary Union most strikingly prove that their work is being conducted with the Divine approval. Our Master said, "By their fruits ye shall know them," and again, "Herein is my Father glorified, that ye bear much fruit; so shall ye be my disciples." If fruit-bearing is a test of discipleship, our woman's work bears unanswerable testimony to the consecration of the godly women of our churches.

The contributions of the Woman's Missionary Societies of North Carolina to State, Home and Foreign Missions for the past ten years amounted to \$123,347.36, or four times what they were in the previous ten years, \$31,300.05. For each of the past three years there has been an increase over the preceeding year of approximately twenty

per cent. Reports to the State Union for the year ending March 31st, 1907, were received from fourteen Women's Societies, one Young Ladies Society and five Sunbeam (or Children's) Bands, as follows:

Woman's Society of Bessemer City, \$20.90; Shelby, \$112.00; King's Mountain, \$11.00; Waco, \$5.00; Boiling Springs, 49.00; Cherryville, \$43.75; Lawndale, 75 cents; Pleasant Hill, \$4.00; Double Springs, \$21.75; New Bethel, \$14.25; Pleasant Grove, \$3.30; Grover, \$3.00; Poplar Springs, \$4.00; Elizabeth, \$7.50. Young Ladies' Society of Lawndale, \$24.80. Sunbeam bands as follows: Patterson's Grove, \$1.02; Shelby, \$45.97; Cherryville, \$12.25; King's Mountain, \$18.00; Lawndale, \$1.12. Total for twenty societies, \$403.36.

Only a few of the reports for the associational year, which the local societies should have sent in, have been received, but these manifest satisfactory growth. They are as follows:

Woman's Society of Bessemer City Church; \$40.00; Boiling Springs, \$25.00; Cherryville, \$43.50; Double Springs, \$31.40; Elizabeth, \$51.10; New Bethel, \$24.80; Poplar Springs, \$4.00; Shelby, \$129.53; Waco, \$10.00; Grover, \$10.00.

Young Ladies' Society of Lawndale Church, \$23.42; Cherryville, \$5.00.

Sunbeam Band of Bessemer City Church, \$2.00; Cherryville, \$12.78; Shelby, \$5.14; Lawndale, \$1.12.

Because it is easier to measure the work of a society by its contributions than in other ways, we are apt to minimize the importance of its other activities. During the past year, as never before, there has been a marked increase of effort in the societies of the King's Mountain Association, "to stimulate a broader religious development" of the women and girls and "to train the children in Christian work and enlist all in active, personal endeavor for the salvation of those in their own community." An immeasurable aid to missions in our own country and abroad is rendered by those consecrated Christian women, girls and children, who are striving to obey the Great Commission by carrying the glad-tidings to as many as they can personally influence by their words and lives. Much progress has been made in making the societies centres of spiritual interest and prayer; they are becoming training schools for the development of Christian character.

A new and unique feature in the woman's work in this Association during the past year has been the Missionary Institutes, three of which have been held in Shelby and Double Springs. The design of these institutes is to teach how to lead missionary meetings. Typical meetings, including a woman's meeting, a young ladies' meeting, a children's meeting and a mission study class, were conducted in centrally located churches by trained leaders. It is purposed to continue this work so that all the churches in the Association will be reached.

Pastors of the churches can do much for the Woman's Work by

encouraging their own women to missionary activity and also to kindly receive those who are striving to enlarge the number of the missionary societies and increase their usefulness.

Your Committee has been much impressed with the rapid strides made by the women of the King's Mountain Association in missionary work during the two years since their work was first given a place in the meetings of the Association. It is possible that some of us may still cling to the old Pauline doctrine that women should not be heard in mixed assemblies, but your Committee feel impelled to recommend that a work of such great importance as this should receive from the Association a larger degree of recognition and more hearty co-operation.

Bro. G. L. English read a lengthy letter from Rev. G. W. Green in Canton, China, which describes the Missionary work and shows the pressing need of more funds, more missionaries, more native helpers, etc., all of which are greatly dependant on the the interest we take in the Foreign Mission Work. [Letter crowded out for want of space.]

