## Your Home is an Opera House!

Your radio gives you a box seat in grand opera each  
Saturday afternoon during the current season of New  
York's great Metropolitan Opera Company. Never be-  
fore have the works of the world's greatest operatic  
composers been so brilliantly performed. Never be-  
fore has radio music provided such perfect trans-  
mission and response for the home of music lovers.

The opera broadcast is the most exciting and em-  
bracing scope of radio's service to the nation. Music,  
entertainment, drama, education, news—every type of  
message that the broadcast air can receive, radio brings  
with accessible realism the speed of light waves.  
Clear and painless to the ear. Music and California,  
Texas, Tennessee and Florida are now being broadcast.

"Welcome, Neighbor!"

The Radio Corporation of America cordially invites all radio  
enthusiasts to learn to use this wonderful program.

**METROPOLITAN OPERA**—An exciting program, every Sat-  
urday afternoon from 7:30 to 9:00 P.M., E.S.T.  
Both programs can be seen over the radio with the  
Metropolitan Broadcasting Company. All you need is a radio  
for a live copy of the new standard edition. The Story of  
the Opera. It describes the history and traditions of the

# The Strangest of the Arts

By John Hix

Whereas the creator of "Strangest of the Arts" tells some amusing facts about painter, dancer, folk illustrations by the author

**T**HE ARTIST'S craft is a mystery to many people. They wonder how a painter can produce a picture that is so beautiful and so expressive. They wonder how a dancer can move so gracefully and so powerfully. They wonder how a folk artist can create a picture that is so simple and so beautiful.

These are the questions that I have asked myself many times. I have tried to find out the secrets of these arts, but I have not been able to do so. I have only been able to tell you some of the things that I have learned.

## The Star Spangled Banner

**M**OST of us know the story of the Star Spangled Banner. It is a story of a brave man who fought for his country. It is a story of a man who was shot in the chest, but who refused to give up. It is a story of a man who was shot in the chest, but who refused to give up.

The young Greek hero shows his shield and returned out of danger when the Star Spangled Banner did his own part to do it.

# The Remarkable Abbé ("ABT") Vogler

The Hero of Browning's Famous Poem

A striking picture of a forgotten composer, teacher and composer of the ages; who taught two famous masters, and who also wrote what were probably the first popular named instruction books

By Dr. Hertha Schweiger

**I** ABT VOGLER is known as a composer of the great Romantic era, and of the most interesting musical scene of the 19th century. He was born in 1769 in the village of Vogler in the Tyrol. He was a pupil of M. C. W. Bach, and of the great composer, Joseph Haydn. He was the first to introduce the piano into the orchestra, and he was the first to introduce the piano into the orchestra.

## JAPANESE DOLL DANCE

This is an excellent piece for developing good accuracy in playing repeated chords. The melody throughout is of genuine and correct by the folk ballad and the upper voice of the right hand is divided to give the Golden Bells' melodic which is the Western use of Oriental notes. The tempo is steady and the rhythm should be well marked. The triplet figure in the second section should be given individual practice and attention. Also it may present a new technical treatment to some young pianists Grade 4p.

## ORGAN AND CHOIR QUESTIONS

Answered

By HARRY S. ETT, Miss. Inst.  
Member of the American Music Council, N. Y. C.

My question will be answered in this column. I have received the following questions from several teachers and students, and I am glad to answer them. The questions are as follows:

1. What is the best way to teach the organ? 2. How should the choir be trained? 3. What are the best methods for teaching the organ and choir? 4. How should the organ and choir be combined in a service?

1. The best way to teach the organ is to start with the fundamentals. The student should learn the basic techniques of playing the organ, such as fingering, pedaling, and registration. After the student has mastered these basics, he should be encouraged to explore the various styles of organ music, from the Baroque to the modern.

2. The choir should be trained in a systematic way. The teacher should start with the fundamentals of singing, such as posture, breath control, and pitch accuracy. After the student has mastered these basics, he should be encouraged to explore the various styles of choral music, from the Gregorian chant to the modern.

3. The best methods for teaching the organ and choir are to use a variety of materials and techniques. The teacher should use a combination of books, records, and live performances. He should also use a variety of teaching techniques, such as demonstration, imitation, and discussion.

4. The organ and choir should be combined in a service in a way that is both practical and artistic. The teacher should choose music that is suitable for the organ and choir, and he should arrange the service in a way that allows the organ and choir to work together effectively. The service should be planned in advance, and the organ and choir should be rehearsed thoroughly before the service.

## The Violin's Finger Nails

By John L. O'Brien, Jr.

A very common fault among violinists is the lack of the proper nail on the first finger. This is because the nail is often broken or worn away. The nail should be kept at a certain length and should be filed to a certain shape. The nail should be kept at a certain length and should be filed to a certain shape.
