Gardner-Webb will be hosting an event called, “Move in God” that will take place on today, at Broyhill Adventure Course, from 3 p.m. to 5 p.m. This event is an active and interactive reflection on Biblical though.

Assistant Director of Student Activities, Kelly Brame, said “Move in God” is a participatory workshop style event featuring what Student Activities calls “kinetic” bible study.

“This event involves experiential learning, which means an active approach (with time for reflection/discussion) to Bible study. Experiential learning can be applied to all kinds of subject matter. Student Activities are trying to apply it to bible study,” said Brame.

Any GWU students, faculty, Staff, and friends are welcomed to this event. It would be good to have participation and constructive feedback.