Rev. A. C. Irvin, Moderator, was elected a member of the State Mission Board.

Rev. C. W. Payseur submitted the following

## REPORT ON FOREIGN MISSIONS.

Never in the history of our denomination has the Lord so signally

blessed the work we are doing in foreign lands as during the past year.

Your Committee would first return thanks to God for his rich blessings on our work. He has called a number of our best young men and women to go to these fields. He has put it into the hearts of some to give largely to this work. He has turned the attention of the busy men towards the dying millions and they have organized the Layman's movement from which we are expecting great things. He has opened doors to nations and doors to hearts and the Macedonian cry comes from every nation, "Come over and help us ere we die."

Our Foreign Mission Board, for years, has been laying, broad and wide, a foundation for a campaign that will break the good news to the uttermost parts of the earth. Schools, colleges, seminaries, printing plants, hospitals, godly men and women have been scattering the precious seed. God has been richly blessing them. In many places Idols are being burned and heathen temples turned into school buildings. Many places the Bible is being taught in the public schools and the Sabbath observed.

This year, through our Foreign Mission Board we raised \$403,811.-54 or about 20 cents per capita. It is true we did much better than last year; but, think of two millions of people who have tasted of God's goodness and mercy, giving only 20 cents apiece to save 845,-500,000 souls that are depending on us for the gospel. This is less than one cent for every twenty-one people. Last year the King's Mountain Association gave a little more than seven cents per member, yet we say we are missionary Baptist. We have heard God's command: We want to take the world for God; will we not ask ourselves: how much of a missionary Baptist am I and when do I want to take the world?

The Southern Baptist Convention is endeavoring to raise three-fourths of a million of dollars this year for Foreign Missions. This is the greatest advance we have ever undertaken and we will not raise this amount unless our states advance, and our states cannot advance without our Associations advance, and our Associations can not advance unless the individual members advance. This Association can easily raise \$3,000 for Foreign Missions and should we not do what we can. May it please every pastor, deacon and member of this Association to endeavor to secure an average of 50 cents per member from his church. We are plenty able to do it and your committee believe God would be pleased to graciously bless us in this good advance,

Respectfully submitted.

SATURDAY—MORNING SESSION.

The Association met at 9 a. m. and after a song, Rock of Ages, Rev. T. Dixon conducted devotional exercises. Prayer by Dr. Livingston Johnson.

At 9:30 a. m. the Moderator called the Body to order, appointed Revs. W. J. Jones, J. V. Devenny and B. M. Bridges as Messengers to the Sandy Run Association. The Moderator, Rev. A. C. Irvin, was added to the list by the Body.

The Moderator, Rev. A. C. Irvin, was made Chairman of the Executive Board for the next year with Revs. D. G. Washburn, C. W. Payseur, J. V. Devenny and Bro. H. D. Wilson on said committee.

Rev. M. E. Parrish read the following

REPORT ON HOME MISSIONS.

There is no more gratifying development in the denomination than the growing interest of Southern Baptist in their Home Mission work. Leading men among us have of late freely published their conviction that this department of our work is of great strategic importance and should be enlarged without delay. The Southern Baptist Convention at its last session put itself on record to the same effect and unanimously and warmly recommended to the denomination that contributions be doubled for this object this year, the total amount recommended being \$500,000. The following facts will confirm the sound judgment of the Convention.

First, Home Missions has already done great things for Southern Baptists, Missionaries of the Home Mission Board have made hundreds of thousands of converts, constituted thousands of churches, organized thousands of Sunday Schools, and assisted in establishing the Baptist cause in every state capital of the South, save one, and in thousands of country places. Every state and almost every community has felt the direct or indirect influence of the work and received benefit from it. The record for last year, in independent and co-operative work, was in part 18,798 baptisms, 14,207 additions to churches by letter, 271 churches constituted, 309 houses of worship built or improved, 703 Sunday Schools organized. These figures do not include the untabulated influence of 112,604 gospel sermons and addresses and of the exemplary lives of 865 Godly Missionaries.

