Gardner-Webb Applications in Chemistry Series Features Dr. Carole Roberts on March 31

BY OFFICE OF UNIVERSITY COMMUNICATIONS ON MARCH 23, 2023

Alumna to Share How GWU Prepared her for Dental School and her Career

BOILING SPRINGS, N.C.—Dr. Carole Roberts, a chemistry alumna of Gardner-Webb University, will visit the Department of Natural Sciences (<https://gardner-webb.edu/academics/colleges-schools/arts-and-sciences/natural-sciences/>) on Friday, March 31, for the Application in Chemistry Series. She will speak at 2 p.m. in the Gardner-Webb Laboratory Center, Room 117.

After receiving her Bachelor of Science in Chemistry from GWU, Roberts earned her Doctor of Dental Surgery from the Medical College of Virginia. “I was super excited when Dr. (Ben) Brooks asked me to come speak to the students on dentistry and my time at Gardner-Webb,” Roberts stated. “Gardner-Webb played an important role in helping me to grow as a student and a Christian. I loved and respected all of my instructors and thrived in the small classroom setting. I look forward to getting back

on campus, seeing how things have changed, seeing how some things haven't changed, and hopefully inspiring the next generation to reach for their academic goals.”

Roberts received both academic and athletic scholarships to GWU. She was a standout student-athlete on the women's basketball team and in 2008 received the Distinguished Lady Bulldogs Alumni award. She is also a former member of the Gardner-Webb Board of Trustees. She practices at Crossroads Family Dentistry in Forest, Va.

The program is open to students, faculty and staff.

Auxiliary aids will be made available to persons with disabilities upon request 10 working days prior to the event. Please call 704-406-4270 or email disabilityservices@gardner-webb.edu with your request.

Gardner-Webb University is North Carolina's recognized leader in private, Christian higher education. A Carnegie-Classified Doctoral/Professional University, GWU is home to nine colleges and schools, more than 80 undergraduate and graduate majors, and a world-class faculty. Located on a beautiful 225-acre campus in Boiling Springs, N.C., Gardner-Webb prepares graduates to impact their chosen professions, equips them with the skills to advance the frontiers of knowledge, and inspires them to make a positive and lasting difference in the lives of others.