Second, the South presents great home mission need to-day. Southern cities are multiplying and growing in size and wickedness; floods of foreigners are coming in who must be saved or they will lower our standard of civilization; baneful heresies are being propa-

gated in our midst; vast regions of destitution exist, especially in the Southwest; three thousand homeless churches call to us for shelters under which to worship our God; Cuba, the Isle of Pines and Panama hold out appealing hands for the bread of life, the success of our mountain school work as well as appalling need, encourage enlargement.

What answer will this Association make to these appeals, what will it do with this opportunity and this sacred duty? Your Committee recommends, (1), that we as an Association endeavor this year to increase our contributions to Home Missions in proportion to the advance recommended by the Southern Baptist Convention, which will be 50 per cent. over what we did last year; (2) that, in order to inform our people concerning this work and make possible the raising of this amount, churches be requested to secure and circulate among our people the free literature of the Home Board. (3) that the messengers of each church in the Association be requested to secure at once a club of at least ten new subscribers to our Home Field, the beautiful 36 page magazine published by the Home Board at 25c a year; and (4) that we encourage our women to co-operate with the Woman's Missionary Union of the South in raising the \$75,000, which the Union proposes to secure for Home Missions this year.

Respectfully submitted.

Home Missions was very ably discussed by Revs. M. E. Parrish, G. G. O'Neill and S. F. Conrad.

The report on Home Missions was adopted.

A cash collection was taken amounting to \$19.25 to supplement the minute fund in order to meet the advance in prices of printing and cost of material and to comply with a resolution passed at this session.

Rev. J. V. Devenny submitted the following

Be it resolved that the hearty thanks of this Body be due and are hereby tendered to the Bessemer City church and the good people of the town and community for the bountiful hospitality and many courtesies shown to this Body during the present session, also to the churches of the town for their brotherly kindness in tendering to us the use of their houses of worship.

The above resolution was unanimously adopted.

Bro. Beach responded in a way that made us feel like staying longer.

Respectfully submitted,

H. D. WILSON, Treasurer

King's Mountain Association.

The churches of the King's Mountain Association, by request, did, on Sept. 19th and days following, visit their young sister at Bessemer City which a short time ago began keeping house. We were happy to find her at so early an age, growing so rapidly.

With a splendid building, a live membership, a progressive and wide awake Pastor and situated in a growing young town of a rapidly increasing population, with eight white churches in the city, it is no wonder that our Bessemer City church is active and healthy.

As a precaution against the usual lapse in church work when the older ones pass away, she is calling some of her young men to the front and putting them to active work.

The session was well attended, the reports well gotten up and the speeches entertaining and instructive. The choir led by Bro. H. W. Clark, Church Clerk, rendered excellent music during the session.

Bessemer City is situated on the Southern Rail Road. Heavily loaded trains keep up a ponderous roar by day and make the earth tremble by night. Swift passenger trains are constantly flitting by. At early dawn the whistles of five large cotton mills are signals for numbers of people to rush to their work where they keep time to the hum and whack of the spindle and loom. A home tallent Cornet Band discourses fine music to an appreciative audience while nature's adjacent mountain towers above it all and stands as a protector from storms.

The people of Bessemer City will long be remembered for their exceeding kindness and generous hospitality.

[CLERK.]

The Woman's Annual meeting of the King's Mountain Association was held at Bessemer City on Sept. 20, 1907. Devotional exercises were conducted at 9:30 a. m. by Mrs. Beach, of King's Mountain.

On motion Mrs. K. M. Wilson, of Cherryville, was elected Reading Secretary.

Mrs. T. J. Ramsaur, the Associational Vice-President having resigned, made necessary the election of her successor. Mrs. Wm. Archer, of Shelby, was unanimously elected. Mrs. Archer expressed her acceptance in a few well chosen words. Following the acceptance of Mrs. Archer, Bro. M. E. Parrish addressed the ladies commending them for their wise choice.

Mrs. Ramsaur, the retiring Vice-President, was given a rising vote of thanks for her untiring zeal and love which she manifested during her entire service. This expression of appreciation was graciously responded to by Mrs. Ramsaur.

Mrs. Archer then addressed the societies in regard to the requirements of each member, closing by reading an appropriate tract.

The recommendations of the Woman's Central Committee were read and adopted.

Bro. A. Johnson earnestly presented the claims of the Orphanage, emphasizing the work of the Infirmary soon to be erected.

A letter from the Foreign Mission Board was read by Miss Glascoe. Also one from the Home Board by Miss Kendrick, commenting on these letters, Mrs. Archer emphasized the leading thought, which was the importance of each society reporting regularly each quarter.

Next came an informal discussion of the work of the different societies. The talks were very encouraging and helpful, and each society was heard from.

The possibility of establishing a Missionary paper as a medium of information and communication for the societies was suggested by Mrs. Ramsaur. The motion that the societies have each a paper was made and carried. Mrs. Ramsaur, Mrs. English and Mrs. Poston were appointed a committee to arrange for the publication of the paper.

The Saturday morning session was opened by devo-

tional exercises led by Mrs. Kendrick reading the 103 Psalm followed by a chain of prayer.

A most excellent paper on Sunbeam work was read by Mrs. English. After which came a very interesting discussion on that branch of Mission work. This discussion embraced the necessity of organizing Boys Bands for the boys who, in their opinion had outgrown the Sunbeams. One such band being reported the representatives were urged to use their influence in organizing others. Thereby retaining and interesting those boys who after leaving the Sunbeams are lost to the great work of Missions.

The young ladies' work was presented in a very instructive paper read by Mrs. Archer, who suggested a Mission Study Class as a means for a more effectual Young Ladies' organization. The following resolution was offered :

Resolved, That this Society hereby places on record its hearty appreciation of the cordial reception and kind hospitality of the people of Bessemer City, who have so generously welcomed our delegates to their city and to their homes. And especially for the beautiful spirit of Christian brotherhood which prompted the members of sister churches to open their homes to our delegates. That we also wish to thank the A. R. P. Church for the use of its building for our meetings, thus adding to the pleasure of our stay.

The following delegates in attendance were enrolled :

Mrs. Stroup, President Sunbeams, Bessemer City; Miss Ethel Abbott, Sunbeam, King's Mountain; Miss Harriett Kendrick, Sunbeam, King's Mountain; Miss Cassie McDaniel, President W. M. S., Bethlehem, C.; Mrs. K. M. Wilson, Cherryville, C.; Miss Maggie Glascoe, Poplar Springs; Mrs. Eugenia Poston, Elizabeth, C.; Mrs. Eliza Kendrick, Waco, C.; Mrs. Geo. L. English, Shelby; Mrs. J. W. Wood, Boiling Springs; Miss Fannie E. Green, Double Springs; Miss Myrtle Gladden, Patterson Station; Mrs. W. L. Lynch, Bessemer City; Miss Daisy Carpenter, King's Mountain; Miss Ovida Keeter, Grover.

## CONSTITUTION.

We, the united Baptist churches of Jesus Christ, located partly in the States of North Carolina and South Carolina, having all been immersed upon a profession of our faith in Christ, propose to maintain the order and rules of an Association according to the following plans:

ARTICLE 1. This Association shall be known by the name of the King's Mountain Baptist Association.

2. This Association shall be composed of such members as shall be chosen and recommended by the churches in union.

3. Other churches may become members of this Association by their delegates presenting certificates of their appointment, provided on examination they be found orthodox.

4. The Association shall organize by electing a Moderator, Clerk and Treasurer, who shall hold their appointments until another election, unless displaced by the body.

5. This Association, as an act of Christian courtesy, may invite ministers of our denomination to seats with us in council.

6. This Association, when convened, shall be governed by a regular and proper decorum, which they are authorized to form for themselves.

7. This Association hath an inalienable right to judge what churches shall be admitted to its confederacy.

8. The Association thus formed shall be regarded by us only in the light of an advisory council, with no coercive power "to lord it over God's heritage."

9. This Association shall have power to withdraw from any church in its connection that shall hold corrupt doctrine or indulge in sinful or vicious practices.

10. Every church in union having a membership not exceeding fifty in number shall be entitled to a representation of two delegates and one additional delegate for every increase of fifty over that number.

11. The primary object of this Association shall be "to strive for the unity of the Spirit in the bonds of peace" amongst the churches, the employment of domestic missionaries and to keep up the statistical accounts of the churches in its connection, and, finally, to concentrate our efforts for the advancement of the Redeemer's kingdom on earth and for the deposition of the works of darkness.

12. None but the members of this body shall be allowed a vote in its councils, and a majority shall decide in disposing of and settling all business that may constitutionally come before them.

13. This Association in all cases disclaims the right, in its associate capacity, to settle church difficulties; but when a division occurs and two parties equally claim to be the church, and represent themselves by letter and delegates, this Association shall have the right

to decide at the first or some future meeting of its body thereafter, which party shall be recognized as the constitutional church and entitled to a seat in council.

14. The minutes of the Association shall be read each day and corrected, if need be, by the body, and when the business shall be gone through with, signed by the Moderator and Clerk before the Association rises.

15. Any article of this Constitution may be altered or amended at any annual meeting by a majority of two-thirds of the delegates present voting for the same.

#### RULES OF DECORUM.

1. The Association shall be opened and closed by prayer.
2. The Moderator shall be deemed a judge of order, and shall have a right to call to order at any time; also it shall be his duty to see that the Rules of Order are attended to; to take the opinion of the Association on all questions properly brought before the body.
3. Any member not being satisfied with his decision on any point of order may appeal to the Association on the same day the decision is made, but at no other time.
4. It shall be the duty of the Clerk to keep a regular record of the transactions of the Association.
5. But one person shall speak at a time, and he shall rise to his feet and obtain leave of the Moderator, and when he has done speaking he shall sit down, and shall not speak more than twice on the same question nor more than twenty minutes at a time, unless he obtain permission of the Association.
6. The Moderator, when addressed for leave of speech, shall signify the same by naming of them, or otherwise.
7. No member shall be interrupted while speaking, unless he depart from the subject on hand, or use words of personal reflection, or with a view of calling to order for some particular purpose. Any motion made and seconded shall come under the consideration of the Association, except withdrawn by him who made it.
8. Every case taken up by the Association shall be decided first before another is offered.
9. When anything is taken up by the Association, after allowing time for debate, the Moderator shall put the question, and those in favor of the thing proposed shall say "aye" and those opposed to it shall say "nay," and the Moderator shall procure the decision.
10. No person being a member shall depart the service of the Association without leave.
11. The appellation of "Brother" shall be used in our addresses to each other.
12. The names of the members shall be called as often as necessary.

## Minutes of the King's Mountain Association

13. No member shall be indulged in any practice that has a tendency to interrupt in the time of a public speech, or any other practice that would dishonor the Association.

14. The Moderator shall be entitled to the same privilege of speech as any other member, provided he appoints some other member to his seat while he is speaking, but shall not vote unless the Association be equally divided, then he shall give the casting vote.

15. Any person breaking these rules of order shall be reprov'd at the discretion of the Association, but only on the day the breach was made.

### ABSTRACT OF PRINCIPLES.

1. We believe in one only true and living God—the Father, Son and Holy Ghost—three in one.

2. We believe that the Scriptures of the Old and New Testaments are the Word of God, and the only true rule of faith and practice.

3. We believe in the doctrine of original sin.

4. We believe in man's impotency to recover himself from the fallen state he is in by nature, by his own free will and holiness.

5. We believe in the doctrine of Election, through sanctification of the Spirit and belief of the Truth.

6. We believe that sinners are justified in the sight of God, only by the merit of Jesus Christ.

7. We believe the saint shall persevere in grace, and not finally fall away.

8. We believe that baptism and the Lord's Supper are ordinances of Jesus Christ, and that true believers who have been immersed upon a profession of faith are the only proper subjects of the Lord's table.

9. We believe in the resurrection of the dead, and general judgment.

10. We believe that the joys of the righteous and punishment of the wicked will be eternal.

11. We believe that no minister has a right to the administration of the ordinances, only such as has been called of God, as was Aaron, and regularly baptized and approved by the church, and come under the imposition of hands by a Presbytery.
